## PSIER X11

# PSIER X11 Bone Conduction Headphones User Manual

Model: X11

## INTRODUCTION

Thank you for choosing PSIER X11 Bone Conduction Headphones. These open-ear headphones utilize advanced bone conduction technology to deliver clear audio while allowing you to remain aware of your surroundings. Designed for comfort and durability, they are ideal for various activities including sports and daily use.

## PACKAGE CONTENTS

Please check the package for the following items:

- PSIER X11 Bone Conduction Headphones
- USB Charging Cable
- User Manual

## SAFETY INFORMATION

To ensure safe and optimal use of your PSIER X11 headphones, please observe the following:

- **Hearing Protection:** Avoid listening at high volume levels for extended periods to prevent hearing damage.
- **Environmental Awareness:** The open-ear design allows you to hear your surroundings. Always be aware of traffic and other hazards when using headphones outdoors.
- **Water Resistance:** The headphones feature an IPX6 waterproof rating, making them resistant to

sweat and moisture. They are suitable for activities like cycling and hiking. **Note: These headphones are not designed for swimming or submersion in water.**

- **Cleaning:** Use a soft, dry cloth to clean the headphones. Avoid harsh chemicals or abrasive materials.

## SETUP

### How to Wear

The PSIER X11 headphones are designed for a secure and comfortable fit around your ears. The flexible titanium memory frame ensures stability during movement.

1. Gently place the ear hooks over your ears.
2. Position the bone conduction transducers (the flat circular parts) on your cheekbones, just in front of your ears.
3. Adjust the headband for a snug and comfortable fit around the back of your head.

### How to Wear

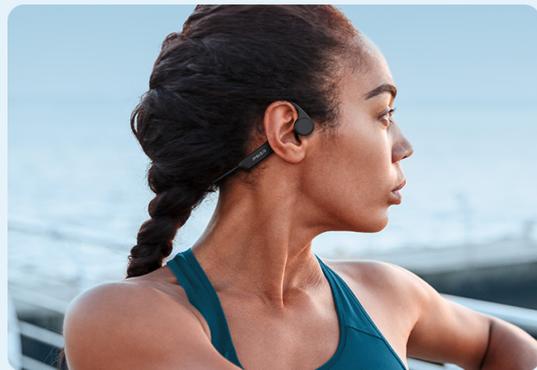

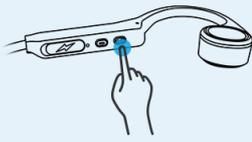

Image: Visual guide for correctly wearing the headphones.

### How to Pair

The headphones use Bluetooth 5.4 for a quick and stable connection.

1. **Power On:** Press and hold the "O+" button for 3 seconds to power on the headphones. The indicator light will flash, indicating pairing mode.
2. **Connect:** On your mobile device, open Bluetooth settings and select "X11" from the list of available devices to connect.
3. **Confirmation:** Once connected, the indicator light will stop flashing, and you will hear an audio confirmation.

## How to Pair

Bone conduction headphones one-step quickly pairing that long presses the "O+" button for 3s to power on.

1

Click "X11" on your mobile device to connect.

Press "O+" for 2s	Reject Call
Double Click "O+"	Volume Up
Triple Click "O+"	Next Track
Double Click "O-"	Volume Down
Triple Click "O-"	Previous Track

## MAINTENANCE

Proper maintenance will extend the lifespan of your PSIER X11 headphones:

- **Cleaning:** Regularly wipe the headphones with a soft, damp cloth. Ensure the charging port is dry before charging.
- **Storage:** Store the headphones in a cool, dry place away from direct sunlight and extreme temperatures.
- **Charging:** Use the provided USB charging cable. Avoid using damaged cables or chargers.
- **Battery Care:** For optimal battery life, avoid fully discharging the headphones frequently. Charge them regularly, even if not in use for extended periods.

## TROUBLESHOOTING

If you encounter issues with your PSIER X11 headphones, please refer to the following common solutions:

- **Headphones not powering on:** Ensure the headphones are fully charged. Connect them to a power source using the USB cable.
- **Unable to pair with device:**
  - a. Ensure the headphones are in pairing mode (indicator light flashing).
  - b. Turn off and on your device's Bluetooth.
  - c. Forget "X11" from your device's Bluetooth list and attempt to pair again.
  - d. Try pairing with a different device to rule out device-specific issues.
- **No sound or low volume:**
  - a. Check the volume levels on both the headphones and your connected device.
  - b. Ensure the headphones are properly positioned on your cheekbones.
  - c. Verify that the headphones are connected to the correct audio output on your device.
- **Intermittent connection:**
  - a. Ensure your device is within the Bluetooth range (typically 10 meters/33 feet) of the headphones.
  - b. Avoid obstacles that may interfere with the Bluetooth signal.
  - c. Disconnect and reconnect the headphones to your device.

If these steps do not resolve the issue, please contact customer support.
