Saunyoto Screen Swivel Mount User Manual

For Tesla Model 3 Highland 2024-2025 & Model Y Juniper 2025-2026

1. INTRODUCTION

Thank you for choosing the Saunyoto Screen Swivel Mount. This manual provides detailed instructions for the installation, operation, and maintenance of your new screen swivel mount. Designed for seamless integration and enhanced viewing comfort, this mount allows for optimal screen positioning in your Tesla vehicle.

2. PRODUCT COMPATIBILITY

This Saunyoto Screen Swivel Mount (Model: CM8481L) is specifically designed for the following Tesla models:

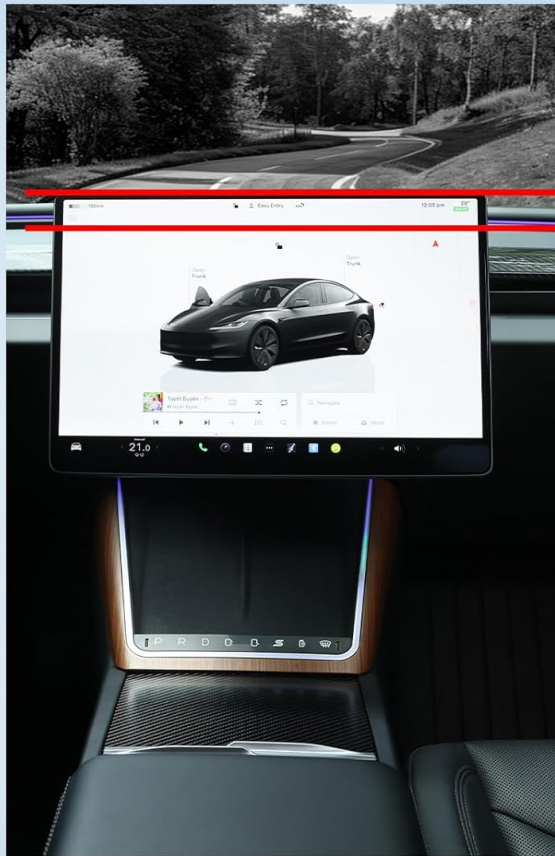

- Tesla Model 3 Highland (2024-2025)
- Tesla Model Y Juniper (2025-2026)

Please ensure your vehicle model and year match the compatibility list before proceeding with installation.

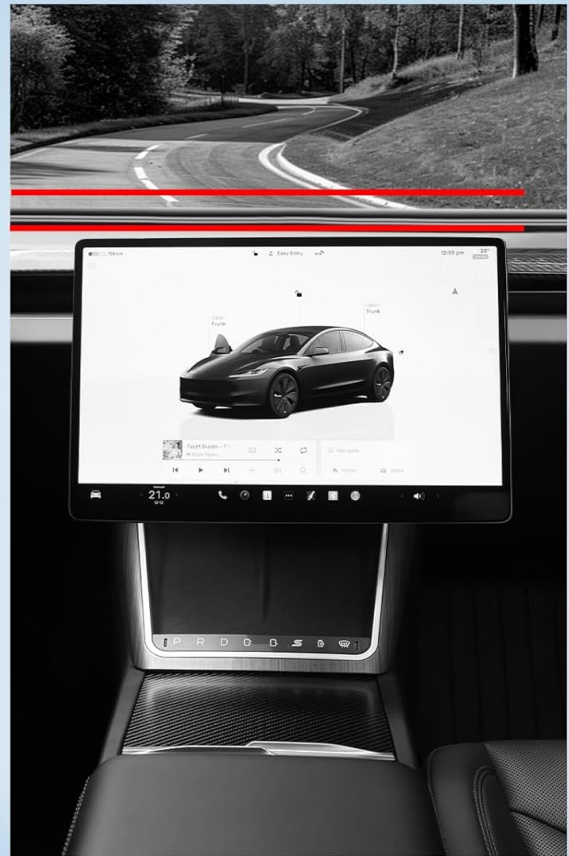

3. KEY FEATURES

- **40° Four-Way Rotation:** Allows for 40° smooth rotation up, down, left, and right, enabling optimal viewing angles for both driver and passengers. This feature helps in reducing glare and improving visibility.
- **Maintains Original Screen Height:** Engineered to keep the screen at its original factory height after installation, preventing obstruction of the driving field of vision or the wireless charging area.

KEEPS ORIGINAL HEIGHT

Ours: OEM Height

Others: Height Drop

Image: A visual comparison demonstrating how the Saunoyo mount maintains the original screen height, contrasting it with other mounts that cause a noticeable height drop.

- **High-Quality Materials:** Constructed from aviation-grade aluminum alloy for strength and corrosion resistance, combined with a durable powder coating and high-strength ABS casing.

Image: A detailed view of the mount's construction, emphasizing its aerospace-grade aluminum alloy for lightweight durability, powder-coated finish for seamless interior matching, high-strength ABS casing for impact resistance, and the dual-axis mechanism for precise four-way rotation.

- **Double Locking Design:** Features a robust double locking mechanism to ensure the screen remains stable and secure, even on uneven or bumpy roads, enhancing driving safety.

Damage-Free Installation

Perfect fit, zero damage — no cutting required
