TALONGAMES ULTRAPAD

TALONGAMES ULTRAPAD Glass Gaming Mouse Pad

INSTRUCTION MANUAL

Introduction

Thank you for choosing the TALONGAMES ULTRAPAD Glass Gaming Mouse Pad. This manual provides essential information for the proper setup, usage, and maintenance of your new gaming accessory. Designed for esports enthusiasts, the ULTRAPAD offers an ultra-smooth glide, high precision, and extreme speed for an optimized gaming experience.

Key Features

- **High-Temperature Tempered Glass:** Constructed from AGC tempered glass treated above 680°C for exceptional durability and wear resistance.
- **Uncoated Design:** Ensures consistent performance and stable control without degradation over time.
- **Ultra-Smooth Glide & Precise Control:** Micro-etched surface provides extremely low friction for smooth movement and pixel-perfect aiming.
- **Precision CNC Milling:** Rounded edges for safe and comfortable use during extended sessions.
- **3mm Thick Design:** Robust yet wrist- and arm-friendly for comfort.
- **Anti-Slip Base:** Full-coverage polyurethane honeycomb base ensures the pad stays firmly in place.
- **Waterproof and Dirt-Resistant:** Easy to clean from sweat or spills, maintaining hygiene.
- **Spacious Area:** 450mm × 400mm size provides ample space for free movement.
- **Includes Universal Mouse Skates:** Comes with "Iwa" (control-oriented) and "Kumo" (speed-oriented) mouse

skates to customize glide feel.

Package Contents

Verify that all items are present in the package:

- TALONGAMES ULTRAPAD Glass Gaming Mouse Pad (Main Unit)
- Custom Cleaning Cloth
- "Iwa" Universal Mouse Skates (Control-oriented)
- "Kumo" Universal Mouse Skates (Speed-oriented)
- TALONGAMES Commemorative Stickers

梱包内容

Package Contents

Setup

1. **Unboxing:** Carefully remove the TALONGAMES ULTRAPAD from its packaging. Inspect the mouse pad for any signs of damage.
2. **Placement:** Place the mouse pad on a clean, flat, and stable surface. Ensure the polyurethane honeycomb base is in full contact with the desk to prevent slipping.
3. **Mouse Skates Installation:** The ULTRAPAD includes two types of universal mouse skates: "Iwa" for control and "Kumo" for speed. Choose the skates that best suit your play style. Clean the bottom of your mouse before applying the skates. Peel the skates from their backing and firmly press them onto the designated areas on your mouse's underside. Ensure they are evenly spaced and securely attached.

Operating Instructions

The TALONGAMES ULTRAPAD is designed for optimal mouse movement and precision. Its micro-etched glass surface provides a consistent, low-friction glide. The choice of mouse skates ("Iwa" for control, "Kumo" for speed) allows for customization of your mouse's glide characteristics.

Simply place your gaming mouse on the pad and begin use. The large surface area (450mm x 400mm) accommodates broad mouse movements, ideal for various gaming genres and professional work.

Maintenance

To ensure the longevity and optimal performance of your ULTRAPAD, follow these maintenance guidelines:

- **Cleaning the Surface:** The glass surface is waterproof and dirt-resistant. For daily cleaning, use the provided

custom cleaning cloth to wipe away dust and fingerprints. For spills or stubborn dirt, use a soft, damp cloth with a small amount of mild glass cleaner. Avoid abrasive cleaners or materials that could scratch the glass.

- **Cleaning the Base:** The polyurethane honeycomb base can be wiped with a damp cloth if it accumulates dust or debris. Ensure it is dry before placing it back on your desk.
- **Handling:** While durable, the glass mouse pad should be handled with care. Avoid dropping it or placing heavy objects on it, which could cause damage.

無臭処理済みベース、嫌な臭いは一切なし
全面ポリウレタン製ハニカム構造滑り止めベース
ODORLESS TREATED BASE、 COMPLETELY ODOR-FREE
FULL POLYURETHANE HONEYCOMB ANTI-SLIP BASE

弊社では数多くのガラス製マウスパッドを実際に購入・検証した結果、ほとんどの製品に不快な臭いがあることを確認しました。そこで、快適にご使用いただけるよう独自の開発を重ね、ついに「無臭ベース」の実現に成功しました。

Through purchasing and testing a large number of glass mouse pads, we found that most products had an unpleasant odor. To ensure a comfortable user experience, we carried out our own unique development, and finally succeeded in creating an odor-free base.

Troubleshooting

Issue	Possible Cause	Solution
-------	----------------	----------

Issue	Possible Cause	Solution
Mouse not gliding smoothly	Dirty mouse skates or mouse pad surface; worn-out mouse skates; incorrect mouse skates for surface.	Clean the mouse pad surface and mouse skates. Replace mouse skates if worn. Ensure you are using skates optimized for glass surfaces. Experiment with "Iwa" (control) or "Kumo" (speed) skates.
Mouse pad is slipping on the desk	Dust or debris on the anti-slip base or desk surface; uneven desk surface.	Clean the underside of the mouse pad and the desk surface. Ensure the desk is flat and free of obstructions.
Reduced tracking precision	Dirty mouse sensor; dirty mouse pad surface.	Clean your mouse's optical sensor. Clean the mouse pad surface thoroughly.

Specifications

- **Brand:** TALONGAMES
- **Model:** ULTRAPAD
- **Material:** Tempered Glass (Surface), Polyurethane (Base)
- **Dimensions:** 450mm x 400mm (18.9 x 15.75 inches)
- **Thickness:** 3mm (4mm including anti-slip base)
- **Color:** Black
- **Special Features:** Durable, Waterproof, Non-slip, Micro-etched surface, CNC milled edges
- **Recommended Use:** Gaming

* Thickness: 3mm AGC GLASS (4mm INCLUDING THE ANTI-SLIP BASE)
厚さ: 3mm AGC (滑り止めベースを含めて4mm)
