## 4. SETUP

---

### 4.1 Charging the Microphone

1. Locate the Micro USB charging port on the microphone.
2. Connect the provided Micro USB charge cable to the microphone and the other end to a USB power source (e.g., computer, USB wall adapter).
3. The charging indicator light will illuminate. Once fully charged, the light may change color or turn off, depending on the model.

### 4.2 Bluetooth Connection

1. Press and hold the power button on the microphone to turn it on. A voice prompt or indicator light will confirm it is in pairing mode.
2. On your smartphone, tablet, or other Bluetooth-enabled device, go to the Bluetooth settings.
3. Search for available devices. The microphone will typically appear as "MAYVI" or a similar name.
4. Select the microphone from the list to pair. A confirmation sound or voice prompt will indicate successful pairing.

## 5. OPERATING INSTRUCTIONS

---

### 5.1 Power On/Off

- To power on: Press and hold the power button until the indicator light turns on and you hear a sound.
- To power off: Press and hold the power button until the indicator light turns off and you hear a sound.

### 5.2 Adjusting Volume and Echo

The microphone features dedicated buttons for adjusting sound levels:

- **Microphone Volume:** Use the "MIC VOL +" and "MIC VOL -" buttons to increase or decrease your voice volume.
- **Music Volume:** Use the "MUSIC VOL +" and "MUSIC VOL -" buttons to adjust the volume of the background music playing from your connected device.
- **Echo Effect:** Use the "ECHO +" and "ECHO -" buttons to increase or decrease the echo effect on your voice.

### 5.3 Playing Music and Singing

1. Ensure the microphone is connected to your device via Bluetooth.
2. Open your preferred music or karaoke application on your device.
3. Play a song. The music will play through the microphone's built-in speaker.
4. Sing into the microphone. Adjust the microphone, music, and echo volumes to your preference.

Image: A close-up of the microphone being held, illustrating the placement of the control buttons for easy access during use.

## 5.4 Recording

To use the recording function, you may need a compatible recording application on your connected smartphone or tablet. The microphone acts as an input device for these applications.

## 6. MAINTENANCE

---

- **Cleaning:** Wipe the microphone with a soft, dry cloth. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** Store the microphone in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** For optimal battery life, avoid fully discharging the battery frequently. Charge the microphone regularly, even if not in use for extended periods.
- **Microphone Cover:** Use the provided microphone cover to protect the microphone head from dust and moisture.

## 7. TROUBLESHOOTING

---

- **Microphone not turning on:** Ensure the battery is charged. Connect the charging cable and try again.
- **Cannot connect via Bluetooth:**
  - Make sure the microphone is in pairing mode.
  - Ensure Bluetooth is enabled on your device.
  - Move your device closer to the microphone (within 32.8 ft / 10m).
  - Forget the device in your phone's Bluetooth settings and try pairing again.
- **No sound from speaker:**
  - Check if the music volume on both the microphone and your connected device is turned up.
  - Ensure the microphone is successfully paired.
- **Microphone voice too low/high:** Adjust the "MIC VOL" buttons on the microphone.
- **Echo effect not working/too strong:** Adjust the "ECHO" buttons on the microphone.
