

MEETION Director-C-3

MEETION Director-C-3 Ergonomic Wireless Keyboard and Mouse Combo Instruction Manual

Model: **Director-C-3**

Brand: **MEETION**

INTRODUCTION

This manual provides comprehensive instructions for the setup, operation, and maintenance of your MEETION Director-C-3 Ergonomic Wireless Keyboard and Mouse Combo. Designed for comfort and efficiency, this combo offers multi-device connectivity and an ergonomic design to support natural hand and wrist posture during extended use.

PACKAGE CONTENTS

- MEETION Director-C-3 Ergonomic Wireless Keyboard
- MEETION Director-C-3 Wireless Mouse
- USB 2.4G Receiver
- User Manual

Note: AAA batteries for the keyboard (2x) and AA battery for the mouse (1x) are not included and must be purchased separately.

SETUP INSTRUCTIONS

1. Battery Installation

The keyboard requires two AAA batteries, and the mouse requires one AA battery. Ensure correct polarity when inserting batteries.

Image: Underside view of the keyboard and mouse, illustrating the battery compartments for 2xAAA batteries in the keyboard and 1xAA battery in the mouse.

2. 2.4G Wireless Connection

1. Locate the USB receiver in the accessory bag.
2. Insert the USB receiver into an available USB port on your computer.
3. On the keyboard, press the **2.4G wireless mode button** (indicated by a Wi-Fi icon) to switch to 2.4G mode. The corresponding indicator light will illuminate.
4. On the mouse, ensure it is powered on and the mode is set to 2.4G (often indicated by a switch or button on the underside). The 2.4G indicator light on the mouse will light up green.

Image: Visual guide demonstrating the four steps to establish a 2.4G wireless connection for the keyboard and mouse, including inserting the USB receiver.

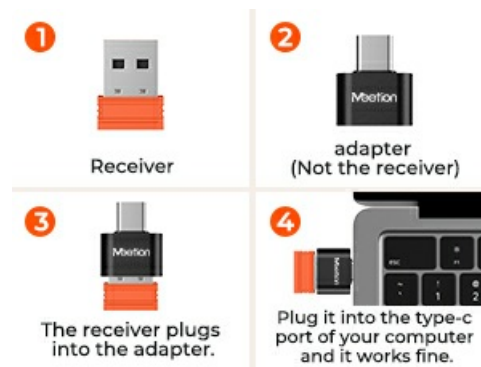

Image: A close-up showing the USB receiver and an optional USB-C adapter for compatibility with various ports.

3. Bluetooth Connection (BT1 / BT2)

The keyboard and mouse support two independent Bluetooth channels for multi-device connectivity.

1. On the keyboard, press the **BT1 or BT2 mode button**. The corresponding Bluetooth indicator will light up blue and start blinking, indicating pairing mode.
2. On your computer or tablet, open Bluetooth settings and search for devices. Find "Meitron KB BT1" or "Meitron KB BT2" and connect.
3. For the mouse, press the **Mode Switching Button** (usually on the underside or top) to switch to Bluetooth 1 or Bluetooth 2 mode. The indicator will light up blue and start blinking.
4. In your device's Bluetooth settings, find "Meitron MS BT1" or "Meitron MS BT2" and connect.

OPERATING INSTRUCTIONS

1. Ergonomic Design and Comfort

The Director-C-3 features a classic ergonomic design with a unique curved layout and a split key arrangement, promoting a natural typing posture. The integrated cushioned palm rest provides support for your wrists, reducing strain during prolonged use.

LEATHER CUSHIONED PALM REST

Provides Exceptional Comfort and Relaxation
for the Wrist and Palm

Image: A close-up showing the leather-like cushioned palm rest of the keyboard, emphasizing its soft and supportive texture.

2. Adjustable Tilt Legs

The keyboard is equipped with adjustable tilt legs on the underside, allowing you to customize the typing angle for optimal comfort and wrist alignment.

Image: A side view of the keyboard demonstrating the adjustable tilt legs, showing how they can be set to different angles for user preference.

3. Keyboard Indicators

The central lighting indicator provides visual feedback on the keyboard's status:

- Red blinking: Low battery warning.
- Green light always on: Caps Lock enabled.
- Blue light: Bluetooth connection mode (BT1 or BT2).
- Green light: 2.4G wireless connection mode.

Image: A detailed view of the keyboard's central indicator lights, explaining the meaning of each light for connection status and key functions.

4. Mouse DPI Adjustment

The mouse features 4 adjustable DPI levels (1200/1600/2400/3200) to customize cursor sensitivity. Press the DPI button on the top of the mouse to cycle through the settings.

Image: The wireless mouse highlighting its 4 adjustable DPI settings (1200, 1600, 2400, 3200) for customizable precision.

Image: A close-up of the mouse's underside, showing the DPI button and its corresponding sensitivity levels.

5. Multi-Device Switching

Both the keyboard and mouse allow seamless switching between connected devices (2.4G, Bluetooth 1, Bluetooth 2) with a single press of their respective mode buttons.

Image: A desk setup showing the keyboard and mouse connected to a laptop, monitor (via 2.4G), and tablet (via Bluetooth), illustrating multi-device functionality.

6. OS Compatibility Switching

The keyboard supports both Windows and Mac layouts. Use the following key combinations to switch between operating system modes:

- **Fn + N**: For Windows operating systems.
- **Fn + M**: For Mac operating systems.

Image: The keyboard displaying the key combinations (Fn+N and Fn+M) for switching between Windows and Mac operating system layouts.

POWER MANAGEMENT

The Director-C-3 keyboard and mouse utilize dry batteries for reliable power. To conserve battery life, the devices feature a smart power-saving mode with 20-minute auto-sleep functionality. Simply type or click any button to wake them up.

SMART POWER SAVING

20 Min
Auto Sleep

6 Months
Battery Life

Note: Type or double click any button to wake up the sleep mode.

TROUBLESHOOTING

- **Connectivity Issues:**
 - Ensure batteries are correctly installed and have sufficient charge.

- Verify the keyboard/mouse is in the correct mode (2.4G, BT1, or BT2) for your connection type.
 - For 2.4G, ensure the USB receiver is securely plugged into a working USB port.
 - For Bluetooth, ensure your device's Bluetooth is enabled and the devices are paired correctly. Try re-pairing if issues persist.
 - Move the devices closer to the receiver/computer to rule out range issues (connection distance within 33 feet).
- **Keyboard Not Typing / Mouse Not Moving:**
 - Check battery levels and replace if necessary.
 - Wake the device from auto-sleep mode by pressing any key or clicking a mouse button.
 - Ensure the device is powered on (check the ON/OFF switch on the underside).
- **Incorrect Key Functions (Mac/Windows):**
 - Press **Fn + N** for Windows layout or **Fn + M** for Mac layout.
- **Mouse Sensitivity:**
 - Adjust the DPI setting using the DPI button on the mouse to find your preferred sensitivity.

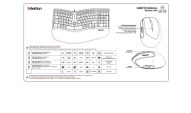

WARRANTY AND SUPPORT
