JOYTUTUS Dual-Use Pop-Up SUV Tent Instruction Manual

Model: H1201-01015-GR

1. INTRODUCTION

Thank you for choosing the JOYTUTUS Dual-Use Pop-Up SUV Tent. This manual provides essential information for the safe and efficient setup, operation, and maintenance of your tent. Please read all instructions carefully before use.

2. SAFETY PRECAUTIONS

- Always ensure the tent is securely anchored with all provided wind ropes and ground nails to prevent collapse in windy conditions.
- Do not use the tent near open flames or heat sources.
- Avoid setting up the tent under trees with dead branches or in areas prone to falling debris.
- Ensure proper ventilation when using the tent, especially if using any heating or cooking appliances inside (not recommended).
- Keep children and pets away from the tent during setup and takedown.
- The tent is designed for temporary outdoor use. Do not use it as a permanent structure.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all components are present:

- Tent Body (x1)
- Rainfly (x1)
- Channel Cloth (for SUV connection) (x1)
- Fiberglass Poles (for main structure)
- Door Levers (x3) & Door Ends
- Ground Nails (x14 + 2 additional)

- Adjustable Wind Ropes (x6 + 2 additional)
- Storage Bags (for tent, ground nails, door levers)

Note: The packaging is relatively large and heavy. We recommend using a trolley for more convenient transportation.

4. SETUP INSTRUCTIONS

For a quick and correct installation, it is recommended that two people set up the tent together. Please refer to the detailed video instructions for visual guidance.

4.1. Pop-Up Gazebo Setup (Standalone Mode)

1. Unpack the tent from its storage bag.
2. Lay the tent body flat on the ground, ensuring the 6-sided hollow starry sky top is spread out.
3. **Two-Person Setup:** One person holds up the top inside the tent, while the other person assists from the outside by pulling the sides.
4. **One-Person Setup (Method 1):** Hold up the top first, then pull the sides. Place your left foot against the lower left corner of a side, your left hand against the upper left corner, and your right foot against the middle. Use your right hand to hold the middle rope and pull it up.
5. **One-Person Setup (Method 2):** Pull two sides up first, then hold up the top.
6. Once the main structure is popped up, connect the three door levers. Two long levers are for the sides of the front door, and one short lever is for the top. Insert the side poles into the rod caps at the bottom and top.
7. Tie the ropes to secure the top pole and fasten all ropes to the poles.
8. Cover the tent with the rainfly, ensuring it is properly aligned.
9. Hook the six corner loops onto the tent frame.
10. Tie the wind ropes and fix all ground nails securely into the ground.

4.2. SUV Tent Setup (Vehicle Connection Mode)

1. Follow steps 1-9 from the Pop-Up Gazebo Setup.
2. Position the tent next to your SUV, ensuring the channel cloth (with the zipper facing the back door) is aligned with the vehicle's rear.
3. Pull the channel cloth top onto the car roof.
4. Hook the side hooks onto the car's door handles and wheels on both sides to secure the channel cloth to the vehicle.
5. For larger vehicle models, you can open the zipper on the channel cloth to adjust the tail size for a better fit.
6. Tie the wind ropes and fix all ground nails securely into the ground.

5. OPERATING AND FEATURES

The JOYTUTUS Dual-Use Pop-Up SUV Tent offers versatile functionality and comfort for your outdoor adventures.

5.1. Dual-Use Design

This tent can be used in two primary configurations:

- **Standalone Gazebo:** Use it independently as a spacious outdoor shelter.
- **SUV Tent:** Connect it to your SUV, MPV, CUV, or small RV to create an extended living space. The rear tent provides a private area for rest or changing clothes. The tent's size can be adjusted via an upper zipper to accommodate different vehicle models.

5.2. Spacious Interior

The tent features a 2-in-1 design with two rooms, offering a large living area and a separate bedroom or dressing room. It covers an area of 11' x 11' (121 square feet) and can comfortably accommodate up to 8 people.

5.3. Starry Sky Top

Enjoy stargazing at night or blue sky viewing during the day through the big top mesh starry roof. When

the sun is strong or it rains, cover it with the included rainfly for protection. Two storage bags are located in the middle of the roof for convenient storage of small items.

5.4. Weather Resistance & Stability

Constructed from 210D Oxford cloth with a waterproof rainfly, the tent offers protection against moderate rain. The structure is supported by 12 mm fiberglass poles, ensuring strong support. Enhanced stability is provided by six adjustable wind ropes and 14 ground nails (plus 2 additional), with extra ground nails concealed beneath the gazebo skirt's cover cloth.
