AECOJOY 67" Extra Large Chicken Coop with Run Instruction Manual

Model: 12094

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your AECOJOY 67" Extra Large Chicken Coop with Run. Please read all instructions carefully before assembly and use to ensure proper function and safety. This coop is designed to accommodate 8-10 grown chickens, providing designated spaces for roosting, egg-laying, and movement.

SAFETY INFORMATION

- Always wear appropriate safety gear, such as gloves, during assembly to prevent injury.
- Ensure all parts are securely fastened before allowing chickens into the coop.
- Regularly inspect the coop for any loose parts, damage, or signs of wear that could compromise its structural integrity or safety.
- Keep children and pets away from the assembly area.
- Position the coop on a level, stable surface to prevent tipping.
- The coop is designed for outdoor use. Ensure it is placed in an area with adequate drainage and protection from extreme weather conditions.

PACKAGE CONTENTS

The AECOJOY 67" Extra Large Chicken Coop is shipped in two separate boxes. Please verify that all components are present and undamaged before beginning assembly. Refer to the included parts list in your physical instruction manual for a complete inventory.

SETUP AND ASSEMBLY

Assembly is designed to be straightforward with pre-drilled holes and detailed instructions. It is recommended to have at least two adults for assembly.

- 1. Unpack Components:** Carefully remove all parts from both boxes and lay them out on a clean, flat surface. Verify against the parts list.
- 2. Assemble Base Frame:** Begin by constructing the main base frame of the coop. Ensure all connections are tight.
- 3. Install Side Panels:** Attach the side panels, ensuring the mesh sections are correctly oriented.
- 4. Construct Roosting Area:** Assemble the elevated roosting area and integrate the roosting bars.
- 5. Attach Nesting Boxes:** Secure the four nesting boxes to the designated area. Ensure the openable door for egg collection is functional.
- 6. Install Ramps:** Position and secure the non-slip ramps leading to the elevated sections.

7. **Mount Roof:** Attach the slanted roof panels, ensuring proper alignment for drainage and weather protection.
8. **Install Doors and Latches:** Secure all doors with the provided metal latches to prevent escape and protect against predators.
9. **Final Inspection:** Double-check all screws, bolts, and latches to ensure they are tight and secure.

OPERATING INSTRUCTIONS

The AECOJOY chicken coop is designed for ease of use and the well-being of your poultry.

- **Accessing the Coop:** The coop features multiple doors for flexible entry and exit. Use the larger doors for general access and cleaning, and the smaller nesting box doors for egg collection.
- **Nesting Boxes:** The four nesting boxes are designed for egg-laying. The openable door on the nesting box allows for convenient egg collection without disturbing the chickens.
- **Roosting Bars:** The elevated roosting bars provide a comfortable and natural sleeping area for your chickens.
- **Ramps:** Non-slip ramps facilitate easy movement for chickens between the ground run area and the elevated living and nesting sections.
- **Security:** Always ensure all doors are securely latched to protect your chickens from predators.

MAINTENANCE

Regular maintenance will extend the lifespan of your chicken coop and ensure a healthy environment for your chickens.

Image 2: Visual representation of key features contributing to maintenance and durability, including rain-proof design, predator prevention, solid wood construction, and ease of cleaning. Close-ups highlight the non-slip ramp, roosting bar, and ventilation mesh.

- **Daily Cleaning:** Remove droppings and soiled bedding from the living and nesting areas daily.
- **Weekly Deep Clean:** Thoroughly clean and disinfect the entire coop weekly. Replace all bedding material. The raised base helps keep the living and nesting areas dry, simplifying cleaning.
- **Weather Protection:** The slanted roof design ensures proper drainage, offering sun protection and waterproofing. Periodically check the roof for any damage or leaks.
- **Wood Care:** The frame is constructed from durable, rot-resistant wood. To prolong its life, consider applying a non-toxic, pet-safe wood sealant annually.
- **Mesh Inspection:** Regularly inspect the metal mesh for any damage or gaps that could allow predators entry. Repair any breaches promptly.
- **Latch Functionality:** Ensure all metal latches on doors are functioning correctly and securely.

FEATURES AND DESIGN

Image 3: The AECOJOY 67-inch Extra Large Chicken Coop with Run, showcasing its overall design and size in a typical backyard environment, with chickens freely moving around it.

- **Spacious Design:** Measuring 67"L x 46"W x 61.5"H, this extra-large coop provides ample space for 8-10 grown chickens.
- **Dedicated Areas:** Features two distinct rest areas and four nesting boxes, creating separate zones for roosting, egg-laying, and general movement.
- **Secure Construction:** All doors are equipped with metal latches to prevent escapes and protect against predators. The tightly woven metal mesh further enhances security.
- **Durable Materials:** Constructed from rot-resistant wood for longevity and stability.
- **User-Friendly Access:** The nesting box includes an openable door for easy egg collection. Multiple access points facilitate cleaning and interaction.
- **Weather Resistant:** A slanted roof design ensures efficient water drainage, offering protection from sun and rain.
- **Elevated Base:** An 18-inch raised base keeps the living and nesting areas dry and protected from ground moisture.

TROUBLESHOOTING

- Issue: Coop instability after assembly.**
Solution: Re-check all connections and ensure screws are tightened. Verify the coop is placed on a completely level surface.
- Issue: Water accumulation inside the coop.**
Solution: Inspect the roof for any damage or gaps. Ensure the slanted roof design is effectively shedding water. Check for proper drainage around the coop's base.
- Issue: Signs of predator entry.**
Solution: Immediately inspect all mesh panels for tears or gaps. Ensure all doors are securely latched, and consider adding additional external locks if necessary. Reinforce vulnerable areas.
- Issue: Difficulty with egg collection.**
Solution: Ensure the nesting box door is clear of obstructions and opens smoothly.

WARRANTY AND SUPPORT

AECOJOY offers a **1-year care** warranty for this product. Should you encounter any issues after receiving your chicken coop or during its use, please do not hesitate to contact our dedicated professional online service team. We are available 24/7 to assist you and provide a suitable solution.
