5. MAINTENANCE AND CARE

To ensure the longevity and appearance of your chaise lounge, follow these care guidelines:

- **Cleaning:** The 100% polyester fabric should be spot cleaned only. Use a mild, water-free cleaning solvent or a dry cleaning agent. Do not saturate the fabric. Test in an inconspicuous area first.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fabric fading. Position the chaise lounge away from direct sun exposure or use curtains/blinds.
- **Regular Dusting:** Dust the fabric regularly with a soft brush or vacuum with an upholstery attachment to prevent dirt buildup.
- **Spills:** Blot spills immediately with a clean, dry cloth. Do not rub, as this can spread the stain.
- **Leg Care:** Wipe wooden legs with a soft, damp cloth. Avoid harsh chemicals.

6. TROUBLESHOOTING

If you encounter any issues with your chaise lounge, refer to the following common solutions:

- **Wobbling:** If the chaise lounge wobbles, check that all leg screws are securely tightened. Ensure it is placed on a flat, even surface.
- **Loose Parts:** Periodically inspect all hardware. If any screws or bolts feel loose, tighten them with the appropriate tool.
- **Stains:** For persistent stains, consult a professional upholstery cleaner. Avoid using harsh chemicals that may damage the fabric.
