OPERATING INSTRUCTIONS

2. **To Open:** Lift the drop leaf upwards until it is level with the main tabletop. Pull the support mechanism outwards until it locks securely into place underneath the leaf. Ensure the support is fully extended before placing items on the extended leaf.

MAINTENANCE

Proper care will extend the life and appearance of your dining set.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish. The tabletop is designed to be heat-resistant and waterproof for easy cleaning.
- **Spills:** Clean spills immediately to prevent staining, especially on the engineered wood surfaces.
- **Tighten Hardware:** Periodically check and tighten all screws and bolts to ensure the stability of the table and chairs.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading or warping of the wood material.

TROUBLESHOOTING

If you encounter any issues with your dining set, refer to the following common solutions:

- Wobbly Table/Chairs:** Ensure all assembly hardware is fully tightened. Check that the furniture is placed on a level surface. Adjust non-slip foot pads if necessary.
- Drop Leaves Not Locking:** Verify that the support mechanisms are fully extended and engaged when opening the leaves. Check for any obstructions in the hinge mechanism.
- Difficulty Assembling:** Re-read the assembly instructions carefully. Ensure you are using the correct hardware for each step. Do not force components together. If screws do not fit, double-check part orientation.
- Minor Cosmetic Imperfections:** Small nicks or paint chips can sometimes occur during shipping. For significant damage, contact customer support.
