Dbasne MD058A black01

Dbasne AI Translation Earbuds MD058A User Manual

Your comprehensive guide to operating and maintaining your Dbasne AI Translation Earbuds.

Introduction

The Dbasne MD058A AI Translation Earbuds are a versatile 3-in-1 device designed for real-time translation, high-definition calls, and music playback. These earbuds offer instant translation across 164 languages with high accuracy and low latency, making them ideal for international travel, business negotiations, language learning, and everyday communication.

This manual provides detailed instructions on how to set up, operate, and maintain your earbuds to ensure optimal performance and longevity.

What's in the Box?

Image: Contents of the Dbasne MD058A AI Translation Earbuds package, including the earbuds, charging case, USB-C cable, and user manuals.

- 2 x MD058A Language Translator Earbuds
- 1 x Charging Box
- 3 x Pairs of Earplugs (S/M/L)
- 1 x User Manual
- 1 x Translation Manual (with built-in authorization QR)
- 1 x USB-C Charging Cable

Setup

1. Charging the Earbuds and Case

Image: The earbuds in their charging case, illustrating the LED power display and charging indicators.

1. Before first use, fully charge the earbuds and the charging case.
2. Connect the USB-C charging cable to the charging case and a power source.

3. The LED display on the front of the case will show the exact battery percentages for the left earbud, right earbud, and the case itself.
4. A full charge for the case takes approximately 90 minutes. A 15-minute quick charge provides about 2 hours of earbud power.
5. The earbuds provide up to 5 hours of use on a single charge, with the charging case extending total runtime to 25 hours.

2. Downloading the "EarDance" App

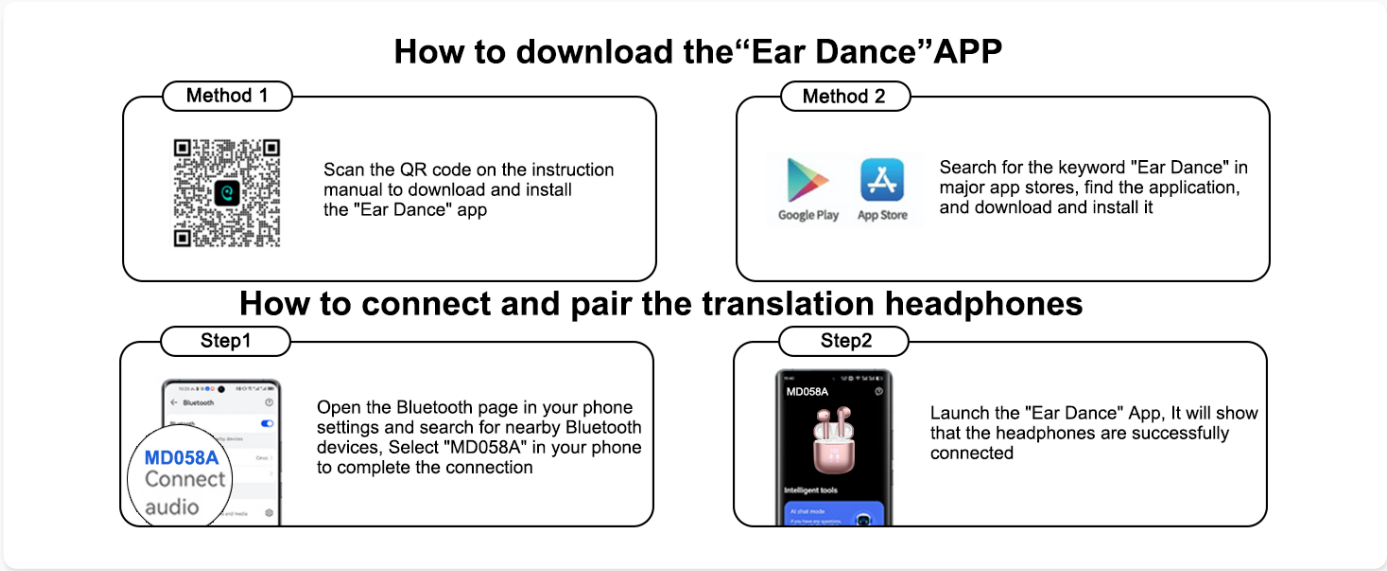

Image: Two methods for downloading the "EarDance" app: scanning a QR code or searching in app stores.

The "EarDance" app is essential for unlocking all features of your earbuds, including translation modes, firmware updates, and AI conversation mode. There is no subscription required.

