2. SAFETY INFORMATION

Please observe the following safety guidelines to prevent injury or damage to the product:

- Always follow assembly instructions carefully.
- Do not exceed the weight capacity of 550 pounds (249 kg) to prevent structural failure and potential injury.
- Ensure the cabinet is placed on a stable, level surface to prevent tipping.
- Keep small parts away from children during assembly.
- Avoid using abrasive cleaners or harsh chemicals, which can damage the resin material.

3. PRODUCT COMPONENTS AND FEATURES

The KAMABOKO Outdoor Shoe Storage Cabinet is designed for durability and functionality, suitable for both indoor and outdoor environments.

Key Features:

- **Weatherproof Resin Material:** Constructed from high-quality, durable resin to resist rain, moisture, and daily wear.
- **UV-Resistant:** Protects against sun exposure, preventing fading and material degradation.
- **Roomy Capacity:** Interior dimensions of 31.69"D x 16.5"W x 17.7"H, capable of storing up to 8 pairs of shoes, including boots.
- **Multi-Functional Design:** Can be used as a shoe cabinet, general storage, or a sturdy bench with a weight capacity of 550 lbs.
- **Adjustable Shelves:** Allows customization of storage space for various footwear sizes.
- **Barn Doors:** Two sliding barn doors provide easy access and a clean aesthetic.
- **Easy Assembly:** Designed for straightforward setup without special tools.
- **Low Maintenance:** Easy-clean surface for simple upkeep.

4. ASSEMBLY INSTRUCTIONS

The KAMABOKO shoe storage cabinet is designed for easy, tool-free assembly. Please follow these steps:

- 1. Unpack Components:** Carefully remove all parts from the packaging. Verify that all components are present according to the included parts list (not provided in this manual, refer to packaging).
- 2. Assemble Base:** Connect the side panels to the base panel. Ensure all connections are secure.
- 3. Install Shelves:** Insert the adjustable shelves into the desired slots. The shelves can be repositioned later if needed.
- 4. Attach Doors:** Slide the barn doors into their respective tracks on the top and bottom panels. Ensure they move smoothly.
- 5. Secure Top Panel:** Place and secure the top panel onto the assembled structure.
- 6. Attach Handles:** Fasten the handles to the doors using the provided hardware.
- 7. Final Check:** Ensure all parts are securely connected and the cabinet is stable before use.

5. OPERATING INSTRUCTIONS

5.1 Shoe Storage

- Open the barn doors by sliding them horizontally.
- Place shoes on the adjustable shelves. Adjust shelf height as needed to accommodate different shoe types, such as boots or high heels.
- Close the doors to keep shoes neatly concealed and protected from elements.

Image 5.1: Cabinet in use for shoe storage in an entryway.

5.2 Using as a Bench or Surface

- The sturdy top surface can be used as a bench for sitting while putting on or taking off shoes. Ensure the weight limit of 550 lbs (249 kg) is not exceeded.
- The top surface can also serve as a table for placing decorative items, bags, or other entryway essentials. The integrated fence helps prevent items from falling off.

6. MAINTENANCE

To ensure the longevity and appearance of your KAMABOKO shoe storage cabinet, follow these simple maintenance steps:

- **Cleaning:** Wipe the resin surface with a soft, damp cloth. For stubborn dirt, a mild soap solution can be used. Rinse thoroughly and dry.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or bleach, as these can damage the material and finish.
- **Regular Inspection:** Periodically check all connections and hardware to ensure they remain tight and secure.
- **Outdoor Use:** While weatherproof and UV-resistant, prolonged exposure to extreme weather conditions may accelerate wear. Consider placing it under a covered area for extended protection.

UV Resistant & WaterProof

7. TROUBLESHOOTING

If you encounter any issues with your shoe storage cabinet, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Cabinet is unstable or wobbly.	Uneven surface; loose connections.	Ensure the cabinet is on a flat, level surface. Check and tighten all assembly connections.
Doors do not slide smoothly.	Debris in tracks; misaligned doors.	Clean the door tracks. Re-align doors if necessary, ensuring they are properly seated in the grooves.
Water accumulation inside (for outdoor use).	Extreme weather conditions; improper closure.	Ensure doors are fully closed. Consider placing the cabinet under a covered patio during heavy rain or prolonged wet periods for maximum protection.

Problem	Possible Cause	Solution
Difficulty during assembly.	Parts not aligned correctly.	Review the assembly instructions carefully. Ensure parts are oriented correctly before applying force. Do not force parts together.

8. SPECIFICATIONS

Feature	Detail
Brand	KAMABOKO
Model	B0FDKNHCK3 (Double Door)
