4. SETUP

Follow these steps to set up your LIGE FV17 Smart Watch and pair it with your smartphone.

4.1 Charging the Device

Before initial use, fully charge your smartwatch. Connect the magnetic charging cable to the charging points on the back of the watch and plug the USB end into a power adapter (not included) or a computer's USB port. A full charge typically takes about 1.5 hours.

4.2 App Installation and Pairing

- 1. Download the App:** Scan the QR code provided in the manual or on the watch screen, or search for "Fit CloudPro" in your smartphone's app store (compatible with iOS 9.0+ and Android 5.0+). You can also visit http://fitcloud.hetangsmart.com/qrcode/_cn/ to download.
- 2. Enable Bluetooth:** Ensure Bluetooth is enabled on your smartphone.
- 3. Open App and Pair:** Open the Fit CloudPro app, create an account if necessary, and navigate to the device section. Select "Add Device" and choose "FV17" from the list of available devices. Confirm the pairing request on both your phone and the watch.
- 4. Enable Call Audio:** After successful connection, go to your phone's Bluetooth settings and ensure that "Call audio" is enabled for the FV17 device. This allows you to make and receive calls directly from the watch.

5. OPERATING INSTRUCTIONS

Navigate your smartwatch using the touchscreen and physical button. Swipe gestures and taps control most functions.

5.1 Basic Navigation

- **Swipe Up/Down:** Scroll through menus and notifications.
- **Swipe Left/Right:** Access quick functions or different widgets.
- **Tap:** Select an item or confirm an action.
- **Press Button:** Return to the home screen or power on/off the device.

5.2 Smart Features

The LIGE FV17 offers a range of smart features to assist you throughout your day:

- **Alarm Clock:** Set multiple alarms through the app to wake up or for reminders.
- **Weather Display:** View current weather conditions and forecasts directly on your wrist (requires app synchronization).
- **Music Control:** Play, pause, skip tracks, and adjust volume for music playing on your connected smartphone.
- **Camera Control:** Use your watch as a remote shutter for your phone's camera.
- **Sedentary Reminder:** Receive alerts when you've been inactive for too long, encouraging you to move.
- **Water Reminder:** Get reminders to drink water throughout the day to stay hydrated.
- **Flashlight:** Activate a simple flashlight function on the watch screen.
- **Calculator:** Perform basic calculations directly on the watch.

6. HEALTH MONITORING

The LIGE FV17 Smart Watch is equipped with advanced sensors to monitor various health metrics, providing insights into your well-being.

6.1 Heart Rate Monitoring

The watch continuously tracks your heart rate throughout the day. View real-time data on the watch or detailed historical data in the Fit CloudPro app.

6.2 Sleep Monitoring

Wear your watch to bed to track your sleep patterns. The watch records awake time, light sleep, and deep sleep, providing a comprehensive analysis of your sleep quality in the app.

7. SPORTS MODES

The LIGE FV17 Smart Watch supports over 100 sports modes, allowing you to track various activities and monitor your performance.

7.1 Activity Tracking

For each sport mode, the watch records key metrics such as steps taken, distance covered, calories expended, and exercise duration. This data helps you train effectively and monitor your progress.

8. CUSTOMIZATION

Personalize your LIGE FV17 Smart Watch to match your style and preferences.

8.1 Watch Faces

Choose from 5 pre-installed watch faces or explore over 200 additional designs available in the Fit CloudPro app. You can also customize your own watch face using personal photos.

9. NOTIFICATIONS & CALLS

Stay connected and informed with Bluetooth calling and smart notifications.

9.1 Bluetooth Calling

With its built-in microphone and high-fidelity speaker, the LIGE FV17 allows you to make, receive, and reject calls directly from your wrist when connected to your smartphone via Bluetooth.

9.2 Message Notifications

Receive SMS and notifications from popular social media platforms like WhatsApp, Facebook, and Instagram directly on your watch. This feature ensures you never miss important messages, even during workouts.

Image: The LIGE FV17 Smart Watch showing incoming message notifications from social media applications.

9.3 AI Voice Assistant

Utilize the integrated AI voice assistant for hands-free control and quick access to information.

10. BATTERY & CHARGING

The LIGE FV17 Smart Watch is designed for efficient power management.

10.1 Charging

Use the provided magnetic charging cable. Align the magnetic pins with the charging contacts on the back of the watch. Charging time is approximately 1.5 hours.

10.2 Battery Life

Under typical usage, the watch offers 3-5 days of battery life. In standby mode, it can last 7-10 days. Continuous use of all functions may shorten battery life.

Image: Information on the LIGE FV17 Smart Watch's battery life and magnetic charging method.

11. WATER RESISTANCE

The LIGE FV17 Smart Watch has an IP68 water resistance rating.

11.1 IP68 Rating

This rating means the watch is protected against dust ingress and can withstand immersion in water up to 1.5 meters for 30 minutes. It is suitable for daily use, such as hand washing, rain, and splashes. It is not recommended for swimming, diving, or hot showers/saunas as steam and hot water can compromise the seal.

Image: The LIGE FV17 Smart Watch highlighting its IP68 water resistance for everyday use.

12. MAINTENANCE

Proper care and maintenance will extend the lifespan of your smartwatch.

- **Cleaning:** Regularly wipe the watch screen and straps with a soft, dry cloth. For stubborn dirt, use a slightly damp cloth and mild soap, then dry thoroughly.
- **Avoid Chemicals:** Do not use harsh chemicals, cleaning solvents, or strong detergents, as these can damage the watch's finish and seals.
- **Temperature:** Avoid exposing the watch to extreme temperatures (hot or cold) or sudden temperature changes.
- **Impact:** Protect the watch from strong impacts or drops, which can damage the internal components or screen.

- **Charging Contacts:** Keep the charging contacts on the back of the watch clean and free of debris to ensure efficient charging.

13. TROUBLESHOOTING

If you encounter issues with your LIGE FV17 Smart Watch, refer to the following common solutions.

Problem	Possible Solution
Watch does not turn on	Ensure the watch is fully charged. Press and hold the side button for several seconds.
Cannot pair with smartphone	1. Ensure Bluetooth is enabled on your phone. 2. Make sure the watch is within range of your phone. 3. Restart both the watch and your phone. 4. Ensure the Fit CloudPro app has necessary permissions (location, Bluetooth). 5. Try unpairing and re-pairing the device through the app.
No notifications received	1. Check if notifications are enabled in the Fit CloudPro app. 2. Ensure the app has notification access permissions on your phone. 3. Verify that the watch is connected to your phone via Bluetooth. 4. Disable any 'Do Not Disturb' modes on both your phone and watch.
Inaccurate health data	1. Ensure the watch is worn snugly on your wrist, not too tight or too loose. 2. Clean the sensor on the back of the watch. 3. Avoid excessive movement during measurements (e.g., heart rate).
Short battery life	1. Reduce screen brightness. 2. Limit the use of power-intensive features like continuous heart rate monitoring or frequent calls. 3. Turn off unnecessary notifications. 4. Ensure the watch is fully charged each time.
App sync issues	1. Ensure a stable internet connection on your phone. 2. Close and reopen the Fit CloudPro app. 3. Clear the app's cache or reinstall the app if problems persist.