1. **Method 1: Scan QR Code**
   Scan the QR code provided in the instruction manual or on the product packaging to directly download and install the "EarDance" app.
2. **Method 2: Search App Stores**
   Search for "EarDance" in your device's app store (Google Play Store for Android or Apple App Store for iOS), then download and install the application.
3. Alternatively, you can visit the official download page:https://earjoy.watchfun.cn/app-download-h5?appCode=eardance

3. Connecting and Pairing the Translation Headphones

Image: Visual guide for Bluetooth pairing and app connection.

1. **Step 1: Bluetooth Pairing**
   Open the Bluetooth settings on your phone. Search for nearby Bluetooth devices and select "MD058A" to complete the connection. The earbuds use Bluetooth 5.4 for a stable connection up to 15m.
2. **Step 2: Launch App**
   Once paired, launch the "EarDance" App. The app will indicate that the headphones are successfully connected.

4. Binding the Device

Image: Steps for device binding within the "EarDance" app, showing options for entering an authorization code or scanning a QR code.

1. **Step 1: Enter "My" Page**
   After connecting the device, enter the "My" page of the App and click "Bind Device".
2. **Step 2: Authorize Device**
   a. **Method 1: Enter Authorization Code**
      Enter the authorization code (e.g., "12345678") in the dialog box.
   b. **Method 2: Scan Authorization Code**
      Scan the authorization QR code provided in your translation manual.

Operating Instructions

1. 3-in-1 Functionality

Image: The earbuds offer three core functions: real-time translation, music playback, and phone calls.

Your Dbasne MD058A earbuds seamlessly integrate three primary functions:

- **Real-time Translation:** Access 164 languages with high accuracy and low latency.
- **HD Calls:** Enjoy clear conversations with advanced ENC noise cancellation.
- **Music Playback:** Experience superior Hi-Fi stereo sound quality.

2. Translation Modes

Image: Overview of the seven distinct translation modes available through the EarDance app.

The "EarDance" app provides 6 distinct translation modes to suit various scenarios:

- **Free Talk Mode (Supports 164 languages):**

Image: Free Talk Mode in action, where both parties wear an earbud for seamless, real-time translated conversations.

Automatically detects and translates speech in real-time. Both parties wear one earbud each to facilitate free communication.

- **Headset+Phone Mode (Supports 164 languages):**

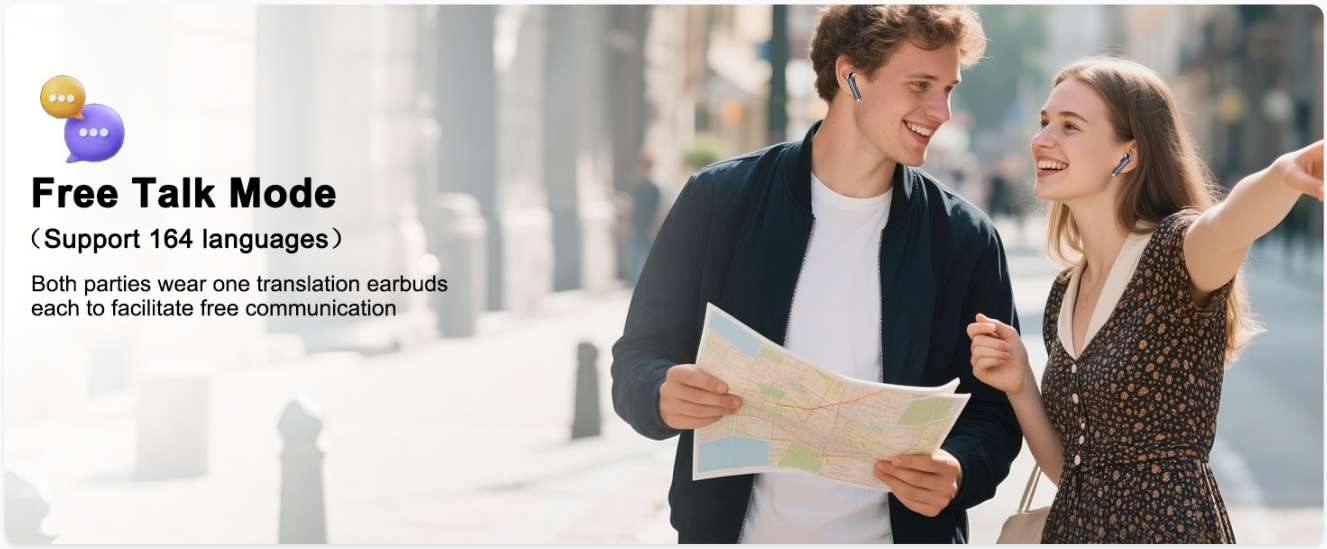

Image: Headset+Phone Mode, allowing one user to wear an earbud while the other uses their phone for quick two-way interaction.

