Pinmoco LED TV Stand for TVs up to 65" - User Manual

Model: B0FDGP66NP | Brand: Pinmoco

1. INTRODUCTION

Thank you for choosing the Pinmoco LED TV Stand. This manual provides essential information for the safe assembly, operation, and maintenance of your new TV stand. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

Important Safety Information

- Always unplug the TV stand from the power source before cleaning or making any adjustments.
- Keep the TV stand away from heat sources.
- Never place heavy objects on the acrylic doors or shelves to prevent breakage.
- Always supervise children when they are near the TV stand to prevent injuries from the LED lights or shelves.
- Ensure the TV stand is placed on a stable, level surface.

2. PACKAGE CONTENTS

Before assembly, verify that all parts and hardware are present. Refer to the detailed parts list in the assembly video for identification. If any parts are missing or damaged, please contact Pinmoco customer support.

Image: All components of the Pinmoco LED TV Stand laid out for inspection.

3. SETUP & ASSEMBLY

The Pinmoco LED TV Stand offers versatile configuration options: a 55-inch long TV stand, a square coffee table, or a 2-tier stacking storage shelf. Follow the instructions below for your desired setup.

Assembly Video Guide

Video: Detailed installation guide for the Pinmoco TV Stand, demonstrating step-by-step assembly for various configurations.

General Assembly Steps (Refer to video for details)

- 1. Prepare Components:** Lay out all wooden panels and hardware. Identify each piece using the labels in the assembly video.
- 2. Assemble Base Units:** Construct the two individual storage units according to the video instructions. Ensure all cam locks and dowels are securely fastened.
- 3. Install Acrylic Doors:** Carefully slide the translucent fluted acrylic doors into their designated grooves.
- 4. LED Light Installation:** Attach the LED light strips to the underside of the top panels using the provided clips and screws. Connect the wiring as shown in the video.
- 5. Choose Configuration:**
 - **55-inch Long TV Stand:** Place the two assembled units side-by-side.
 - **2-Tier Stacking Storage Shelf:** Stack one unit directly on top of the other.
 - **Square Coffee Table:** Arrange the two units to form a square shape.
- 6. Secure Wall Anchoring (Recommended):** For added stability, especially in the stacking configuration, use the provided wall anchors to secure the unit to a wall. Mark the drill points, drill pilot holes, insert wall plugs, and secure the brackets with screws.

Various Combinations

Square Coffee Table

2-Tier Storage Shelves

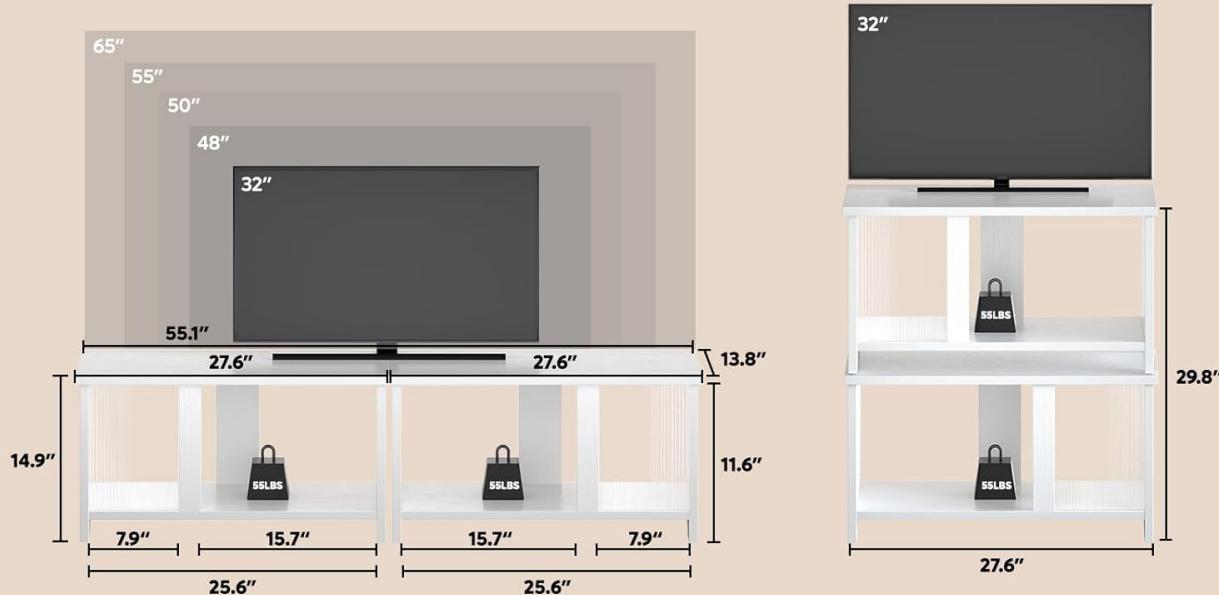

55 Inch Long TV Stand

4. OPERATING INSTRUCTIONS

LED Lighting System

Your Pinmoco TV Stand features dynamic LED lighting with a remote control for easy customization.

- Power On/Off:** Use the power button on the remote to turn the LED lights on or off.
- Color Selection:** The remote offers 7 main colors. Press the corresponding color button to select your desired static color.
- Dynamic Modes:** Choose from 20 dynamic modes to create various lighting effects. Cycle through these modes using the dedicated buttons on the remote.
- Brightness Adjustment:** Adjust the brightness of the LED lights using the brightness control buttons.

Product Overview Video

Video: A brief overview of the Pinmoco LED Expandable TV Stand, showcasing its features and different configurations.

5. MAINTENANCE

To ensure the longevity and appearance of your TV stand, follow these maintenance guidelines:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Dusting:** Regularly dust the unit with a dry, soft cloth.
- **Spills:** Immediately wipe up any spills to prevent staining or damage to the particle board.
- **LED Lights:** The LED lights are designed for long-term use. If a light strip malfunctions, contact customer support for assistance. Do not attempt to repair it yourself.
- **Hardware:** Periodically check all screws and connections to ensure they remain tight. Tighten if

necessary.

6. TROUBLESHOOTING

If you encounter any issues with your TV stand, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
LED lights do not turn on.	Power connection loose, remote battery dead, LED strip damaged.	Check power cable connection. Replace remote battery. Ensure LED strip is properly connected. If issue persists, contact support.
Remote control not working.	Remote battery dead, remote out of range, sensor obstructed.	Replace remote battery. Ensure remote is within 49ft of the sensor. Clear any obstructions between remote and sensor.
Stand feels unstable.	Uneven floor, loose connections, not wall-anchored.	Ensure stand is on a level surface. Tighten all assembly screws. Utilize the wall anchoring kit for enhanced stability.
Missing parts or damaged components.	Shipping damage, packaging error.	Contact Pinmoco customer support immediately for parts replacement or service.

7. SPECIFICATIONS
