Nulaxy NX16, KM26

Nulaxy Bluetooth Car Adapters and Chargers User Manual

Models: NX16 & KM26

INTRODUCTION

This manual provides detailed instructions for the Nulaxy Bluetooth Car Adapters and Chargers, specifically covering models NX16 and KM26. These devices are designed to enhance your in-car experience by providing fast charging capabilities, Bluetooth connectivity for audio streaming and hands-free calls, and other convenient features. Please read this manual thoroughly before using the product to ensure proper operation and to maximize its performance and longevity.

PRODUCT OVERVIEW

The Nulaxy product package includes two distinct car accessories:

- **Nulaxy NX16:** A 54W Bluetooth 5.3 Car Adapter with 4 charging ports (PD 36W & QC3.0 18W). It features colorful lighting and a bass boost function.
- **Nulaxy KM26:** An 80.5W Bluetooth 5.3 Retractable Car Charger with 3 charging ports (65W PD & 12W USB-A) and an integrated retractable cable.

SETUP GUIDE

Initial Setup for Both Devices:

- 1. Insert into Car Socket:** Plug the device firmly into your vehicle's cigarette lighter or 12V power outlet.
- 2. Power On Car:** Start your car engine. The device should power on automatically and its display will illuminate.
- 3. FM Frequency Setting (if applicable):** If the device has an FM transmitter function, the display will show an FM frequency. Tune your car radio to an empty FM frequency (one with no static or existing radio station). Then, adjust the device's FM frequency to match your car radio's frequency. Refer to the specific device's operating instructions for frequency adjustment.

4. Bluetooth Pairing:

- On your mobile device, enable Bluetooth.
- Search for available Bluetooth devices. The device name will typically be "NX16" or "KM26" (or similar Nulaxy model name).

- Select the device name to pair. Once paired, a voice prompt or display indicator will confirm the connection.

OPERATING INSTRUCTIONS

Nulaxy NX16 (54W Bluetooth Car Adapter)

The NX16 is designed for high-speed charging and superior audio streaming.

- **Charging:** Utilize the PD 36W and QC3.0 18W ports for rapid charging of compatible devices. The four-port design allows for simultaneous charging.
- **Bluetooth Audio:** Once paired, stream music, podcasts, and navigation audio from your mobile device to your car's stereo system via FM transmission.
- **Hands-Free Calling:** Answer, reject, or redial calls directly from the device. The built-in microphone ensures clear communication. Supports voice commands for enhanced safety.
- **Bass Boost:** Press the dedicated "BASS" button to activate enhanced bass effects for a richer audio experience.
- **Colorful Lighting:** The device features a five-color lighting design, providing visual feedback and improving visibility in low-light conditions.

54W High-Power:

Superior Charging Efficiency

30min Quick Charge, 8h Music Enjoyment

Nulaxy KM26 (80.5W Retractable Car Charger)

The KM26 offers powerful charging with the convenience of a retractable cable and Bluetooth connectivity.

- **Fast Charging:** Features a 65W PD port and a 12W USB-A port, along with a retractable cable for versatile and efficient charging of up to three devices simultaneously.

- **Retractable Cable:** The integrated 35.4-inch retractable cable provides a tidy charging solution, reaching both front and rear seats. Extend and retract the cable as needed.
- **Bluetooth Connectivity:** Connects to your mobile device via Bluetooth 5.3 for audio streaming and hands-free calls, similar to the NX16.
- **CarPlay/Android Auto Support:** Supports data transmission for CarPlay and Android Auto, allowing seamless integration with your car's infotainment system.

MAINTENANCE

- Cleaning:** Use a soft, dry cloth to clean the surface of the device. Do not use liquid cleaners or aerosols.
- Storage:** When not in use for extended periods, store the device in a cool, dry place away from direct sunlight and extreme temperatures.
- Cable Care (KM26):** Gently extend and retract the cable. Avoid pulling or forcing the cable excessively to prevent damage to the retraction mechanism.

- **Avoid Moisture:** Keep the device away from water and other liquids.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Device does not power on.	Loose connection; car socket issue; car engine not running.	Ensure the device is firmly plugged in. Check if the car's cigarette lighter socket is working. Start the car engine.
Cannot pair via Bluetooth.	Bluetooth not enabled on phone; device not in pairing mode; interference.	Ensure Bluetooth is enabled on your phone. Restart both the device and your phone. Try pairing in a different location to avoid interference.
Poor audio quality/static.	FM frequency interference; volume too low.	Change to a clearer FM frequency on both the device and your car radio. Adjust volume levels on both the device and your car stereo.
Device not charging.	Cable issue; device not compatible with fast charging port; loose connection.	Ensure charging cable is securely connected. Verify your device supports the fast charging protocol (PD/QC). Try a different charging port or cable.

SPECIFICATIONS

- **Brand:** Nulaxy
- **Models:** NX16, KM26
- **Bluetooth Version:** 5.3 (for both models)
- **NX16 Charging Output:** 54W total (PD 36W, QC3.0 18W)
- **KM26 Charging Output:** 80.5W total (65W PD, 12W USB-A)
- **KM26 Retractable Cable Length:** 35.4 inches
- **ASIN:** B0FD3M9GJ7
- **Other Features:** Wireless connectivity, colorful lighting (NX16), bass boost (NX16), hands-free calling, CarPlay/Android Auto support (KM26).
- **First Available:** June 9, 2025
