GNCC GC3B-1P

GNCC 1080P Indoor Security Camera User Manual

Model: GC3B-1P

INTRODUCTION

Thank you for choosing the GNCC 1080P Indoor Security Camera. This manual provides detailed instructions for setting up, operating, and maintaining your camera to ensure optimal performance and security for your home. This camera offers high-definition video, advanced detection features, and two-way audio communication.

WHAT'S IN THE BOX

Please check the contents of your package. If any items are missing or damaged, contact customer support.

- Indoor camera
- Power Adapter
- Instruction Manual
- Mounting Screw
- 2m power cord

Image: All components included in the GNCC Indoor Camera package, neatly laid out on a wooden surface.

PRODUCT FEATURES

The GNCC Indoor Security Camera is equipped with several features designed to enhance your home security and monitoring experience:

- **1080P Full HD Resolution:** Provides clear and detailed video monitoring.
- **15m Night Vision:** Built-in infrared LEDs enable clear vision up to 15 meters in low-light conditions.
- **Smarter AI Detection:** Advanced AI (subscription required) for identifying people, pets, vehicles, and packages, reducing false alerts.
- **Flexible Storage Options:** Supports local recording with a 128GB Micro SD card (not included) and

offers a 14-day free cloud storage trial.

- **Easy Setup:** Can be installed quickly using 3M tape or included screws for wall mounting.
- **Privacy Mode:** One-tap privacy mode to disable the lens and LED for enhanced privacy.
- **Two-Way Audio:** Built-in microphone and speaker for real-time communication.
- **Smart Integration:** Compatible with Alexa and Google Home for voice control.
- **Family Sharing:** Allows sharing access with up to 3 users.

SETUP

1. Powering On

1. Connect the provided power adapter to the camera's power input port.
2. Plug the power adapter into a standard electrical outlet.
3. The camera will power on, and an indicator light will show its status.

2. App Installation and Account Creation

1. Download the official GNCC app from your smartphone's app store (iOS App Store or Google Play Store).
2. Open the app and follow the on-screen instructions to create a new account or log in if you already have one.

3. Adding the Camera to the App

1. In the GNCC app, tap the "+" icon to add a new device.
2. Select "Security Camera" or the specific model if prompted.
3. Follow the app's instructions to connect the camera to your 2.4GHz Wi-Fi network.*Note: This camera is not compatible with 5GHz Wi-Fi networks.*
4. You may be required to scan a QR code displayed on your phone with the camera lens or enter a code manually.
5. Once connected, name your camera and assign it to a specific room or location.

Image: The GNCC camera alongside a smartphone showing the camera's live feed and app interface, demonstrating connectivity.

4. Mounting Options

The camera offers flexible mounting options:

- **Tabletop Placement:** Simply place the camera on a flat surface like a shelf, table, or desk.
- **Wall Mounting:** Use the included 3M adhesive tape for a drill-free installation, or use the provided screws for a more permanent fixture. Ensure the mounting surface is clean and dry before applying adhesive.

OPERATING INSTRUCTIONS

Live View and Remote Monitoring

Once connected, you can access the live video feed from your camera anytime, anywhere, through the GNCC app.

Check In Anytime, From Anywhere

Real-time monitoring remote live view

Image: A smartphone screen showing the live feed from the GNCC camera, illustrating remote monitoring capabilities.

Two-Way Audio

The camera features a built-in microphone and speaker, allowing for two-way communication. Tap the microphone icon in the app to speak, and release to listen. This is ideal for communicating with family members or pets.

Two-Way Audio Lets You Speak in Real Time

Stay on top of what matters to you

Image: A visual representation of the two-way audio feature, showing a child and a pet, with text bubbles indicating conversation.

Night Vision

The camera automatically switches to night vision mode in low-light conditions, providing clear black and white images up to 15 meters. This ensures continuous monitoring even in complete darkness.

