Dyzeryk MP3 Player

Dyzeryk MP3 Player User Manual

Model: MP3 Player with 16GB Micro SD Card

INTRODUCTION

Thank you for choosing the Dyzeryk MP3 Player. This manual provides essential information for setting up, operating, and maintaining your device. Please read these instructions carefully to ensure proper use and to maximize your experience with the MP3 player's features, including music playback, FM radio, voice recording, photo/video viewing, and e-book reading.

PACKAGE CONTENTS

Please verify that all items are present in your package:

- Dyzeryk MP3 Player (Dark Blue)
- 16GB Micro SD Card
- Wired Earphones
- USB Charging Cable
- User Manual (this document)

DEVICE OVERVIEW

Familiarize yourself with the physical components of your Dyzeryk MP3 Player.

An image showing the blue Dyzeryk MP3 player, a 16GB Micro SD card, and a pair of white wired earphones. The MP3 player's screen displays music playback information with an equalizer graphic. The player has a circular control pad with 'M', 'Play/Pause', 'Skip', and 'VOL' buttons. The back of the player shows a speaker grille and an 'OFF' switch.

Controls and Ports:

- **Screen:** Displays menus, music information, photos, and videos.
- **Circular Control Pad:** Navigates menus and controls playback.
- **'M' Button:** Menu button, typically used to go back or access options.
- **Play/Pause Button:** Center button on the control pad, used to start/pause playback.
- **Skip Buttons (◀◀ / ▶▶):** Used to navigate between tracks or fast forward/rewind.
- **'VOL' Button:** Volume control.
- **Micro SD Card Slot:** For inserting the memory card.
- **Headphone Jack:** For connecting earphones.
- **USB Port:** For charging and data transfer.
- **Power Switch (OFF):** Located on the side/back to turn the device completely off.
- **Built-in Speaker:** Located on the back for audio output without earphones.

SETUP

1. Charging the Device

1. Connect the small end of the USB charging cable to the MP3 player's USB port.
2. Connect the larger end of the USB cable to a USB power adapter (not included) or a computer's USB port.
3. The battery indicator on the screen will show charging status. Allow approximately 2-3 hours for a full charge.
4. Disconnect the cable once fully charged.

2. Inserting the Micro SD Card

1. Locate the Micro SD card slot on the side of the MP3 player.
2. Gently insert the provided 16GB Micro SD card into the slot with the gold contacts facing down (or as

indicated by a small icon next to the slot).

3. Push the card in until it clicks into place. To remove, push it in again until it springs out.

3. Loading Music and Other Files

1. Ensure the MP3 player is powered on.
2. Connect the MP3 player to your computer using the USB cable.
3. The player will appear as a removable disk drive on your computer.
4. Open the drive and drag-and-drop your music files (e.g., MP3, WMA), photos (e.g., JPEG), videos (e.g., AMV), or e-books (e.g., TXT) into the appropriate folders on the Micro SD card. You may create new folders for organization.
5. Once files are transferred, safely eject the removable disk from your computer before disconnecting the USB cable.

OPERATING INSTRUCTIONS

1. Power On/Off

- **To Power On:** Slide the 'OFF' switch to the 'ON' position. The screen will light up.
- **To Power Off:** Slide the 'OFF' switch to the 'OFF' position. The screen will turn off.

2. Basic Navigation

- Use the circular control pad's directional buttons (up, down, left, right) to navigate through menus.
- Press the center Play/Pause button to select an option or confirm an action.
- Press the 'M' button to go back to the previous menu or exit a function.

3. Music Playback

1. From the main menu, select 'Music' or 'Audio'.
2. Navigate through your folders and select a song. Press the Play/Pause button to start playback.
3. During playback:

   - Press Play/Pause to pause or resume.
   - Press ▶▶ to skip to the next track.
   - Press ◀◀ to go to the beginning of the current track or the previous track.
   - Press and hold ▶▶ or ◀◀ to fast forward or rewind.
   - Use the 'VOL' button to adjust the volume level.

4. Press 'M' to return to the music list or main menu.

4. FM Radio

1. Connect the earphones; they act as the antenna for the FM radio.
2. From the main menu, select 'FM Radio'.
3. Use the navigation buttons to scan for stations or manually tune.
4. Press Play/Pause to start/stop the radio.

5. Voice Recorder

1. From the main menu, select 'Recorder' or 'Voice Record'.
2. Select 'Start Recording' to begin.
3. Press Play/Pause to stop and save the recording.

4. Recordings are typically saved in a 'RECORD' folder and can be played back from the 'Music' or 'Files' menu.

6. E-Book Reader

1. From the main menu, select 'E-Book'.
2. Navigate to your desired TXT file and press Play/Pause to open it.
3. Use the navigation buttons to scroll through pages.

7. Photo and Video Playback

1. From the main menu, select 'Photos' or 'Videos'.
2. Navigate to your desired file and press Play/Pause to view/play.
3. For videos, ensure they are in a compatible format (e.g., AMV) for smooth playback on the device's screen.

8. Built-in Speaker

The device features a built-in speaker for audio playback without earphones. When earphones are disconnected, audio will typically output through the speaker. Adjust volume using the 'VOL' button.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the device. Avoid liquid cleaners or abrasive materials.
- **Storage:** Store the MP3 player in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the device regularly, even if not in use for extended periods.
- **Water Exposure:** This device is not waterproof. Avoid exposure to water or high humidity.

TROUBLESHOOTING

If you encounter issues with your MP3 player, refer to the following common problems and solutions:

- **Device does not turn on:**
  • Ensure the 'OFF' switch is in the 'ON' position.
  • Charge the device for at least 30 minutes. The battery may be completely depleted.

- **No sound or low volume:**
  • Check if earphones are properly connected. If using the built-in speaker, ensure earphones are disconnected.
  • Adjust the volume using the 'VOL' button.
  • Ensure the audio file is not corrupted. Try playing a different file.

- **Music files not appearing or playing:**
  • Ensure files are transferred to the Micro SD card and are in a compatible format (e.g., MP3, WMA).
  • Check if the Micro SD card is properly inserted.

- **Device freezes or becomes unresponsive:**
  • Try sliding the 'OFF' switch to 'OFF' and then back to 'ON' to restart the device.
  • If a reset button is available (often a small pinhole), use a thin object (like a paperclip) to press it gently.

- **Poor FM radio reception:**
  • Ensure earphones are connected, as they function as the antenna.
 • Try moving to a different location to improve signal strength.
