Atheewon S10

Atheewon S10 Military Smart Watch User Manual

Model: S10

Brand: Atheewon

1. PRODUCT OVERVIEW

The Atheewon S10 Military Smart Watch is a robust and versatile wearable designed for active lifestyles. It features a 1.39-inch HD full touchscreen, supports Bluetooth calls, and offers extensive health and fitness tracking capabilities. With its durable IP68 waterproof, dustproof, and shockproof design, it is built to withstand various environments.

3. SETUP GUIDE

3.1 Initial Charging

Before first use, fully charge your Atheewon S10 Smart Watch. Connect the magnetic charging cable to the charging points on the back of the watch and plug the USB end into a standard USB power adapter (not included). A full charge typically takes approximately 2 hours.

3.2 App Installation and Pairing

To unlock the full functionality of your smart watch, download and install the **GloryFit** app on your smartphone. The app is compatible with iOS 9.0+ and Android 5.0+ devices.

1. Scan the QR code in the included user manual or search for "GloryFit" in your phone's app store (Apple App Store for iOS, Google Play Store for Android).
2. Install the app and open it.
3. Ensure Bluetooth is enabled on your smartphone.
4. In the GloryFit app, navigate to the device section and select "Add Device" or "Bind Device".
5. The app will search for nearby devices. Select "S10" from the list of found devices to initiate pairing.
6. Follow any on-screen prompts on both your phone and watch to confirm the pairing.

Once paired, the watch will synchronize time and data with your phone, and you can begin customizing settings and tracking activities.

4. OPERATING INSTRUCTIONS

4.1 Basic Navigation

The Atheewon S10 features a 1.39-inch HD full touchscreen for intuitive navigation. Swipe left, right, up, or down to access different functions and menus. Press the physical buttons on the side for specific actions like power on/off, returning to the home screen, or accessing quick menus.

4.2 Call Management

The smart watch allows for hands-free calls using its built-in high-quality speakers and HD microphone. Ensure your watch is connected to your phone via Bluetooth.

- **Answering Calls:** When an incoming call is received, tap the green phone icon on the watch screen.
- **Making Calls:** Access the dial pad or contacts list directly from the watch interface to initiate calls.
- **Call Logs:** View recent call history directly on your wrist.

Bluetooth Call & Message Notification

4.3 Notifications

Receive message alerts and social media notifications directly on your watch. The watch supports notifications from platforms such as Facebook, WhatsApp, Instagram, and Twitter. Notifications are displayed on your wrist with a gentle vibration.

- Ensure notification permissions are enabled for the GloryFit app in your phone's settings.
- Within the GloryFit app, select which applications you wish to receive notifications from.

Note: RCS Texts are not supported.

4.4 Health Monitoring

The S10 Smart Watch is equipped with an advanced LC10A optical sensor for comprehensive health tracking.

- **Heart Rate Monitoring:** Provides real-time, 24-hour heart rate tracking. View your heart rate data on the watch or in the GloryFit app for detailed reports.
- **Sleep Monitoring:** Automatically monitors your sleep patterns at night, providing analysis of deep sleep, light

sleep, and wake time. Access detailed sleep reports in the GloryFit app to understand and improve your sleep quality.

4.5 Sports Modes

With over 110 sports modes, the S10 Smart Watch is an ideal companion for various physical activities. It tracks key metrics to help you optimize your workouts.

- **Available Modes:** Includes running, cycling, hiking, yoga, skiing, and many more.
- **Tracking Metrics:** Monitors heart rate, steps, calories burned, distance covered, and activity time for each sport mode.
- **Workout Optimization:** Use the data collected to analyze your performance and create personalized training plans within the GloryFit app.

4.6 Multifunctional Smart Assistant

The S10 Smart Watch integrates several convenient features to assist you in daily life:

- **Alarm:** Set alarms directly from the watch.
- **Stopwatch:** Use the built-in stopwatch for timing activities.
- **Music Control:** Control music playback on your smartphone (play, pause, skip tracks).
- **Weather Updates:** Get real-time weather forecasts.
- **Sedentary Reminder:** Receive alerts to encourage movement after periods of inactivity.
- **Phone Finder:** Locate your paired smartphone by making it ring.
- **Camera Control:** Remotely trigger your phone's camera shutter.
- **Custom Watch Faces:** Choose from over 200 watch faces or customize with your own photos via the GloryFit app.

5. MAINTENANCE

5.1 Battery Life and Charging

The Atheewon S10 is equipped with a 400mAh low-power battery, offering extended usage. Expect 7-10 days of typical battery life and up to 30 days of standby time, depending on usage patterns. Charging is fast, taking approximately 2 hours for a full charge.

5.2 Durability and Care

The watch features IP68 waterproof, dustproof, and shockproof protection, making it suitable for various conditions. While it can withstand rain, sweat, and impacts, proper care is still recommended:

- **Cleaning:** Regularly wipe the watch and strap with a soft, dry cloth. For stubborn dirt, a slightly damp cloth can be used, followed by drying.
- **Water Exposure:** While IP68 rated, avoid prolonged submersion in water, hot water, or exposure to high-pressure water jets. Dry the watch thoroughly after exposure to water.
- **Extreme Conditions:** Avoid exposing the watch to extreme temperatures or harsh chemicals.

6. TROUBLESHOOTING

If you encounter issues with your Atheewon S10 Smart Watch, please refer to the following common solutions:

Problem	Possible Solution
Watch does not power on.	Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
Cannot pair with smartphone.	1. Ensure Bluetooth is enabled on your phone and the watch is within range. 2. Restart both the watch and your phone. 3. Clear Bluetooth cache on your phone (Android) or forget the device and re-pair (iOS/Android). 4. Ensure the GloryFit app has necessary permissions.
Notifications are not received.	1. Check if the watch is properly connected to the GloryFit app. 2. Verify that notification permissions are granted to the GloryFit app in your phone's settings. 3. Ensure specific app notifications are enabled within the GloryFit app. 4. Disable 'Do Not Disturb' mode on both the watch and phone.
Heart rate or sleep monitoring is inaccurate/not working.	1. Ensure the watch is worn snugly on your wrist, not too loose or too tight. 2. Clean the sensor on the back of the watch. 3. Restart the watch and check for app updates.
Battery drains quickly.	1. Reduce screen brightness and screen-on time. 2. Limit continuous heart rate monitoring if not needed 24/7. 3. Turn off unnecessary notifications. 4. Ensure the watch is not constantly searching for a Bluetooth connection.
Weather information is incorrect.	1. Ensure the GloryFit app has location permissions enabled on your phone. 2. Verify that your phone has an active internet connection. 3. Manually refresh the weather data in the app.

If the issue persists after trying these solutions, please contact Atheewon customer support for further assistance.
