## SETUP GUIDE

Follow these steps to set up your GNCC Indoor Security Camera:

- Power On:** Connect the camera to the power adapter using the provided USB cable and plug it into a power outlet. The camera's indicator light will flash red when ready for connection.
- Download Osaio App:** Download the 'Osaio' app from Google Play Store or Apple App Store.
- Account Setup:** Open the Osaio app and create an account or log in.
- Add Device:** Follow the in-app instructions to add your new camera. Ensure your phone's Bluetooth is enabled. The

app will guide you through connecting the camera to your 2.4GHz Wi-Fi network.

5. **Placement:** Position the camera in your desired indoor location. The camera base allows for tabletop placement or wall mounting using the included screws or adhesive. The camera head can be manually adjusted for optimal viewing angle.

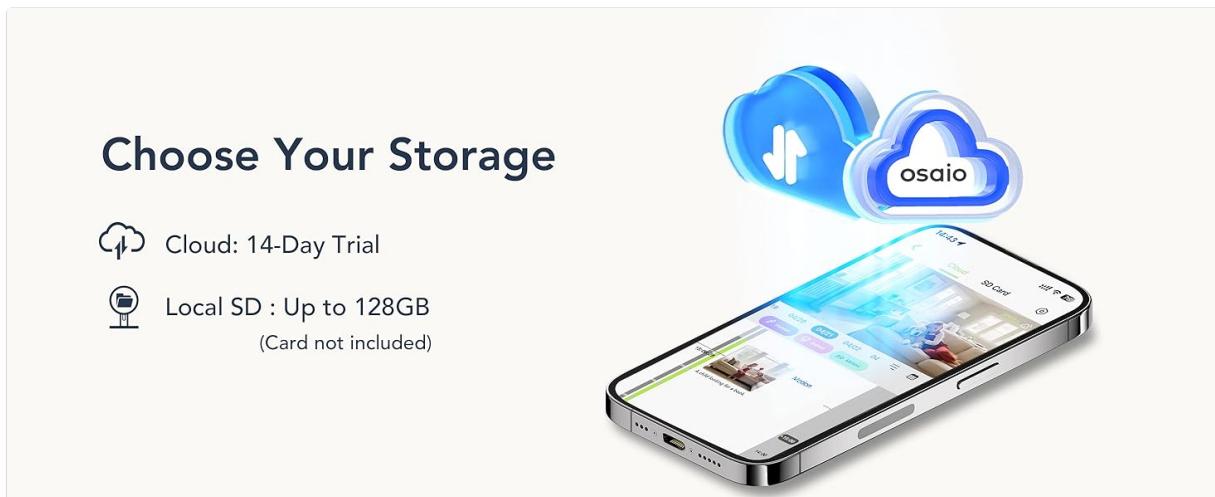

Image detailing the easy setup process: 1. Plug in the camera, 2. Download/Open OSAIO App, 3. Turn on Bluetooth, 4. Wait for pop-up -> Add Device, 5. Name device -> Success!

## Stick - Plug - Done

- Tools-free install-Strong 3M adhesive for walls/ceilings
- 2m extended cable-Flexible reach to outlets
- Adjustable angle-Perfect view, every time

Image showing flexible mounting options for the GNCC Indoor Cam, including adhesive for walls/ceilings and a 2m extended cable for flexible reach.

## Connecting to Amazon Alexa

Video tutorial demonstrating the steps to connect the GNCC Indoor Security Camera to Amazon Alexa using the Alexa app and OSAIO account.

## OPERATING INSTRUCTIONS

Once your camera is set up, you can operate it using the OSAIO app:

- **Live View:** Tap on your camera in the app to access the live video feed.
- **Motion & Sound Alerts:** Receive instant notifications on your phone when motion or sound is detected. Customize activity zones to focus on specific areas.
- **Two-Way Audio:** Use the microphone icon in the app to speak through the camera's speaker, and listen through its microphone.
- **Night Vision:** The camera automatically switches to night vision in low light, providing clear black and white images.
- **Playback:** Access recorded footage from your microSD card or cloud storage through the app's playback feature.
- **Privacy Mode:** Activate privacy mode with a single tap to turn off recording and live viewing when not needed.

- **Multi-Camera View:** If you have multiple GNCC cameras, view them all simultaneously within the app.

## Safe when needed, private when not

- ✓ Camera off with 1 tap
- ✓ No recordings, no sharing
- ✓ Just your safe little nest

## STORAGE OPTIONS

The GNCC Indoor Security Camera offers flexible storage solutions for your video recordings:

- Local MicroSD Card Storage:** Insert a microSD card (up to 128GB, not included) into the camera for local storage of recordings.
- Cloud Storage:** Utilize the secure cloud service for off-site storage. A 14-day free trial is typically available, with optional subscription plans thereafter.

See in total  
darkness

Watch pets or family  
anytime, anywhere

Image detailing storage options: 14-day Cloud Trial and Local SD storage up to 128GB (card not included).

## MAINTENANCE

To ensure optimal performance and longevity of your GNCC Indoor Security Camera, follow these maintenance guidelines:

- Cleaning:** Regularly clean the camera lens and body with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- Firmware Updates:** Check the Osaio app periodically for available firmware updates. Keeping your camera's firmware up-to-date ensures you have the latest features, security patches, and performance improvements.
- Power Supply:** Use only the original power adapter and cable provided with the camera.

- **Environmental Conditions:** Ensure the camera is kept within its recommended operating temperature and humidity ranges.

## TROUBLESHOOTING

---

If you encounter issues with your GNCC Indoor Security Camera, refer to the following common troubleshooting steps:

- **Camera not connecting to Wi-Fi:**

- Ensure your Wi-Fi network is 2.4GHz. The camera does not support 5GHz Wi-Fi.
- Verify the Wi-Fi password entered in the Osaio app is correct.
- Move the camera closer to your Wi-Fi router to improve signal strength.
- Restart your Wi-Fi router and the camera.

- **No motion or sound alerts:**

- Check the Osaio app settings to ensure motion and sound detection are enabled.
- Verify that activity zones are correctly configured and cover the desired areas.
- Ensure app notifications are enabled on your smartphone.

- **Poor image quality:**

- Clean the camera lens with a soft, dry cloth.
- Ensure adequate lighting in the monitored area, especially for night vision performance.
- Check your Wi-Fi connection speed; a weak signal can affect video streaming quality.

- **Two-way audio issues:**

- Check microphone and speaker settings within the Osaio app.
- Ensure your smartphone's volume is turned up.
- Minimize background noise in both locations during two-way communication.

## SPECIFICATIONS

---

Feature	Specification
Brand	GNCC
Model Name	GC3-4P
Item Model Number	GC3E4
Indoor/Outdoor Usage	Indoor
Connectivity Protocol	Wi-Fi (2.4GHz only)
Connectivity Technology	Wired
