6. CARE AND MAINTENANCE

Proper care will extend the life and appearance of your Merax sofa.

- **Regular Cleaning:** Vacuum the corduroy fabric regularly using a soft brush attachment to remove dust and debris.

- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. Avoid rubbing, which can spread the stain. For stubborn stains, use a mild fabric cleaner specifically designed for upholstery, testing on an inconspicuous area first.

- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fabric fading. Position your sofa away from direct sun or use curtains/blinds.

- **Rotate Cushions:** Periodically rotate and fluff cushions to ensure even wear and maintain their shape.

- **Check Connections:** Periodically check and tighten any assembly bolts or connectors to ensure stability.

7. TROUBLESHOOTING

If you encounter any issues with your Merax sofa, please consider the following common solutions:

- **Sofa feels unstable:** Ensure all connecting brackets between modular pieces are securely fastened. Check that all sofa legs are properly attached and tightened.
- **USB charger not working:** Verify that the sofa is connected to a power source (if applicable, check the power adapter for the USB ports). Ensure the charging cable is fully inserted into both the device and the sofa's port.
- **Cushions appear compressed:** Allow several days for cushions to fully expand after unpacking. Fluff and rotate them regularly to help them regain their shape.
