

Porodo PDADIFFD2

Porodo Lifestyle Grasse Smart Aroma Diffuser User Manual

Model: PDADIFFD2

INTRODUCTION

The Porodo Lifestyle Grasse Smart Aroma Diffuser is designed to enhance your environment with customizable fragrance and soothing ambient lighting. This device combines practical functionality with an elegant design, making it suitable for both home and car use. Please read this manual carefully to ensure proper use and maintenance of your diffuser.

PRODUCT OVERVIEW

The Porodo Lifestyle Grasse Smart Aroma Diffuser features a sleek glass finish and offers 4 customizable spray modes. It includes RGB ambient lighting and an automatic standby function for energy efficiency. The device is powered by a 200mAh battery and has a 120ml capacity for continuous fragrance diffusion.

Key Features:

- **Elegant Glass Design:** Seamlessly integrates with your home or car interior.
- **Customizable Fragrance:** Four spray modes allow adjustment of scent intensity and distribution.
- **RGB Ambient Lighting:** Provides soothing visual effects to complement your aromatherapy experience.
- **120ml Capacity:** Ensures extended operation without frequent refilling.
- **200mAh Portable Battery:** Offers convenient wireless operation for on-the-go use.
- **Automatic Standby:** Enhances energy efficiency.

Package Contents:

- Porodo Lifestyle Grasse Smart Aroma Diffuser

- USB-C Charging Cable

SETUP

1. **Unpack the Device:** Carefully remove the diffuser and all accessories from the packaging.
2. **Charge the Battery:** Before first use, fully charge the diffuser using the provided USB-C cable. Connect the cable to the charging port on the device and a suitable USB power adapter (not included). The indicator light will show charging status.
3. **Fill with Fragrance Oil:**

Image: The diffuser placed in a car's cup holder, actively dispersing fragrance. This image illustrates a common placement for the device in a vehicle.

- Gently twist and lift the top cover of the diffuser.
 - Pour your preferred fragrance oil into the reservoir, ensuring not to exceed the maximum fill line (120ml capacity).
 - Replace the top cover, ensuring it is securely fastened.
4. **Placement:** Place the diffuser on a stable, flat surface in your desired location, such as a car cup holder or a desk at home.

Image: The diffuser positioned on a car's center console, releasing a fine mist. This shows another flexible placement option within a vehicle.

OPERATING INSTRUCTIONS

The diffuser is operated via a touch-sensitive control panel located on the top of the device.

1. **Power On/Off:** Press and hold the power button (usually indicated by a power symbol) for 2-3 seconds to turn the diffuser on or off.
2. **Select Spray Mode:** Short press the power button to cycle through the 4 available spray modes. Each press will change the intensity or interval of the fragrance diffusion. Refer to the product specifications for details on each mode.
3. **RGB Lighting Control:** The RGB ambient light can be controlled independently. Short press the light button (if available, or a dedicated button) to change light colors or modes. Press and hold to turn the light off.
4. **Automatic Standby:** The diffuser features an automatic standby function to conserve battery and fragrance oil. It will enter standby mode after a period of inactivity or according to the selected spray mode's cycle.

Image: The diffuser positioned on a car's dashboard near a window, with visible mist. This highlights the device's compact size and versatility for various placements.

MAINTENANCE

Regular cleaning ensures optimal performance and extends the lifespan of your diffuser.

1. **Cleaning the Reservoir:**

- Turn off the diffuser and unplug it from any power source.
- Remove the top cover and empty any remaining fragrance oil.
- Wipe the inside of the reservoir with a soft, damp cloth. For stubborn residue, use a cotton swab dipped in rubbing alcohol.
- Rinse thoroughly with clean water and dry completely before refilling.

2. **Cleaning the Exterior:** Wipe the exterior of the diffuser with a soft, dry cloth. Do not use abrasive cleaners or immerse the device in water.

3. **Storage:** If storing the diffuser for an extended period, ensure it is clean and dry. Store in a cool, dry place away from direct sunlight.

TROUBLESHOOTING

Problem	Possible Cause	Solution
No mist is being produced.	Low fragrance oil level; clogged atomizer; device not powered on.	Refill the fragrance oil; clean the atomizer with a cotton swab; ensure the device is charged and powered on.
Device does not turn on.	Battery is depleted; power button not pressed correctly.	Charge the device fully; press and hold the power button for 2-3 seconds.
Weak or inconsistent mist.	Low fragrance oil level; atomizer partially clogged; incorrect spray mode selected.	Refill fragrance oil; clean the atomizer; cycle through spray modes to find desired intensity.
RGB light not working.	Light function is off; device malfunction.	Short press the light button to activate; if issue persists, contact support.
