3. SETUP

3.1 Initial Charging

Before first use, fully charge your smartwatch. Connect the magnetic charging cable to the charging points on the back of the watch and plug the USB end into a power adapter (not included).

3.2 App Connection

Download the companion app (e.g., GloryFitPro or FitCloudPro, refer to your Quick Start Guide for the exact app name) from your smartphone's app store (compatible with Android 5.1+ and iOS 8.2+). Follow the in-app instructions to pair your smartwatch via Bluetooth.

4. OPERATING YOUR SMART WATCH

4.1 Display & Customization

The 2.01-inch HD LCD display offers a high-resolution TFT color experience. Swipe through the interface to access various functions. Customize your watch face by choosing from 7 built-in options, downloading more from the app, or creating custom faces using your own photos.

4.2 Bluetooth Calls & AI Voice Assistant

Connect your watch to your smartphone via Bluetooth 5.3 to make and receive calls directly from your wrist. The watch features built-in HiFi stereo speakers and a microphone. Access your contacts and call logs. Utilize the AI Voice Assistant for hands-free control, such as making calls or playing music.

4.3 Health Monitoring

The optical tracking sensor provides 24/7 health monitoring:

- **Heart Rate:** Continuous monitoring of your heart rate.
- **Sleep Tracking:** Analyzes sleep stages (light, deep, awake) for insights into sleep quality.
- **Blood Oxygen Saturation:** Measures SpO2 levels.
- **Stress Level Detection:** Monitors your stress levels throughout the day.

NOTE: This device is not intended for medical use and should not replace professional medical advice.

4.5 Outdoor Features

Equipped with an LED flashlight (6-10m range), real-time altimeter, barometer for air pressure changes, and a built-in compass for directional guidance, enhancing accuracy during outdoor navigation.

Compass & Altitude & Air Pressure

Heading, altitude, pressure: navigate wilderness freely.

4.6 Other Smart Functions

The watch includes smart notifications, music and camera control, weather forecasts, sedentary alerts, alarm clock, stopwatch, and timer. Lift your wrist to view notifications.

5. MAINTENANCE

5.1 Water Resistance

The BRUBOSES HT36 is IP68 waterproof, suitable for daily use like handwashing and rain. It is not recommended for sauna, hot water, swimming, or diving.

6. TROUBLESHOOTING

- **Watch not turning on:** Ensure the watch is fully charged.
- **Cannot pair with phone:** Make sure Bluetooth is enabled on your phone and the watch, and that the watch is within range. Restart both devices and try again.
- **Inaccurate heart rate/sleep data:** Ensure the watch is worn snugly on your wrist, not too tight or too loose.
- **Notifications not received:** Check app permissions on your phone to ensure the companion app has access to notifications.
- **GPS not connecting:** Ensure you are in an open outdoor area with a clear view of the sky.
