### **Espelho DU4LB-WS-666**

# **Espelho Automatic Cat Feeder WiFi: Instruction Manual**

Model: DU4LB-WS-666

## **INTRODUCTION**

Thank you for choosing the Espelho Automatic Cat Feeder. This smart feeder is designed to simplify your pet care routine by providing automated and customizable feeding schedules. With its user-friendly app control, dual power supply, and anti-clog design, you can ensure your pet receives timely and appropriate meals, promoting a healthy diet and peace of mind.

Figure 1: Espelho Automatic Cat Feeder in use with app control.

## Key Features:

- **User-Friendly App Control:** Manage feeding schedules, portions, and track records from anywhere via the 'PetTech' app (2.4Ghz WiFi only).
- **Build A Healthy Diet:** Set up to 10 meals daily with 1-20 portions per meal, reducing the risk of overeating.
- **Anti-Clog Design:** Innovative wide-angle, 40-degree slope ensures smooth food flow for dry kibble sizes from 0.07 to 0.4 inches.
- **Dual Power Supply:** Operates with AC power or 3xD size batteries (not included) for uninterrupted feeding.
- **Personalized Voice Meal Call:** Record a 10-second voice message to play automatically at meal times.

## SETUP GUIDE

Follow these steps to set up your Espelho Automatic Cat Feeder and connect it to the 'PetTech' app.

1. **Download the 'PetTech' App:** Scan the QR code below or search for 'PetTech' in your App Store or Google Play to download the application.

Figure 2: QR Code for PetTech App.

Alternatively, download from: <https://a.smart321.com/Pettrdv1pearV152>

2. **Enable Bluetooth and WiFi:** On your smartphone, ensure both Bluetooth and 2.4Ghz WiFi are turned on. The feeder only supports 2.4Ghz WiFi.

Figure 3: Enable Bluetooth and WiFi.

3. **Add the Device:** Open the 'PetTech' app. You can add the device in two ways:
  - Directly choose "Add" if the device is automatically discovered.
  - Manually select "Pet Feeder (Wi-Fi)" from the device list.

Figure 4: Two ways to add device.

4. **Connect to the Network:** Connect the feeder to a power source. Wait for the third indicator blue light to be in fast flashing mode (WiFi Pairing Mode). Enter your 2.4G WiFi name and password in the app and click next.

Figure 5: Connect to the network.

5. **Wait Until Adding Successfully:** Once connected, you can customize the name of your pet feeder in the app.

**Lock Button**

**One-Click Feeding**

**Anti-Slip Design**

## OPERATING THE FEEDER

### App Control Feeding

The 'PetTech' app allows for comprehensive control over your pet's feeding schedule. You can easily set and modify feeding times and portions.

# APP Remote Control Feeding

Easy to set and convenient to modify

Figure 7: App remote control feeding interface.

- **Scheduling:** Set up to 10 meals per day.
- **Portion Control:** Adjust 1-20 portions per meal (1 portion  $\approx$  1 tbsp  $\approx$  6g).
- **Feeding Records:** The app tracks feeding history for easy monitoring.

## Manual Feeding

For immediate feeding, you can use the manual feed button on the device itself.

### Connect the Device

- 

**1**

**Download "PetTech" App**  
Scan the QR code to download the App& log in.Or Search "PetTech" on App store or Google Play
- 

**2**

**Turn on your phone's Bluetooth and WIFI.**
- 

**3**

**Two buttons to Add the Device**  
Enter your 2.4G WiFi Name and password and click next.(If your Wi-Fi is 5GHz, please set to be 2.4 Ghz)

Figure 8: Control panel with Feed button.

- Press the 'FEED' button once to dispense one portion of food.
- The 'Lock' button prevents accidental presses.

## Voice Recording

Record a personalized 10-second voice message to call your pet at meal times.

