iginoa F2 Tracker Tags: MFI Certified Apple Find My Compatible GPS Tracker

Model: **F2** | Brand: **iginoa**

INTRODUCTION

The iginoa F2 Tracker Tag is a compact, MFI-certified device designed to help you locate your valuable items using Apple's extensive Find My network. This manual provides essential information on setting up, operating, maintaining, and troubleshooting your tracker, ensuring a seamless experience in preventing loss and keeping track of your belongings, children, elderly family members, or pets.

With global positioning capabilities and robust privacy features, the iginoa F2 offers peace of mind wherever you are.

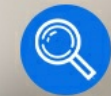

SETUP INSTRUCTIONS

Follow these steps to set up your iginoa F2 Tracker Tag with your Apple device:

1. **Enable Bluetooth:** Ensure Bluetooth is turned on for your iPhone, iPad, or Mac.
2. **Open Find My App:** Launch the Apple Find My application on your device.
3. **Activate Tracker:** Press and hold the button on the iginoa F2 Tracker Tag for approximately 1 second until you hear a "pip, pip" sound. Release the button.
4. **Add Item:** In the Find My app, navigate to the "Items" tab. Tap the "+" icon and select "Add Other Item".
5. **Connect:** Your device will search for nearby trackers. Once "F2" appears on the screen, tap it to connect. Follow any on-screen prompts to complete the pairing process.

OPERATING INSTRUCTIONS

Locating Items Globally

The iginoa F2 Tracker Tag leverages Apple's Find My network, allowing you to track your items worldwide. The location of your tracker will be displayed on a map within the Find My app on your iPhone, iPad, or Mac. This feature works regardless of distance, providing real-time location updates.

Playing Sound to Find Nearby Items

If your item is within Bluetooth range, you can make the iginoa F2 Tracker Tag play a sound to help you locate it. This is particularly useful for finding items misplaced around your home or office, such as keys or a wallet.

- Open the **Find My** app.
- Select the **Items** tab.
- Tap on your **iginoa F2 Tracker Tag** from the list.
- Tap **"Play Sound"**. The built-in speaker will emit a clear, loud sound, making it easier to find your item even amidst everyday noise.

Figure 2: Using the Find My app to locate your iginoa F2 Tracker Tag on a map and play a sound.

Loss Prevention Notifications

The iginoa F2 Tracker Tag can alert you if you leave an item behind. When an item with a tracker moves out of your device's Bluetooth range, you will receive a pop-up notification on your iPhone, helping to prevent loss before it happens. This feature is active when 'Lost Mode' is enabled.

Figure 3: Example of a 'left behind' notification and various applications for the tracker, including monitoring children, pets, and the elderly.

Compatibility

The iginoa F2 Tracker Tag is compatible with Apple devices running iOS 14.5 or later, iPadOS 14.5 or later, and macOS 12.5 or later. It seamlessly integrates with the native Apple Find My app, requiring no additional third-party applications.

MAINTENANCE

Battery Replacement

The iginoa F2 Tracker Tag is powered by a CR2032 button battery, offering up to 1 year of continuous use under standard conditions. When the battery is low or depleted, you can easily replace it with a new CR2032 battery, which is widely available.

1. Locate the battery compartment on the tracker.
2. Use a small tool (e.g., a coin or a specialized pick) to gently twist open the battery cover.
3. Remove the old CR2032 battery.
4. Insert a new CR2032 battery with the positive (+) side facing up.
5. Align the battery cover and twist it back into place until securely closed.

Note: Dispose of used batteries responsibly according to local regulations.

TROUBLESHOOTING

Tracker Not Connecting or Responding

If your iginoa F2 Tracker Tag is not connecting to your device or is unresponsive, try the following reset procedure:

- 1. Remove from Find My:** In the Apple Find My app, go to the "Items" tab, select your iginoa F2 Tracker Tag, and choose to remove it from your account.
- 2. Initiate Reset - Step 1:** Press and hold the button on the tracker once. When you hear a "pip, pip" sound, release your finger.
- 3. Initiate Reset - Step 2:** Press the button twice. When you hear a "pi, pi, pi" sound, release your finger.
- 4. Initiate Reset - Step 3:** Press and hold the button for 5 seconds. You will hear a "piroriron" sound. Continue holding until you hear a "piroriron" sound, then release. The reset operation is now complete.
- 5. Re-add Tracker:** Follow the "Setup Instructions" above to add the tracker to your Find My app again.

General Connectivity Issues

- Ensure your Apple device's Bluetooth is enabled.
- Check if the tracker's battery needs replacement.
- Make sure your Apple device is running a compatible iOS, iPadOS, or macOS version (14.5 or later).
- Restart your Apple device and try connecting again.

WARRANTY AND SUPPORT

Your iginoa F2 Tracker Tag comes with comprehensive support to ensure a safe and comfortable user experience. The product package includes a detailed manual in English, covering setup procedures, battery replacement, and usage tips. This ensures that even first-time users can operate the device without difficulty.

Privacy Protection

The iginoa F2 Tracker Tag is designed with advanced privacy protection features. Each tracker is linked to your Apple ID, preventing unauthorized individuals from tracking your items without your consent. In the event that an unknown tracker is detected moving with you, your iPhone will automatically notify you and the tracker will emit a sound, effectively preventing misuse and unauthorized tracking.

This design adheres to Apple's strict privacy policies and complies with personal information protection laws, ensuring your safety and privacy.

For further assistance or inquiries, please refer to the contact information provided in your product packaging or visit the official iginoa support website.
