Spigen Qi2 15W Magnetic Car Mount Charger with Ultra Cooling Fan

Model: ACP09569

1. INTRODUCTION

Thank you for choosing the Spigen Qi2 15W Magnetic Car Mount Charger. This device provides fast wireless charging for compatible iPhone models (12 series and newer) while securely mounting your phone in your vehicle. Featuring an ultra-cooling fan and magnetic attachment, it ensures efficient and safe charging during your travels.

Image 1.1: Spigen Qi2 15W Magnetic Car Mount Charger in use.

This manual provides detailed instructions for installation, operation, maintenance, and troubleshooting to ensure optimal performance of your charger.

2. PACKAGE CONTENTS

Please verify that all items are present in your package:

- Spigen Qi2 15W Magnetic Car Mount Charger Head
- Air Vent Clip
- 1.5 m USB-C to USB-C Cable

Note: A car charging adapter (cigarette lighter socket) with 9V/3A (27W) or higher output is required and not included.

3. SETUP INSTRUCTIONS

1. **Attach the Air Vent Clip:** Securely attach the air vent clip to the back of the charger head. Ensure it is firmly locked into place.
2. **Install in Vehicle:** Choose a suitable air vent in your car. The universal vent clip design fits most vehicles. Insert the clip onto an air vent blade. Ensure the anti-slip pad is positioned correctly for

stability. The clip clasps onto air vent blades 2.5-6mm thick and requires at least 7.5mm distance between blades.

3. **Connect Power:** Connect one end of the provided 1.5m USB-C to USB-C cable to the charging port on the car mount charger. Connect the other end to a compatible car charging adapter (not included) plugged into your vehicle's power outlet.

Image 3.1: Installation of the air vent clip and charger.

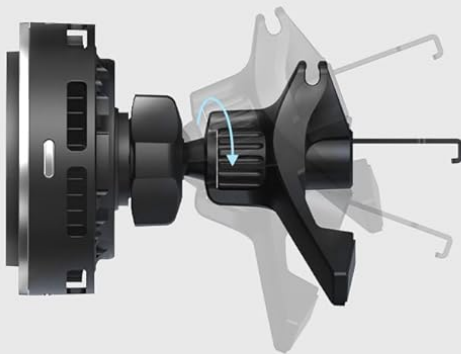

4. OPERATING INSTRUCTIONS

1. **Mounting Your Phone:** Place your MagSafe-compatible iPhone (or iPhone with a MagSafe-compatible case) onto the magnetic charging surface of the mount. The strong N52 magnets will securely hold your device in place, even on rough roads.