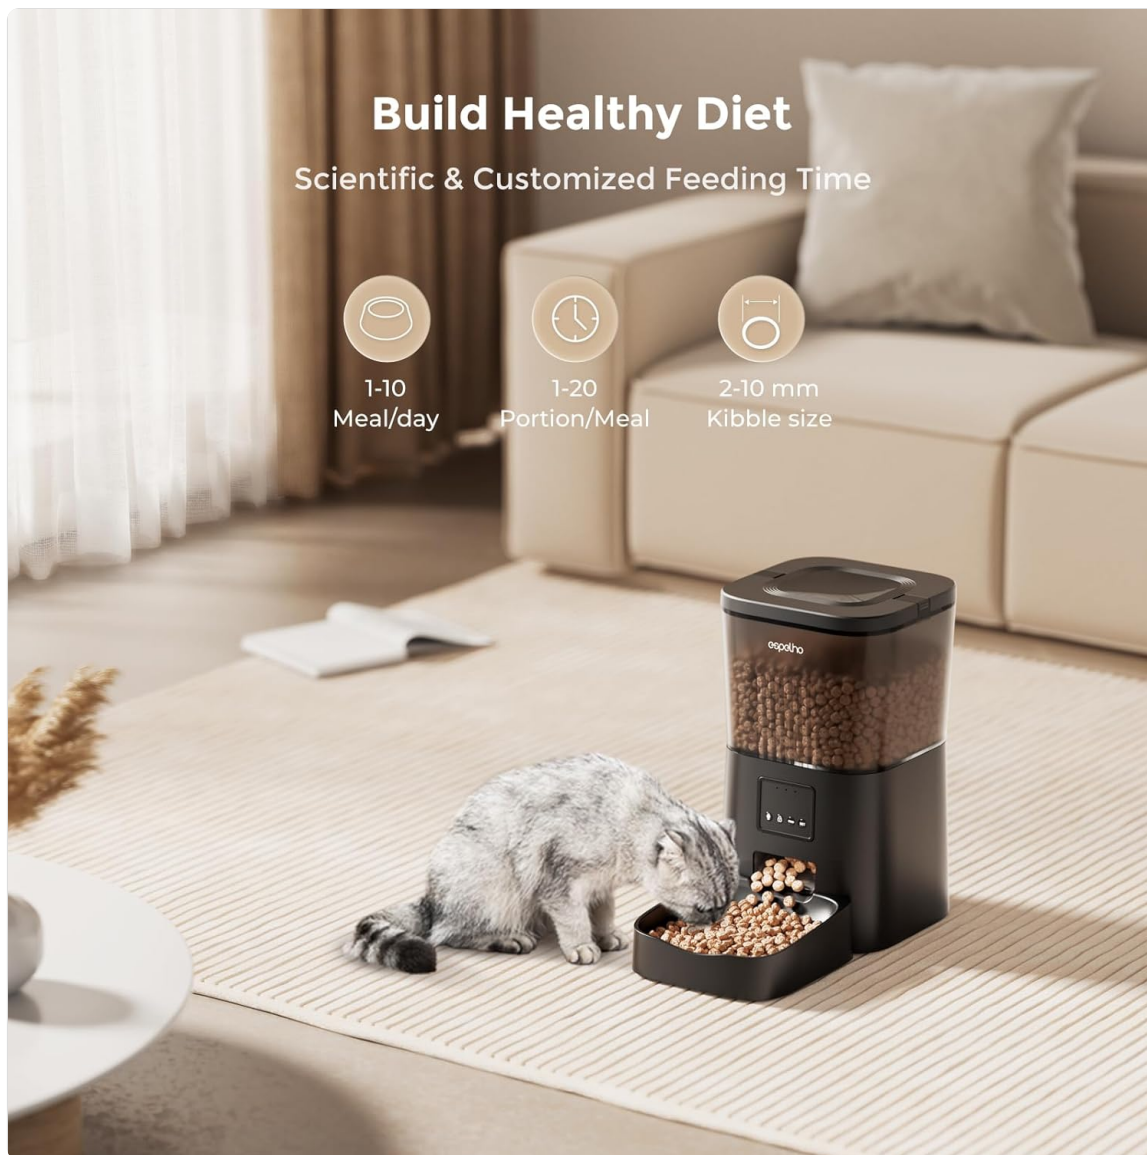

Figure 9: Voice recording feature in action.

- Press and hold the record button on the feeder or use the app to record your message.
- The recorded message will play automatically when food is dispensed.

## MAINTENANCE

Proper maintenance ensures the longevity and hygiene of your pet feeder.

## Cleaning

The food tank and bowl are detachable for easy cleaning.

Figure 10: Detachable food tank for easy cleaning.

- Hand wash only for all detachable parts.
- Ensure all parts are completely dry before reassembling.

## Keeping Food Fresh

The feeder includes a desiccant box to maintain food freshness.

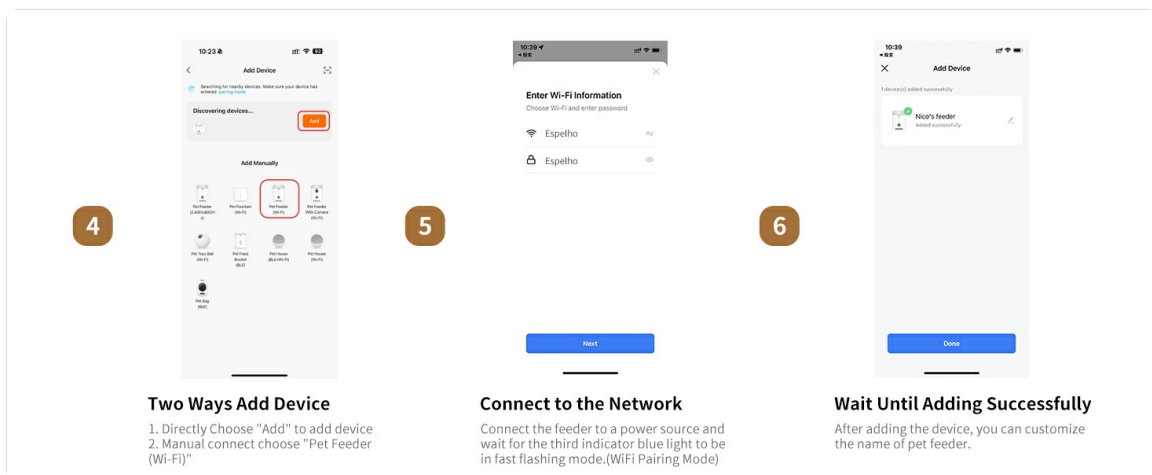

Figure 11: Desiccant bag and pet-proof safety lock.

- Replace the desiccant bag periodically to ensure optimal food freshness.
- The pet-proof safety lock on the lid helps keep food secure and fresh.

## TROUBLESHOOTING

If you encounter any issues with your Espelho Automatic Cat Feeder, please refer to the following common solutions:

- **Food Dispensing Issues:** Ensure only dry food with a diameter of 2-10mm is used. Larger food may get stuck or block the food outlet.
- **Power Outages/Battery:** If using batteries as backup, check them regularly and replace them

before extended trips.

- **App Disconnection:** If the product disconnects from the network, restart the device and open the app to reconnect. Ensure your WiFi is 2.4Ghz.
