DERCASS LP000763A

DERCASS Queen Murphy Bed Cabinet with Sofa and Integrated Shelves

Model: LP000763A - Instruction Manual

1. INTRODUCTION

Thank you for purchasing the DERCASS Queen Murphy Bed Cabinet with Sofa. This multi-functional furniture piece is designed to provide a comfortable sleeping space and a functional sofa, optimizing space in guest rooms, bedrooms, or studio apartments. This manual provides essential information for the safe assembly, operation, and maintenance of your new Murphy bed system.

Please read this manual thoroughly before assembly and use, and retain it for future reference. Ensure all components are present and undamaged before beginning assembly.

2. SAFETY INFORMATION

- **Adult Assembly Required:** Assembly should be performed by at least two adults to ensure safety and proper installation.
- **Wall Mounting:** This Murphy bed system **must be securely anchored to a wall** to prevent tipping. Failure to do so can result in serious injury or death. Use appropriate hardware for your wall type.
- **Weight Capacity:** The bed is designed to support a maximum weight of 600 LBS. Do not exceed this limit.
- **Mattress Thickness:** Use a mattress with a recommended thickness of 8-10 inches. An incorrect mattress thickness may affect the bed's operation and safety.
- **Clearance:** Ensure adequate clearance around the bed when deploying and folding to avoid obstruction or damage.
- **Children and Pets:** Keep children and pets away from the unit during operation to prevent injury.
- **Inspection:** Regularly inspect all fasteners and connections to ensure they remain tight and secure.

3. PACKAGE CONTENTS

Your DERCASS Murphy Bed Cabinet with Sofa is shipped in multiple packages. Please verify that all parts and hardware are present before beginning assembly. Refer to the included assembly guide for a detailed list of components and

hardware.

The system includes:

- Murphy Bed Cabinet Frame
- Sofa Components
- Shelving Units (with USB and Light features)
- Bed Slats and Support Legs
- Hardware Kit (screws, bolts, brackets, wall anchors)
- Assembly Tools (basic tools provided)

Note: Mattress is not included.

4. SETUP AND ASSEMBLY

Assembly of the DERCASS Murphy Bed Cabinet requires careful attention to detail and adherence to the provided step-by-step instructions. It is recommended that two adults perform the assembly.

1. **Unpack and Identify Components:** Carefully unpack all boxes and lay out components. Compare them against the parts list in the separate assembly guide to ensure everything is present and undamaged.
2. **Assemble Cabinet Frame:** Follow the instructions to construct the main cabinet frame. Ensure all connections are secure.
3. **Install Bed Mechanism:** Integrate the dual piston metal folding mechanism into the cabinet frame as directed. This mechanism is crucial for the smooth operation of the bed.
4. **Attach Shelving Units:** Secure the side shelving units and the upper cabinet shelves. Connect the USB and light wiring according to the electrical diagrams in the assembly guide.
5. **Wall Anchoring:** This is a critical safety step. Position the assembled cabinet against the desired wall. Using appropriate wall anchors for your wall type (e.g., wood studs, concrete, drywall), securely fasten the cabinet to the wall. **Do not skip this step.**
6. **Assemble Sofa:** Construct the sofa components and attach them to the front of the cabinet as specified.
7. **Install Bed Slats and Mattress:** Place the bed slats onto the frame. Once the frame is fully assembled and anchored, carefully place your mattress (8-10 inches thick) onto the bed frame.
8. **Final Check:** Before first use, double-check all connections, fasteners, and wall anchors for tightness and stability.

5. OPERATING INSTRUCTIONS

5.1 Deploying the Bed

1. **Clear the Area:** Ensure the area in front of the cabinet is clear of obstructions, including the sofa cushions if they are in place.
2. **Grasp Handles:** Locate the handles on the front panel of the cabinet.
3. **Lower Bed:** Gently pull the handles towards you and guide the bed downwards. The dual piston mechanism will assist in a smooth, controlled descent.
4. **Extend Support Legs:** As the bed lowers, flip the support legs down onto the floor to provide stable support for the bed frame. Ensure they are fully extended and locked into position.

Image 5.1: The DER-CASS Murphy Bed Cabinet with the bed fully deployed, ready for use. The integrated sofa is positioned at the foot of the bed.

5.2 Folding the Bed

1. **Remove Bedding:** Remove pillows and heavy bedding that might obstruct the folding mechanism. A thin mattress can typically remain on the bed.
2. **Retract Support Legs:** Fold the support legs back into their stored position against the bed frame.
3. **Lift Bed:** Grasp the handles and gently lift the bed upwards. The dual piston mechanism will assist in lifting the bed back into the cabinet.
4. **Secure in Cabinet:** Continue lifting until the bed panel is fully vertical and securely latched within the cabinet. Ensure it is flush with the cabinet front.

Image 5.2: The DERCASS Murphy Bed Cabinet with the bed folded and stored vertically within the cabinet, presenting a clean, compact appearance.

5.3 Using the Sofa

The integrated sofa is designed for use when the bed is in its folded, upright position. Simply arrange the sofa cushions on the base in front of the cabinet for comfortable seating.

5.4 Using USB Ports and Integrated Lights

The shelving units include integrated USB charging ports and lighting. Connect your devices to the USB ports for charging. The lights can be operated via a switch, typically located on the shelving unit itself or within the cabinet. Ensure the unit is properly connected to a power source for these features to function.

Image 5.4: Close-up view of the top cabinet section of the DERCASS Murphy Bed, showing the open door and internal storage space, which may house USB ports or light controls.

6. MAINTENANCE

- **Cleaning:** Wipe the surfaces of the cabinet and sofa frame with a dry cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Sofa Cushions:** Refer to the care labels on the sofa cushions for specific cleaning instructions. Typically, spot cleaning with a mild detergent is recommended.
- **Mechanism Check:** Periodically check the dual piston folding mechanism for smooth operation. If you notice any stiffness or unusual noises, contact customer support. Do not attempt to lubricate or repair the mechanism yourself unless specifically instructed.
- **Fastener Tightness:** Every 3-6 months, inspect all screws, bolts, and wall anchors to ensure they are tight. Retighten if necessary.
- **Electrical Components:** Ensure USB ports and lights are functioning correctly. If issues arise, check power connections. For persistent electrical problems, contact a qualified technician or customer support.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Bed difficult to deploy or fold	Obstruction; incorrect mattress thickness; mechanism issue; loose fasteners.	Ensure area is clear. Verify mattress thickness (8-10"). Check all fasteners. If problem persists, contact support.
Bed does not stay securely folded	Latching mechanism not engaged; obstruction; incorrect mattress thickness.	Ensure bed is fully lifted until latched. Check for obstructions. Verify mattress thickness.
USB ports or lights not working	Not plugged in; loose connection; power outage; faulty component.	Ensure unit is plugged into a working outlet. Check all internal wiring connections. If issue persists, contact support.
Unit feels unstable or wobbly	Not properly anchored to wall; loose fasteners.	Immediately re-check wall anchoring. Tighten all fasteners. If instability continues, discontinue use and contact support.

For issues not listed here or if solutions do not resolve the problem, please contact DERCASS Customer Support.

8. SPECIFICATIONS

Feature	Detail
Product Type	Murphy Bed Cabinet with Sofa
Model Number	LP000763A
Size	Queen (U.S. Standard)