One user wears an earbud while the other taps their phone to achieve quick two-way interaction and real-time translated conversation.

- **Translation Machine Mode (Supports 164 languages):**

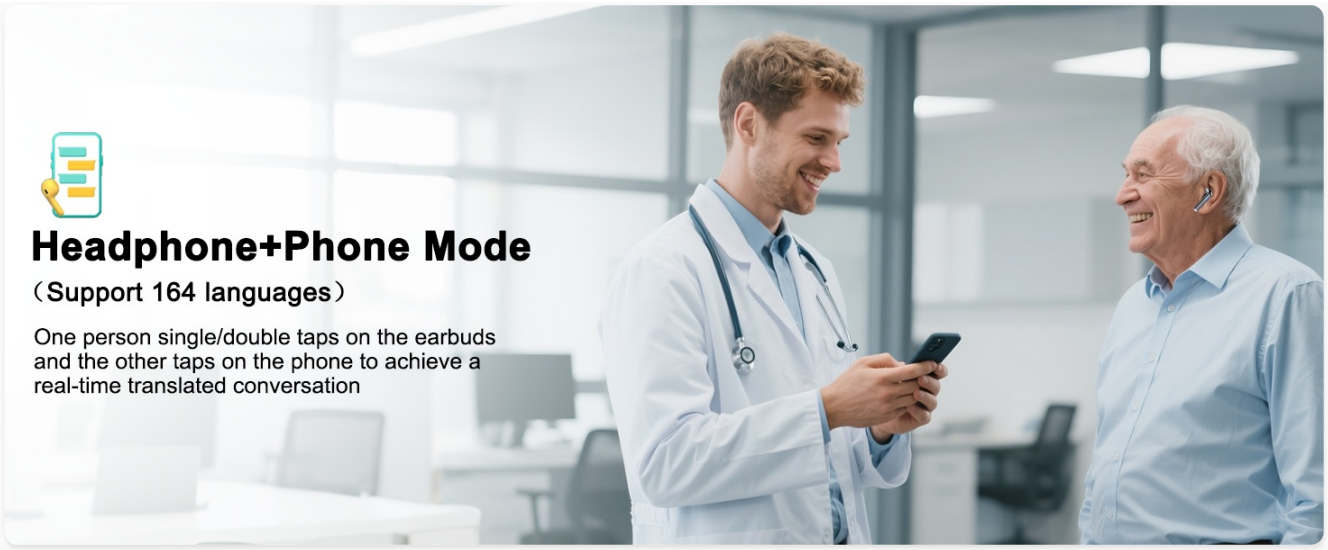

Image: Translation Machine Mode, where users tap a mobile translation button for free communication, similar to a traditional translator.

Works like a traditional translator, playing translations through your speaker. Tap the mobile translation button for free communication.

