## SETUP AND ASSEMBLY

---

Assembly typically requires two adults. All necessary tools are provided in the hardware pack. Please follow these steps carefully:

- 1. Unpack Components:** Carefully unpack all components and lay them out on a clean, soft surface (e.g., a rug or blanket) to prevent scratches or damage during assembly.
- 2. Attach Side Rails to Headboard:** Connect the side rails to the headboard using the bolts and washers provided in the hardware pack. Ensure all connections are firm but do not fully tighten until all major components are assembled.

3. **Connect Footboard:** Attach the footboard, which includes the storage drawers, to the other end of the side rails using the appropriate hardware.
4. **Install Center Support:** Place the center support beam along the length of the bed frame and secure it to the headboard and footboard, or to designated brackets on the side rails. Install any additional support legs as indicated in the diagram.

5. **Place Bed Slats:** Evenly distribute the bed slats across the frame. Secure them in place using the provided fasteners or by inserting them into the designated slots.
6. **Final Tightening:** Once all components are in place, go back and fully tighten all bolts and screws. Do not overtighten.
7. **Mattress Placement:** Carefully place your mattress on the assembled bed frame.

## OPERATING THE STORAGE DRAWERS

---

Your bed frame features integrated storage drawers designed for convenient organization of bedding, clothing, or other items.

- **Opening:** To open a drawer, gently pull the handle located on the front panel. The drawers are equipped with smooth-gliding rollers for easy access.
- **Closing:** To close, push the drawer back into the bed frame until it is flush with the footboard.
- **Capacity:** Avoid overloading the drawers to ensure smooth movement and prevent damage to the drawer mechanism or the bed frame.

## MAINTENANCE AND CARE

- **Cleaning Fabric:** For general cleaning, vacuum the chenille fabric regularly using an upholstery attachment to remove dust and debris. For spills, blot immediately with a clean, dry cloth. For stubborn stains, consult a professional upholstery cleaner. Do not use harsh chemicals, abrasive cleaners, or excessive moisture.
- **Frame Care:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten if necessary to maintain stability.
- **Drawer Care:** Keep the drawer tracks free of dust and debris to ensure smooth operation. You may use a soft, damp cloth to wipe the interior and exterior surfaces of the drawers.

## TROUBLESHOOTING

| Problem | Possible Cause | Solution |
