# Generic Dining Table Leg Set, Black Powder-Coated Steel, Model 357887

Instruction Manual

## 1. PRODUCT OVERVIEW

---

This document provides comprehensive instructions for the assembly, usage, and maintenance of your Generic Dining Table Leg Set, Model 357887. This set features a robust O-frame design, crafted from black powder-coated steel, offering a stable and modern foundation for custom dining tables, benches, or side tables.

The powder-coated steel construction ensures durability and a sleek aesthetic that complements various interior design styles, from industrial to minimalist. This product includes the table legs only; a tabletop is not included.

## 2. ASSEMBLY INSTRUCTIONS

---

Assembly of the Dining Table Leg Set is straightforward and requires approximately 1 person. All necessary components for assembly are included with the legs. Please ensure you have a suitable tabletop (not included) ready for attachment.

### 2.1 Unpacking and Component Check

- Carefully unpack all components from the packaging.
- Verify that all parts are present and undamaged. Refer to the included parts list (if provided in packaging) to ensure completeness.

### 2.2 Attaching Legs to Tabletop

1. Place your chosen tabletop upside down on a clean, soft, and stable surface to prevent scratches.
2. Position the table leg frames onto the tabletop, ensuring they are evenly spaced and aligned with the edges of the tabletop. The pre-drilled holes on the leg frames should align with the desired mounting points on your tabletop.

3. Using the provided screws, securely fasten the leg frames to the tabletop. Ensure screws are tightened firmly but do not overtighten to avoid damaging the tabletop material.