Clear Night Vision for Peaceful Nights

Stay on top of what matters to you

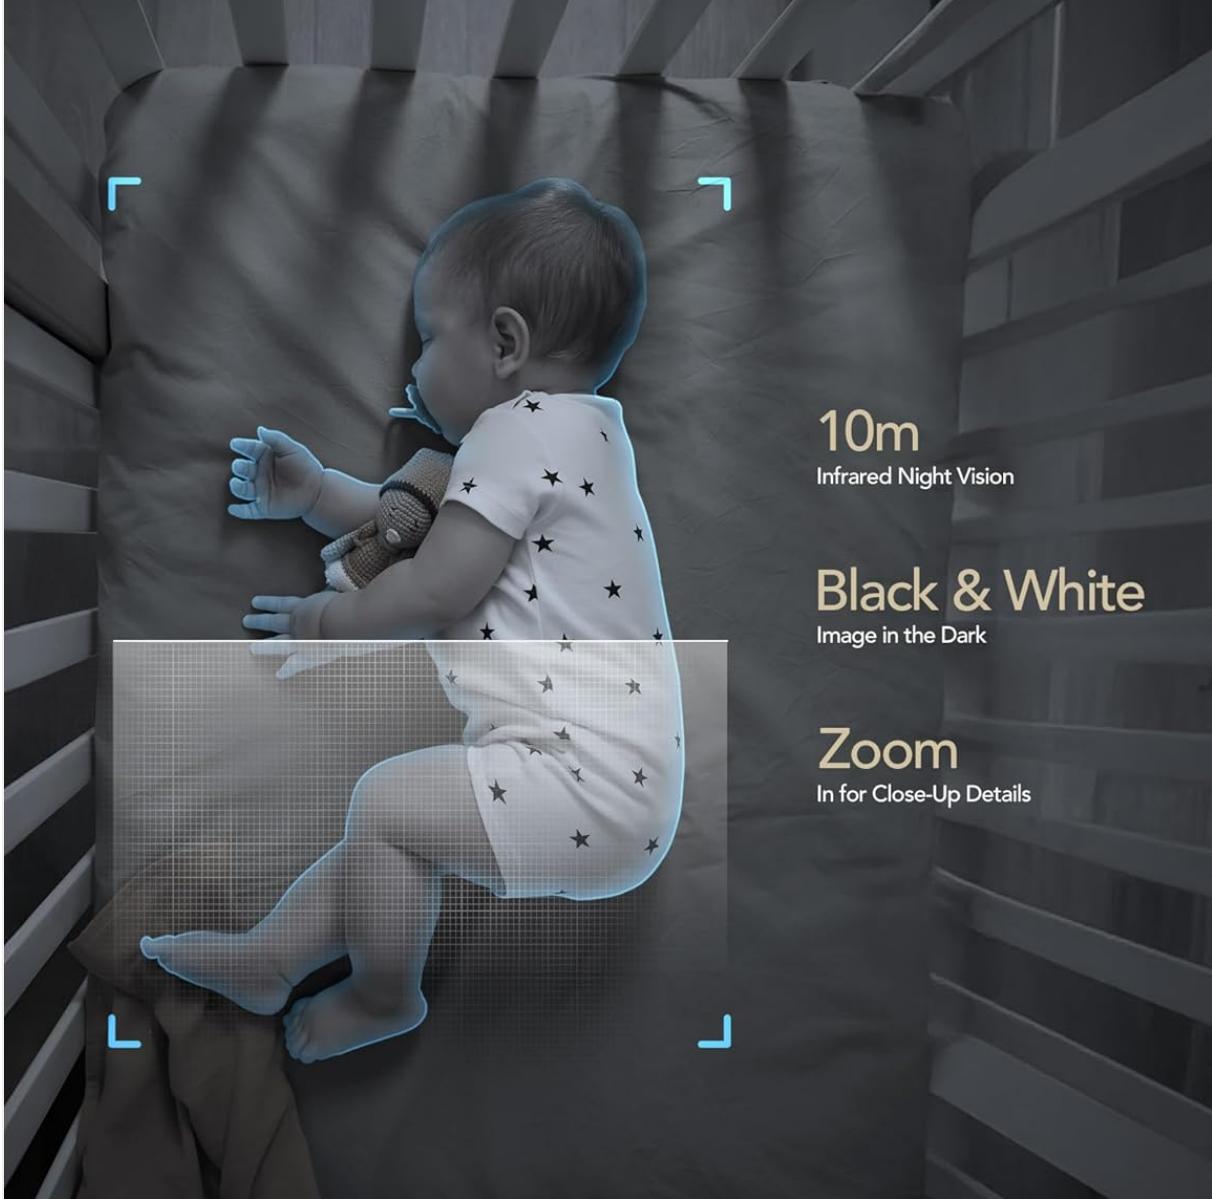

Image: A baby sleeping in a crib, demonstrating the camera's clear night vision capabilities in a dark environment.

Motion and Sound Detection

The camera can detect motion and sound, sending instant alerts to your smartphone. With an optional AI subscription, the camera can differentiate between people, pets, vehicles, and packages, reducing false alarms. You can customize motion detection zones within the app.

Motion & Sound Detection

AI-Powered Alerts with Cloud Subscription

Image: Children and a dog triggering motion and sound detection, with example alert notifications shown.

Storage Options

Your GNCC camera supports two primary storage methods for recorded footage:

- **Micro SD Card:** Insert a Micro SD card (up to 128GB, not included) into the camera's slot for continuous local recording.
- **Cloud Storage:** A 14-day free trial of cloud storage is included. Cloud storage provides secure, off-site backup of your recordings, accessible from anywhere.

Playback Ready with SD Card or Cloud Backup

Image: The camera with visual cues for both SD card and cloud storage, highlighting flexible recording options.

Privacy Mode

To ensure privacy, the GNCC camera features a one-tap privacy mode within the app. Activating this mode will fully disable the camera lens and LED indicator, preventing any recording or live viewing.

MAINTENANCE

- Cleaning:** Use a soft, dry cloth to clean the camera lens and body. Avoid using liquid cleaners or abrasive materials.
- Firmware Updates:** Regularly check the GNCC app for firmware updates. Keeping your camera's

firmware up-to-date ensures optimal performance, security, and access to new features.

- **Placement:** Ensure the camera is placed in a stable location, away from direct sunlight, heat sources, and excessive moisture.

TROUBLESHOOTING

Problem	Possible Cause / Solution
Camera not connecting to Wi-Fi	<ul style="list-style-type: none">• Ensure your Wi-Fi network is 2.4GHz. The camera does not support 5GHz.• Check Wi-Fi password accuracy.• Move the camera closer to the Wi-Fi router.• Restart your router and the camera.
No video feed / Offline status	<ul style="list-style-type: none">• Verify the camera is powered on and connected to a stable Wi-Fi network.• Check your internet connection.• Restart the camera by unplugging and replugging it.
Poor video quality	<ul style="list-style-type: none">• Ensure the camera lens is clean.• Check your Wi-Fi signal strength. A weak signal can affect video quality.• Ensure adequate lighting for optimal daytime video.
Motion/Sound alerts not received	<ul style="list-style-type: none">• Check notification settings in the GNCC app and your phone's system settings.• Ensure motion/sound detection is enabled in the app.• Adjust detection sensitivity if necessary.
Two-way audio not working	<ul style="list-style-type: none">• Ensure microphone and speaker permissions are granted to the GNCC app on your phone.• Check volume settings on your phone and within the app.• Ensure the camera is not in privacy mode.
