Fanbulous LX42

Fanbulous 52-inch Waterproof Outdoor Ceiling Fan with Lights and Remote

Model: LX42

IMPORTANT SAFETY INFORMATION

Please read and understand all instructions before attempting to assemble, operate, or install the product. Failure to follow these instructions may result in electric shock, fire, or serious personal injury.

- Ensure the power supply is disconnected before installation or maintenance.
- All electrical connections must be in accordance with local codes and ordinances.
- The fan must be mounted with a minimum of 7 feet (2.1 meters) clearance from the floor to the blade trailing edge.
- Do not operate the fan with damaged wiring or if the fan is visibly damaged.
- This fan is rated IP65 for outdoor wet locations. Ensure all connections are properly sealed to maintain waterproof integrity.
- Use only the remote control provided with the fan.

PACKAGE CONTENTS

Verify that all components are present before beginning installation:

- Ceiling Fan Motor Assembly
- Fan Blades (5)
- Downrods (Short and Long options)
- Mounting Bracket
- LED Light Kit
- Remote Control with Wall Mount
- Hardware Pack (screws, washers, nuts)
- Instruction Manual

PRODUCT FEATURES

- **IP65 Waterproof Rating:** Designed for outdoor use, resistant to heavy rain and snow.
- **3CCT LED Light:** Integrated 2400LM LED light with three color temperature settings (Warm, Natural, Cold White).
- **6-Speed DC Motor:** Energy-efficient motor with six fan speeds for optimal air circulation.
- **Reversible Function:** Allows for forward (cooling) and reverse (warm air circulation) operation.
- **Remote Control:** Full-function remote with fan speed, light control, timer (1H/4H/8H), and anti-theft mode.
- **Plug-and-Play Installation:** Features a 16.4-foot connecting cord for easy plug-in setup.
- **Durable Construction:** High-quality ABS fan blades and robust design for outdoor environments.

Detailed view of Fanbulous outdoor ceiling fan components.

SETUP & INSTALLATION

1. Prepare the Mounting Location

Select a sturdy location on your patio, gazebo, or pergola that can support the weight of the fan and its movement. Ensure there is a suitable outdoor power outlet within reach of the 16.4-foot power cord.

2. Assemble the Downrod and Hanging Wheel

Attach the chosen downrod (short or long) to the fan motor assembly. Secure the hanging wheel to the top of the downrod using the provided hardware. Ensure all screws are tightened securely.

Video demonstrating the assembly of the downrod and hanging mechanism for the outdoor ceiling fan.

3. Mount the Fan

Install the mounting bracket to a secure beam or ceiling joist. Carefully lift the fan assembly and hook the hanging wheel onto the mounting bracket. Ensure the fan is securely seated and balanced. Tighten any remaining nuts on the downrod to prevent swinging.

4. Install the LED Light Cover

Twist the LED light cover onto the bottom of the fan motor assembly until it is firmly in place.

5. Power Connection

Route the 16.4-foot power cord along the beams or structure to your outdoor power outlet. Plug the fan into the outlet. The fan is now ready for operation.

OPERATING INSTRUCTIONS

Remote Control Functions

The fan is operated using the included remote control. Ensure the remote has working batteries.

Remote control for Fanbulous outdoor ceiling fan.

- **Power Button:** Turns the fan and light ON/OFF.
- **Fan Speed Buttons (1-6):** Adjusts the fan speed from low (1) to high (6).
- **Light ON/OFF Button:** Toggles the LED light ON or OFF.
- **3CCT Light Settings:** Cycles through Warm (3000K), Natural (4500K), and Cold White (6000K) light temperatures.
- **Forward (F) / Reverse (R) Button:** Changes the direction of the fan blades. Forward mode creates a downdraft for cooling, while Reverse mode creates an updraft for circulating warm air.
- **Timer Buttons (1H, 4H, 8H):** Sets the fan and/or light to turn off automatically after 1, 4, or 8 hours.
- **Anti-theft Mode:** Activates a mode where the light and fan will run for 5 minutes every 2 hours to simulate occupancy.
- **Mute Button:** Silences the remote control's button press sounds.

MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your fan.

- **Cleaning:** Wipe the fan blades and motor housing with a soft, damp cloth. Do not use abrasive cleaners or solvents.

- **Inspection:** Periodically check all connections and mounting hardware for tightness. Ensure no wires are frayed or damaged.
- **Blade Balance:** If the fan wobbles, check that all blades are securely attached and balanced. A balancing kit may be used if necessary.
- **Winter Storage (Optional):** While IP65 rated, for extreme winter conditions, you may choose to cover the fan or store it indoors to prolong its life.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Fan does not start	No power to the fan; Remote control batteries are dead; Remote not paired.	Check power outlet and circuit breaker; Replace remote batteries; Refer to remote pairing instructions.
Light does not work	No power to the fan; Remote control batteries are dead; Light cover not properly installed.	Check power outlet; Replace remote batteries; Ensure light cover is twisted on securely.
Fan wobbles	Loose mounting screws; Unbalanced blades; Downrod not secured.	Tighten all mounting screws; Check blade attachment and use a balancing kit if needed; Ensure downrod nuts are tightened.
Remote control not responding	Dead batteries; Obstruction between remote and receiver; Remote not paired.	Replace batteries; Remove obstructions; Re-pair remote control.

SPECIFICATIONS

Feature	Detail
Model Name	LX42
Size	52 inch
Product Dimensions	52"D x 52"W x 11.8"H
Item Weight	12.97 pounds
Color	Black
Power Source	AC/DC
Voltage	120 Volts (AC)

Feature	Detail
Wattage	24 watts
Motor Type	DC Motor
Fan Speeds	6
Light Type	LED (3CCT, 2400LM)
Control Method	Remote
Indoor/Outdoor Usage	Outdoor
Waterproof Rating	IP65