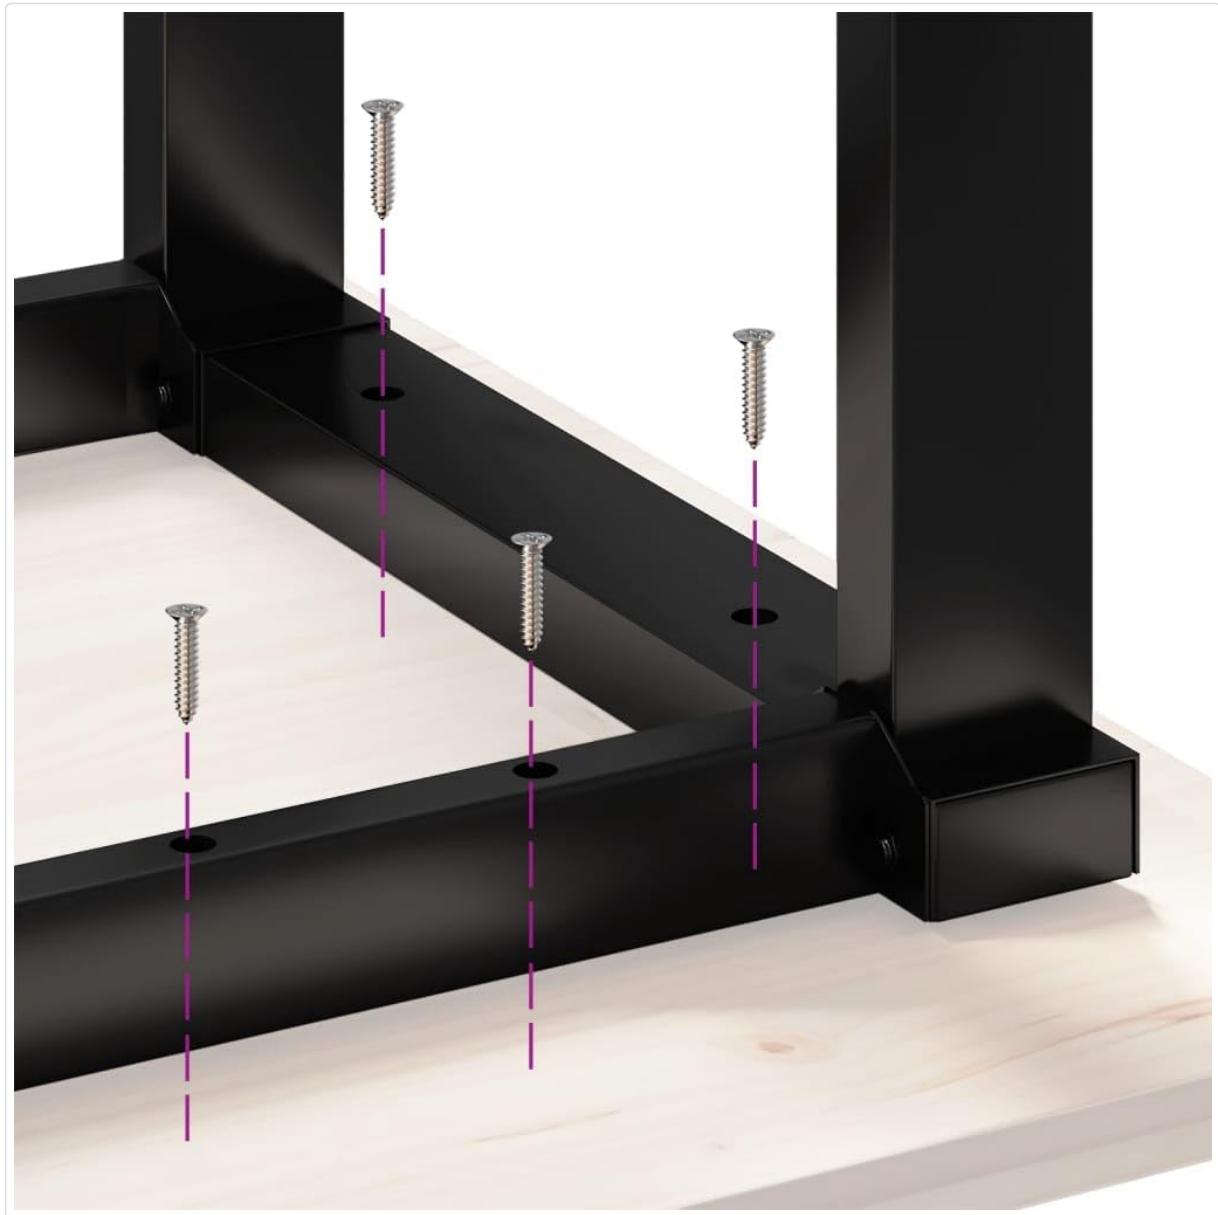

Image 2.1: Illustration of the screw attachment process, showing screws being driven through the leg frame into a tabletop.

Image 2.2: Detail of a corner connection point on the table leg frame, highlighting the secure fastening mechanism.

## 2.3 Final Placement

- Once both leg frames are securely attached, carefully turn the assembled table upright.
- Place the table in its desired location. Ensure the table is stable and level. Adjust as necessary.

## 3. USAGE GUIDELINES

---

The Generic Dining Table Leg Set is designed to provide a stable and durable support structure for various tabletops. Its robust metal construction ensures it can support a wide range of tabletop sizes and weights without compromising stability.

- Versatile Application:** These legs are suitable for creating dining tables, work desks, benches, or side tables.
- Stability:** The O-frame structure provides excellent weight distribution and stability. Always ensure the tabletop is securely fastened to the legs.
- Indoor Use:** While durable, these legs are primarily designed for indoor use. Prolonged exposure to outdoor elements may affect the powder-coated finish and material integrity.

## 4. MAINTENANCE

---

Proper maintenance will help preserve the appearance and longevity of your dining table leg set.

- **Cleaning:** Wipe the steel legs with a soft, damp cloth. For stubborn marks, a mild soap solution can be used, followed by drying with a clean, soft cloth. Avoid abrasive cleaners or harsh chemicals, as these can damage the powder-coated finish.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary to maintain stability.
- **Protection:** Avoid dragging the table across floors, as this can scratch both the legs and the flooring. Lift the table when moving it.

## 5. TROUBLESHOOTING

---

If you encounter any issues with your table leg set, consider the following common solutions:

- **Table Wobbles:**
  - Ensure all screws attaching the legs to the tabletop are securely tightened.
  - Check if the floor surface is even. Use furniture glides or shims under the legs if necessary to level the table.
- **Scratches on Finish:**
  - Minor scratches on the powder-coated finish can sometimes be touched up with a black enamel paint pen designed for metal surfaces.

## 6. SPECIFICATIONS

---

Feature	Detail
Model	357887
Color	Black
Shape	Rectangular (O-frame)
Material	Metal Powder-Coated Steel
Finish	Powder-Coated
Dimensions (W x L x H)	23.6 x 55.1 x 28.7 inches (60 x 140 x 73 cm)
