let'me 2.64 Gallon Warm and Cool Mist Humidifier

MODEL: HQ-JS2325BK - INSTRUCTION MANUAL

1. Product Overview

The let'me HQ-JS2325BK Humidifier is designed to provide optimal humidity levels for large rooms up to 500 sq.ft. It features both warm and cool mist options, a large 2.64-gallon (10-liter) water tank, and a user-friendly interface with remote control. This manual provides essential information for safe and efficient operation.

Figure 1: let'me Humidifier (Model HQ-JS2325BK) with included remote control. The humidifier is a tall, black unit with an LED display panel and a visible water level indicator.

Key Features:

- **Warm & Cool Mist:** Offers versatile humidification for all seasons.
- **Large Capacity:** 2.64 Gallon (10L) tank for up to 60 hours of continuous operation.
- **Wide Coverage:** Suitable for rooms up to 500 sq.ft.
- **Top-Fill Design:** Easy and convenient water refilling.
- **3 Mist Modes:** Manual (Low, Medium, High), Auto, and Sleep modes.
- **24-Hour Timer:** Customizable operation time.
- **Aromatherapy Function:** Integrated box for essential oils.
- **Ambient Light:** Yellow for warm mist, blue for cool mist.
- **Quiet Operation:** Operates at less than 35 dB in Sleep Mode.
- **Auto Shut-Off:** Safety feature for low water levels.

2. Important Safety Instructions

READ ALL INSTRUCTIONS BEFORE USE.

- Always place the humidifier on a firm, flat, waterproof surface at least 12 inches (30 cm) away from walls and appliances.
- Do not operate the humidifier in a room with a temperature below 32°F (0°C) or above 104°F (40°C).
- Do not add essential oils directly into the water tank. Use the designated aromatherapy box only.
- Unplug the humidifier before cleaning, refilling, or moving it.
- Do not immerse the humidifier base in water or other liquids.
- Keep the humidifier out of reach of children and pets.
- Use only clean, cool tap water. Do not use hot water.
- If the humidifier is damaged, do not operate it. Contact customer support.
- Ensure the power cord is not damaged or placed under heavy objects.

3. Setup

3.1 Unpacking

Carefully remove all packaging materials from the humidifier and its components. Ensure all parts listed in the user manual are present.

3.2 Placement

- Place the humidifier on a flat, stable, and waterproof surface.
- Ensure there is at least 12 inches (30 cm) of space from walls, furniture, and other appliances to allow for proper mist dispersion.
- Avoid placing the humidifier directly on carpet or rugs, as this may block the air intake.

3.3 Filling the Water Tank

1. Remove the top cover of the humidifier.
2. Lift the water tank using its integrated handle.
3. Fill the tank with clean, cool tap water. Do not exceed the "MAX" line indicated on the tank.
4. Carefully place the filled water tank back onto the humidifier base.
5. Replace the top cover securely.

SUPER COVERAGE

Figure 2: The humidifier features a convenient top-fill design, allowing water to be poured directly into the tank from the top opening.

4. Operating Instructions

4.1 Power On/Off

- Plug the power cord into a standard electrical outlet.
- Press the **Power** button on the LED control panel or the remote control to turn the humidifier on or off.

4.2 Mist Modes

The humidifier offers three mist modes:

- **Manual Mode:** Press the **Mist Volume** button to cycle through Low (180ml/h), Medium (380ml/h), and High (500ml/h) mist levels.
- **Auto Mode:** Set your desired humidity level between 45%RH and 95%RH. The humidifier will automatically adjust mist output to maintain this level.
- **Sleep Mode:** Activates quiet operation (below 35 dB) and dims the LED display for undisturbed rest.

Figure 3: Visual representation of the three mist output levels: Low (180ml/h), Medium (380ml/h), and High (500ml/h).

4.3 Warm & Cool Mist

- Press the **Warm/Cool Mist** button to switch between warm and cool mist functions.
- Warm mist reaches 120°F in approximately 5 minutes.

Warm Mist

with a temperature of 100-120°F

Figure 4: The humidifier emitting warm mist, indicated by a red glow at the base and a temperature reading of 120°F on the display.

Warm moisture | enhances breathability and promotes respiratory comfort.

Safe and healthy warm mist helps open your nasal passages, facilitating smooth and easy breathing.
Safe and healthy warm mist helps open your nasal passages, facilitating smooth and easy breathing.

4.4 Timer Function

- Press the **Timer** button to set the operating time from 1 to 24 hours. The humidifier will automatically turn off once the set time expires.

4.5 Ambient Light & Aromatherapy

- The humidifier features ambient lighting: warm yellow for warm mist mode and soothing blue for cool mist mode.
- To use the aromatherapy function, open the aromatherapy box located on the side of the humidifier. Add 4-5 drops of your preferred essential oil to the pad inside the box. Close the box.

5. Maintenance

Regular cleaning is crucial for optimal performance and hygiene. Always unplug the humidifier before cleaning.

5.1 Daily Maintenance

- Empty the water tank and base daily.
- Wipe down the tank and base with a clean, dry cloth.

5.2 Weekly Cleaning

1. Unplug the humidifier.
2. Remove the water tank and empty any remaining water.
3. Pour 1 cup (250 ml) of white vinegar into the water tank and base. Let it soak for 30 minutes.
4. Use a soft brush or cloth to clean the inside of the tank and the base.
5. Rinse both the tank and base thoroughly with clean water until the vinegar smell is gone.
6. Wipe all surfaces dry before reassembling.

6. Troubleshooting

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
No mist or low mist output	Low water level; clogged transducer; improper assembly.	Refill water tank; clean transducer; reassemble correctly.
Unusual noise	Humidifier not on a flat surface; water tank not seated properly.	Place on a flat surface; ensure tank is correctly seated.
Water leakage	Overfilled tank; damaged tank; improper assembly.	Do not overfill; check for cracks; reassemble correctly.
White dust around humidifier	Hard water used.	Use distilled or demineralized water. Clean regularly.
