SEUNKWANG G10

EWEADN G10 Wired Gaming Mouse User Manual

Model: G10 | Brand: SEUNKWANG

1. PRODUCT OVERVIEW

The EWEADN G10 Wired Gaming Mouse is designed for an optimal gaming and computing experience. It features an ergonomic design, adjustable DPI settings, vibrant RGB backlighting, and quiet click buttons for minimal disturbance.

Figure 1: Top-down view of the EWEADN G10 Wired Gaming Mouse, showcasing its white and gray body with blue and orange accents and a braided USB cable.

2. SETUP AND INSTALLATION

The EWEADN G10 mouse is designed for simple plug-and-play functionality, requiring no additional drivers or software for basic operation.

2.1 Connecting the Mouse

1. Locate an available USB-A port on your computer (PC, Windows laptop, etc.).
2. Insert the USB connector of the EWEADN G10 mouse into the USB-A port.
3. The mouse will be automatically recognized by your operating system and ready for use instantly.

Plug and Play

No drivers, zero lag, no charging

USB-A Port

Enhanced Nylon Braided Cable

3. OPERATING INSTRUCTIONS

3.1 Button Functions

The EWEADN G10 mouse features 6 buttons for enhanced control and functionality:

6 Buttons

Figure 4: A detailed diagram illustrating the placement and labeling of the six functional buttons on the EWEADN G10 gaming mouse.

- **Left Button:** Standard left-click function. Designed for quiet operation.
- **Right Button:** Standard right-click function. Designed for quiet operation.
- **Scroll Wheel:** For vertical scrolling. Also functions as a clickable middle button.
- **DPI Button:** Adjusts the mouse sensitivity (DPI).
- **Forward Button:** Navigates forward in web browsers or file explorers.

- **Backward Button:** Navigates backward in web browsers or file explorers.

3.2 DPI Adjustment

The mouse offers 4 adjustable DPI levels to suit different tasks and preferences, from precise aiming to rapid cursor movement.

- **DPI Levels:** 800, 1200, 2400, 3200
- To cycle through DPI settings, press the **DPI Button** located behind the scroll wheel. Each press will switch to the next DPI level.

4 Adjustable DPI Levels

 **DPI** 800-1200-2400-3200

Figure 5: The EWEADN G10 mouse showcasing its adjustable DPI settings, allowing users to switch between 800, 1200, 2400, and 3200 DPI for varied precision needs.

3.3 RGB Backlight Control

The EWEADN G10 features dynamic RGB backlighting with multiple modes and colors.

- To activate the RGB backlight, press and hold the **DPI Button** for 3 seconds.
- To switch between backlight modes (e.g., 4-color dynamic breathing, monochrome glow), use the **DPI + Left Button**

or **DPI + Right Button** combinations.

- The available dynamic backlighting colors include blue, pink, red, and purple.

Figure 6: The EWEADN G10 mouse illuminated with its 4-color dynamic breathing light, cycling through blue, red, purple, and pink.

3.4 Ergonomics and Quiet Operation

The mouse is designed for comfort during extended use and features quiet click buttons.

- **Ergonomic Design:** The shape is crafted to fit approximately 98% of hand sizes, providing a comfortable grip for various styles (fingertip, palm, claw). This design aims to reduce fatigue during long gaming sessions or work.
- **Silent Clicks:** The left and right mouse buttons are engineered for noise-free operation, making it ideal for quiet environments such as libraries, shared workspaces, or late-night use.

Silent Click

Upgraded mute button design
enjoy quiet without worries

Figure 7: The EWEADN G10 mouse demonstrating its silent click capability, ensuring minimal noise disturbance, even in quiet environments.

4. MAINTENANCE AND CARE

Proper maintenance ensures the longevity and optimal performance of your EWEADN G10 mouse.

- **Cleaning:** Use a soft, dry cloth to wipe the surface of the mouse. For stubborn dirt, slightly dampen the cloth with water or a mild electronics cleaner. Avoid using harsh chemicals or abrasive materials.
- **Cable Care:** Avoid sharp bends or kinks in the USB cable. Do not pull the mouse by its cable. Store the cable neatly when not in use to prevent damage.
- **Storage:** Store the mouse in a clean, dry environment away from extreme temperatures and direct sunlight.
- **Durability:** The mouse is built with over 3 million clicks durability for long-lasting performance.

5. TROUBLESHOOTING

If you encounter issues with your EWEADN G10 mouse, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Mouse not responding / No cursor movement.	Loose USB connection, faulty USB port, or driver issue.	<ul style="list-style-type: none"> Ensure the USB cable is securely plugged into the computer's USB port. Try plugging the mouse into a different USB port on your computer. Restart your computer.
RGB backlight is off or not changing modes.	Backlight not activated or incorrect button combination used.	<ul style="list-style-type: none"> Press and hold the DPI Button for 3 seconds to activate the backlight. To change modes, ensure you are pressing DPI + Left Button or DPI + Right Button simultaneously.
DPI sensitivity is not changing.	DPI button not pressed correctly.	<ul style="list-style-type: none"> Ensure you are pressing the DPI Button firmly. Each press should cycle to the next DPI level.
Scroll wheel rattles or feels loose.	Manufacturing tolerance or normal characteristic.	<ul style="list-style-type: none"> This might be a characteristic of some units. If it significantly impacts functionality, contact support.
Mouse feels cheap or plasticky.	Subjective perception, material choice for cost-effectiveness.	<ul style="list-style-type: none"> This is a design characteristic. The mouse is built for performance and durability within its price point.
