SMOOL SMOOL-350

SMOOL Vanity with Mirror and Lights - White 43Inches User Manual

Model: SMOOL-350

INTRODUCTION

Thank you for choosing the SMOOL Vanity with Mirror and Lights. This manual provides essential information for the safe assembly, operation, and maintenance of your new vanity desk. Please read these instructions thoroughly before beginning assembly and retain this manual for future reference.

IMPORTANT SAFETY INFORMATION

For your safety and to prevent damage to the product, please observe the following precautions:

- Always unplug the vanity before assembly or maintenance.
- Be cautious of sharp edges and heavy weight during assembly and maintenance.
- Keep electrical components dry and away from water.
- Do not use the vanity if the cord is damaged or if it makes unusual noises or smells.
- Always follow the assembly instructions carefully to avoid injury.

PACKAGE CONTENTS

Please verify that all components are present before beginning assembly. If any parts are missing or damaged, contact customer support.

- Vanity Desk Frame (Engineered Wood)
- Mirror with Integrated Lights
- 9 Drawers with Crystal Handles
- Soft Cushioned Stool
- Power Outlet Unit (2 AC, 2 USB)
- Assembly Hardware and Tools
- Instruction Manual

SETUP AND ASSEMBLY

Assembly of the SMOOL Vanity is required. Please follow the detailed assembly instructions provided in the separate assembly guide included with your package. Ensure you have adequate space and assistance if needed, as the unit is heavy.

Key Assembly Steps:

1. Unpack all components and verify against the package contents list.
2. Assemble the main desk frame according to the diagrams.
3. Install the drawer slides and assemble the 9 drawers.
4. Attach the mirror securely to the desk frame.
5. Install the power outlet unit and connect the mirror's lighting system.
6. Assemble the cushioned stool.

OPERATING INSTRUCTIONS

Mirror Lighting System

The integrated mirror lights feature touch control for adjusting brightness and color temperature.

- **Power On/Off:** Tap the touch sensor on the mirror to turn the lights on or off.
- **Change Color Mode:** With the lights on, tap the touch sensor repeatedly to cycle through the 3 color temperature modes: Warm White, Natural White, and Cold White.
- **Adjust Brightness:** With the lights on, press and hold the touch sensor to smoothly adjust the brightness level. Release when the desired brightness is achieved.

Built-in Power Outlet

The vanity desk includes a convenient power outlet unit for charging devices and powering beauty tools.

- **AC Outlets:** Two (2) standard 125V/12A AC sockets are available for hair dryers, curling irons, or other electrical appliances.
- **USB Ports:** Two (2) 5V/2A USB ports are provided for charging smartphones, tablets, and other USB-powered devices.
- The power cord for the vanity is approximately 4.9 feet long. Ensure it is plugged into a suitable wall outlet.

MAINTENANCE

Proper care will ensure the longevity and appearance of your vanity desk.

- **Cleaning Surfaces:** Wipe all engineered wood surfaces with a dry, soft cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Mirror Cleaning:** Use a glass cleaner specifically designed for mirrors and a lint-free cloth. Spray cleaner onto the cloth, not directly onto the mirror, to prevent liquid from seeping into the edges or electrical components.
- **Drawer Maintenance:** Periodically check drawer slides for smooth operation. If drawers become stiff, a small amount of silicone lubricant can be applied to the slides.
- **Electrical Components:** Ensure the power outlet and mirror light connections remain dry and free from dust. Do not attempt to repair electrical components yourself.

TROUBLESHOOTING

If you encounter issues with your vanity desk, refer to the following common solutions:

Problem	Possible Cause	Solution
Mirror lights not turning on.	Power cord unplugged, loose connection, faulty touch sensor, power outage.	Ensure the power cord is securely plugged into a working wall outlet. Check the connection between the mirror and the desk. Gently tap the touch sensor. If issues persist, contact customer support.
Lights not changing color or brightness.	Incorrect operation of touch sensor, sensor malfunction.	Review the "Mirror Lighting System" operating instructions. Ensure you are tapping to change color and pressing/holding to adjust brightness.
Power outlets/USB ports not working.	Vanity not plugged in, internal wiring issue.	Verify the vanity's main power cord is plugged into a live outlet. Test with a different device. If no power, contact customer support.
Drawers are stiff or do not slide smoothly.	Misalignment during assembly, debris in slides, lack of lubrication.	Check drawer alignment and ensure no objects are obstructing the slides. Clean the slides and apply a small amount of silicone lubricant if necessary. Refer to assembly guide for re-alignment.

SPECIFICATIONS

Feature	Detail
Brand	SMOOL
Model Number	SMOOL-350
Color	White
Size	43 Inches (Width)
Product Dimensions	15.8"D x 43"W x 54"H
