3. SETUP

3.1 Battery Installation

The Prowler unit operates on 4 AA alkaline batteries (not included). For optimal performance in cold weather, Lithium AA batteries are recommended. The remote control requires one 9-volt battery (not included).

1. Locate the battery compartment on the underside of the Prowler unit.
2. Open the compartment and insert 4 AA batteries, ensuring correct polarity.
3. For the remote, locate the battery compartment on the back.
4. Insert one 9-volt battery, observing polarity.
5. Securely close both battery compartments.

Figure 5: Rear view of the Prowler unit with various ports.

3.2 Antenna Extension

For optimal remote control range and signal reception, always extend the antenna on the remote control before operation.

4. OPERATING INSTRUCTIONS

4.1 Powering On

1. Locate the power switch on the Prowler unit and slide it to the 'ON' position.
2. Press the power button on the remote control to turn it on. The LCD screen will illuminate.

4.2 Sound Selection and Playback

The remote control allows for easy navigation and selection of sounds.

1. Use the 'Scroll Up' and 'Scroll Down' buttons to navigate through sound categories (e.g., Coyote, Fox, Rabbit, Bird).
2. Once a category is selected, continue scrolling to browse individual sounds within that category.
3. Press the 'Play/Select' button to play the selected sound.
4. Adjust the volume using the 'Vol Up' and 'Vol Down' buttons.
5. To mute the sound, press the 'Mute' button. Press again to unmute.

4.3 Customizing User Buttons

The 'User 1' and 'User 2' buttons on the remote are customizable for quick access to favorite sound selections, decoy on/off functions (with compatible decoys), backlight control, stand timer reset, and recall.

4.4 Adding Sounds

The Prowler features a mini-USB port for adding additional sounds. Refer to the FOXPRO website or software for instructions on how to download and transfer new sounds to your unit.

5. MAINTENANCE

5.1 General Care

- Keep the unit and remote clean and free from dirt, dust, and moisture.
- Avoid exposing the unit to extreme temperatures or direct sunlight for prolonged periods.
- Store the unit in a dry, cool place when not in use.

5.2 Battery Replacement

Replace batteries in both the Prowler unit and the remote control when the low battery indicator light on the unit illuminates or when performance degrades. Refer to Section 3.1 for battery installation instructions.

6. TROUBLESHOOTING

6.1 No Sound Output

- Ensure the Prowler unit is powered on and the speaker switch is in the 'ON' position.
- Check the volume level on the remote control and increase if necessary.
- Verify that the remote control is powered on and within range (over 300 yards line of sight).
- Check battery levels in both the unit and remote. Replace if low.

6.2 Remote Control Not Responding

- Ensure the remote control's antenna is fully extended.
- Check the remote control's battery. Replace the 9-volt battery if needed.
- Ensure there are no significant obstructions between the remote and the Prowler unit.