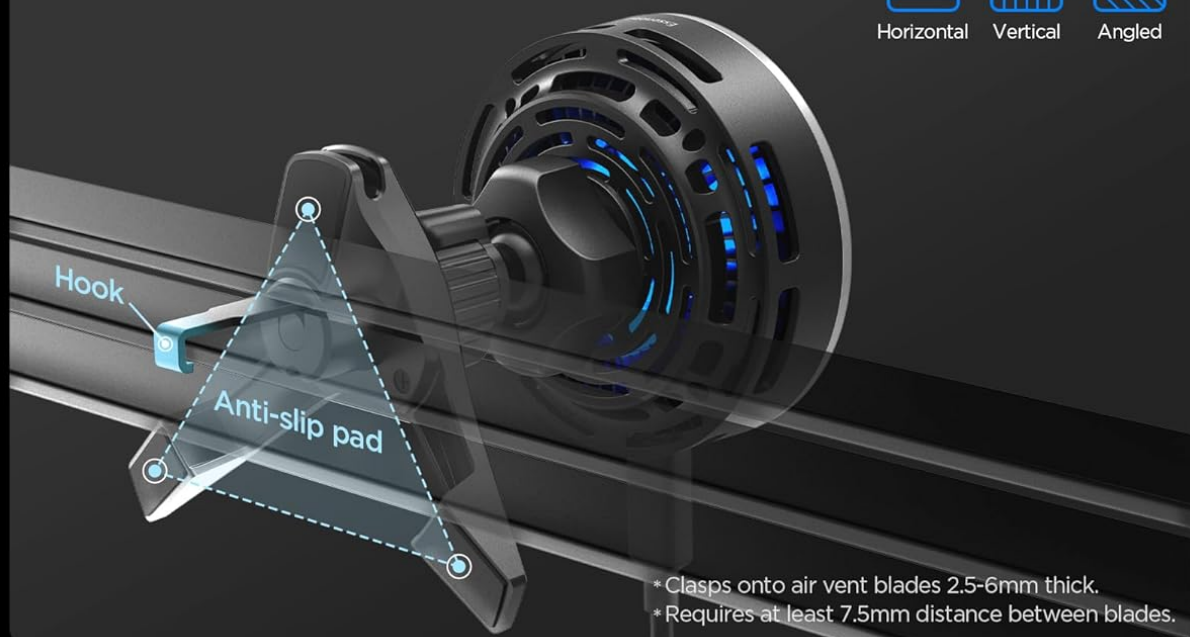

2. **Wireless Charging:** Once your phone is correctly aligned, the Qi2 15W fast wireless charging will begin automatically. The charger delivers 15W power for efficient charging.
3. **Cooling Fan Operation:** The integrated Peltier cooling element and silent fan will activate automatically to prevent overheating during charging, ensuring stable and high-speed performance. The fan noise is designed to be minimal (as low as 43.9dB).
4. **Ambient LED Lighting:** The charger features ambient LED lighting. The charging LED slowly pulses in an elegant ice blue. You can control and customize the LED lighting with the dedicated button on the device, or turn it off completely if preferred.

Stable Installation & Perfect Viewing Angles.

360° Rotation.

Hooks on strong.

*Clasps onto air vent blades 2.5-6mm thick.
*Requires at least 7.5mm distance between blades.

Image 4.1: Strong magnetic attachment of the phone to the charger.

Universal Compatibility.

✓ iPhone 17~12 Series, Pixel 10 Series

✓ MagSafe Case

- * MagSafe Case is not included.
- * Not compatible with non-MagSafe phone cases.
- * Please check if your device supports MagSafe charging.
- * Please use a power supply with 9V/3A (27W) or higher output (not included).

5. MAINTENANCE

To ensure the longevity and optimal performance of your Spigen car mount charger, follow these simple maintenance guidelines:

- **Cleaning:** Gently wipe the surface of the charger and air vent clip with a soft, dry cloth. Avoid using abrasive cleaners, solvents, or harsh chemicals.
- **Avoid Liquids:** Do not expose the charger to water or other liquids. If it accidentally gets wet, disconnect it immediately and allow it to dry completely before reuse.
- **Storage:** When not in use for extended periods, store the charger in a cool, dry place away from direct sunlight and extreme temperatures.

6. TROUBLESHOOTING

If you encounter issues with your Spigen Qi2 15W Magnetic Car Mount Charger, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Phone not charging	<ul style="list-style-type: none">• Improper phone alignment• Incompatible phone case• Insufficient power input• Cable not connected properly	<ul style="list-style-type: none">• Ensure phone is centered on the charging pad.• Use a MagSafe-compatible case or no case.• Verify car adapter provides 9V/3A (27W) or higher.• Check USB-C cable connections at both ends.
Charger overheating	<ul style="list-style-type: none">• Environmental factors• Faulty power source	<ul style="list-style-type: none">• The built-in cooling fan should prevent overheating. If it persists, ensure proper air circulation around the unit.• Use a certified car charging adapter.
Phone unstable on mount	<ul style="list-style-type: none">• Improper vent clip installation• Non-MagSafe phone/case	<ul style="list-style-type: none">• Ensure the air vent clip is securely attached to the vent blade.• Confirm your phone or case is MagSafe-compatible.
LED lights not working	<ul style="list-style-type: none">• Power issue• LEDs turned off	<ul style="list-style-type: none">• Check power connection.• Press the dedicated button to cycle through LED settings or turn them on.

If the problem persists after trying these solutions, please contact Spigen customer support for further assistance.

7. SPECIFICATIONS

- **Model Number:** ACP09569
- **Product Dimensions:** 10.5 x 8.7 x 10.5 cm
- **Item Weight:** 152 g
- **Connectivity:** USB Type C
- **Input Voltage:** 12 Volts
- **Amperage:** 8 Amps
- **Wattage:** 15 Watts

- **Compatible Devices:** iPhone 12, 13, 14, 15, 16, 17 series (MagSafe compatible)
- **Color:** Black
- **Manufacturer:** Spigen
- **Country of Origin:** China