- **Voice Memo Mode (Supports 164 languages):**

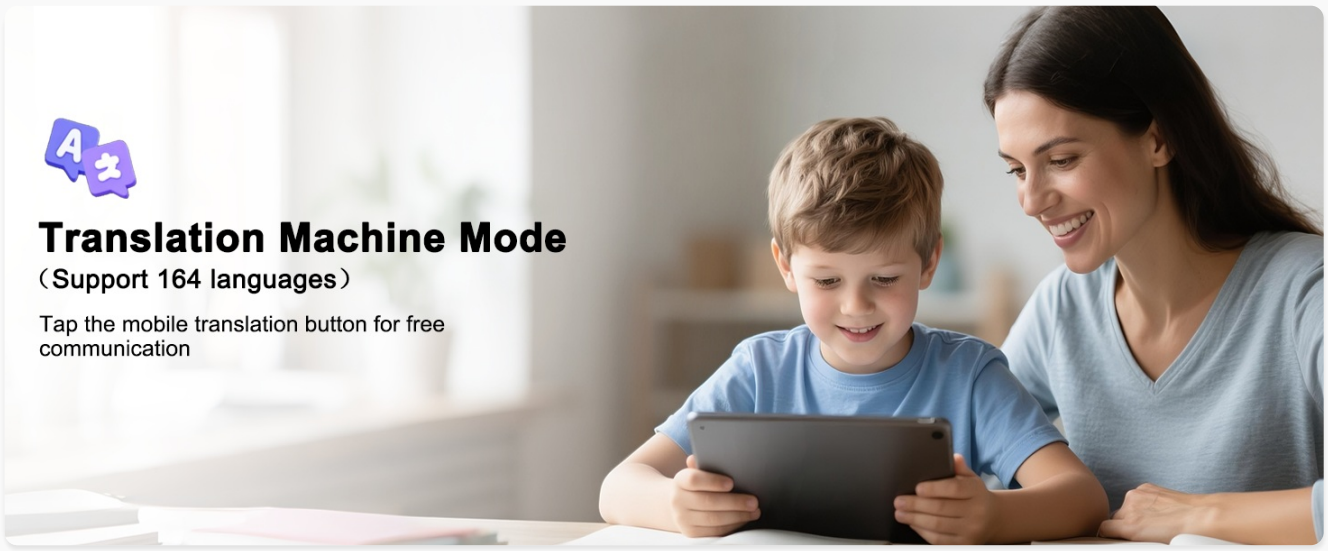

Image: Voice Memo Mode, which converts real-time voice recordings into text output. Text content can be edited, and the maximum recording time is 30 minutes.

Converts speech to text with real-time voice recording and automatic language recognition. Note: Text content can be edited, and the maximum recording time is 30 minutes.

- **Audio & Video Mode:**

Image: Audio and Video Translation Mode, enabling seamless live translation of both audio and video content, breaking language barriers in virtual meetings.

Enables seamless live translation of both audio and video content, perfect for online meetings or media consumption.

- **Camera Mode (Photo Translation):**

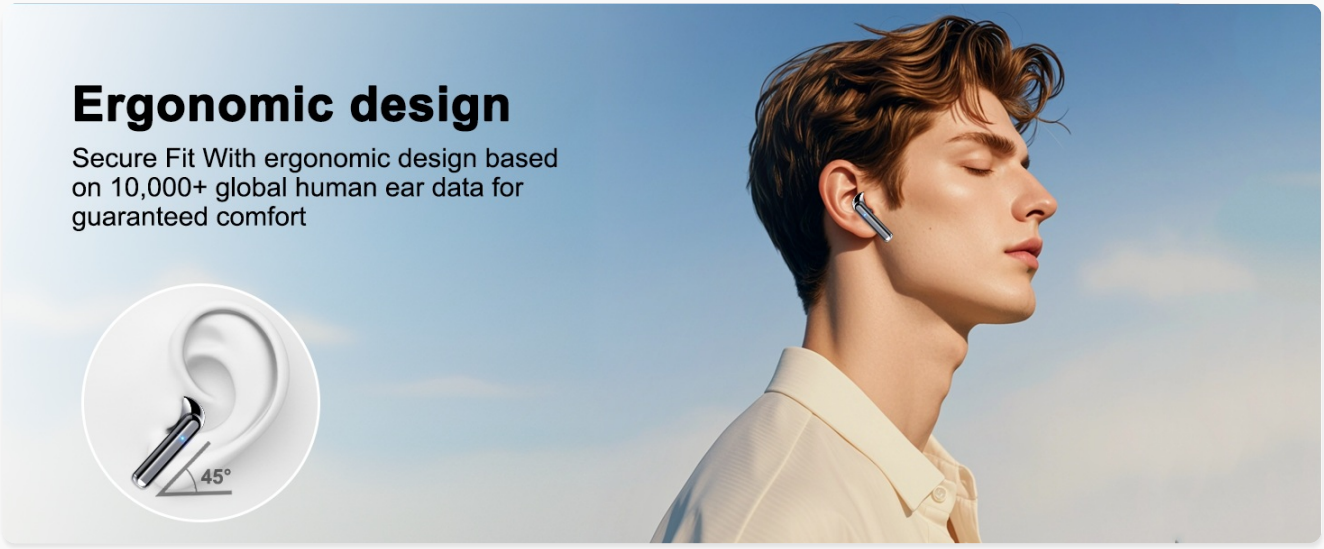

Image: Photo Translation (Camera Mode), which translates captured text from various sources like books, menus, and roadmaps.

Translates captured text from images, useful for signs, menus, or documents.

3. AI Assistant Support (AI Chat Mode)

Image: The AI Chat Mode interface, demonstrating how to interact with the built-in AI assistant for instant, voice-driven help.

