5. SETUP AND ASSEMBLY

Assembly is required for this L-shaped executive desk. Follow the numbered parts and detailed instructions provided in the separate assembly guide included with your package. It is recommended to have an additional person assist with assembly due to the size and weight of the components. A power drill can significantly speed up the process compared to a manual screwdriver.

Key Assembly Considerations:

- **Unpack and Organize:** Lay out all parts and hardware. Match them against the parts list in your assembly guide.
- **Follow Numbered Steps:** The assembly guide provides step-by-step instructions with corresponding part numbers. Adhere to these steps sequentially.
- **Secure Connections:** Ensure all screws, cam locks, and other fasteners are tightened securely to guarantee stability.

- **Adjustable Leg Pads:** The desk includes adjustable leg pads to ensure stability on uneven floors. Adjust them as needed after the desk is fully assembled.