Activate the built-in AI assistant within the "EarDance" app to get instant, voice-driven help. Powered by advanced AI, it can answer questions, summarize information, and provide actionable responses in under 5 seconds. This feature supports 10 languages and is designed to streamline work tasks, enhance learning, and assist with problem-solving.

4. Smart Touch Controls

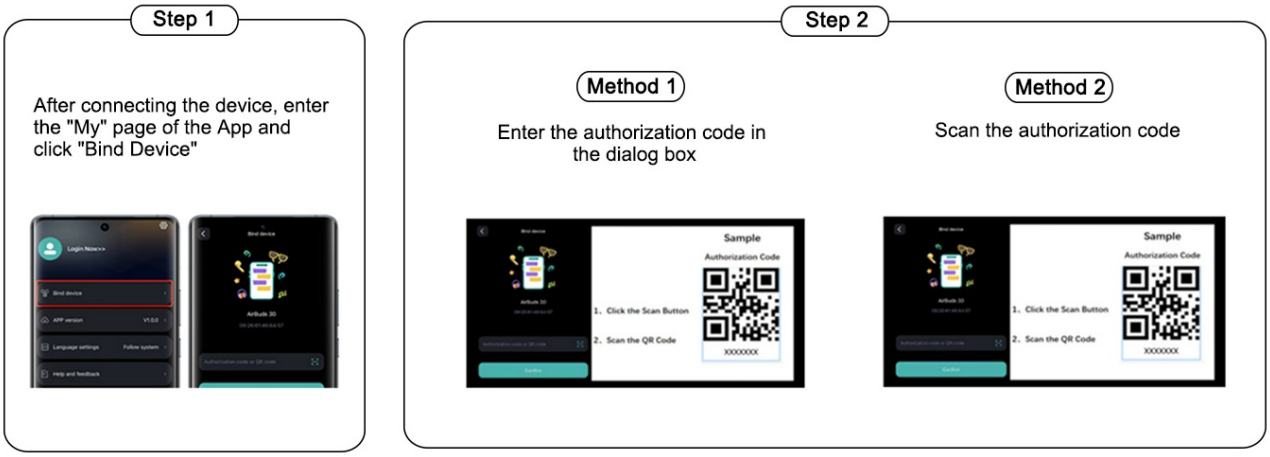

Image: A visual guide to the touch-sensitive controls on the earbuds for various functions.

The earbuds feature high-sensitivity touch panels for easy control:

- **Double Tap (x2):** Play/Pause music, Answer/End call.
- **Long Press (2S):** Switch song (next/previous), Reject call.
- **Single Tap (x1):** Adjust volume.
- **Triple Tap (x3):** Activate Voice Assistant (Siri, Google Assistant, etc.).

Maintenance

1. Cleaning and Storage

- Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth.

- Avoid using abrasive materials, solvents, or aerosol sprays.
- Store the earbuds in their charging case when not in use to protect them from dust and damage.
- Keep the device in a cool, dry place, away from extreme temperatures and direct sunlight.

2. Water Resistance (IPX7)

Image: The earbuds are IPX7 waterproof, making them resistant to sweat and splashes, suitable for workouts and outdoor activities.

The Dbasne MD058A earbuds are rated IPX7 waterproof, meaning they are resistant to sweat and splashes. This makes them suitable for workouts, commuting, and outdoor adventures.

- Do not submerge the earbuds in water.
- Ensure the charging port is dry before charging.
- The charging case is not waterproof.

Troubleshooting

Problem	Possible Cause	Solution
Earbuds not pairing/connecting.	Low battery; out of range; not in pairing mode; previous connection issue.	Ensure earbuds are charged. Place earbuds closer to device. Turn Bluetooth off/on on your device. Forget "MD058A" in Bluetooth settings and re-pair.
Translation not working or inaccurate.	Poor internet connection; incorrect language settings; app not updated.	Ensure stable internet connection. Verify language settings in the "EarDance" app. Update the app to the latest version. Speak clearly and at a moderate pace.
No sound or low volume.	Volume too low on device/earbuds; earbuds not properly seated; dirty earbud mesh.	Adjust volume on both your device and the earbuds. Ensure earbuds are properly inserted. Clean earbud mesh gently.
Charging case not charging.	Faulty cable/adapter; dirty charging port.	Try a different USB-C cable and power adapter. Clean the charging port gently with a dry cotton swab.

Problem	Possible Cause	Solution
AI Assistant not responding.	No internet connection; app issue; incorrect activation gesture.	Ensure stable internet connection. Restart the "EarDance" app. Verify the triple-tap gesture for activation.
