FUSOU VD016-WH-1

FUSOU 55-inch Makeup Vanity with Lighted Mirror and Power Outlet Instruction Manual

1. INTRODUCTION

Thank you for choosing the FUSOU 55-inch Makeup Vanity. This manual provides essential information for the safe assembly, operation, and maintenance of your new vanity desk. Please read these instructions thoroughly before beginning assembly and retain them for future reference.

2. SAFETY INFORMATION

- Always follow assembly instructions carefully. Incorrect assembly can lead to instability and potential injury.
- Ensure all electrical connections are secure and comply with local electrical codes. Do not overload the power outlets.
- Keep children and pets away from the assembly area. Small parts can be a choking hazard.
- Place the vanity on a flat, stable surface to prevent tipping.
- Do not expose the vanity to excessive moisture or direct sunlight, which can damage the materials.
- Handle the mirror and glass top with care to avoid breakage.

3. PACKAGE CONTENTS

Verify that all components are present before beginning assembly. The vanity is shipped in two separate boxes, which may arrive at different times. Refer to the included parts list in your physical instruction booklet for detailed identification.

Built-in Power Strip

Convenient for phone charging & hair dryer use

4. ASSEMBLY INSTRUCTIONS

Assembly of the FUSOU 55-inch Makeup Vanity requires careful attention to detail. It is recommended that two adults participate in the assembly process to ensure stability and ease of handling. Please follow the step-by-step instructions provided in the separate assembly manual included with your package.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches.
2. **Identify Hardware:** Match all hardware (screws, dowels, cam locks, etc.) with the parts list in the assembly manual.
3. **Assemble Base Units:** Begin by assembling the main desk frame and drawer units according to the diagrams.
4. **Install Drawers:** Assemble and install the 13 drawers into their respective compartments. Ensure smooth operation.
5. **Attach Mirror:** Securely attach the lighted mirror to the vanity desk. Pay close attention to electrical connections for the lights.

6. **Place Glass Top:** Carefully position the tempered glass top onto the designated sections of the vanity.
7. **Assemble Stool:** Assemble the accompanying vanity stool.
8. **Final Check:** Ensure all screws are tightened and the vanity is stable before use.

5. OPERATING INSTRUCTIONS

5.1 Lighted Mirror Operation

The integrated mirror features 13 Hollywood-style light bulbs with adjustable settings to optimize your makeup application.

- **Power On/Off:** Locate the touch sensor switch on the mirror surface. Tap once to turn the lights on or off.
- **Change Lighting Modes:** With the lights on, tap the touch sensor switch repeatedly to cycle through the three available lighting modes: **Cold Light**, **Natural Light**, and **Warm Light**.
- **Adjust Brightness:** To adjust the brightness within any selected lighting mode, press and hold the touch sensor switch. The brightness will gradually increase or decrease. Release the switch when the desired brightness level is reached.

3 Color Lighting Modes

5.2 Built-in Power Outlet and USB Ports

The vanity includes a convenient power station for your electronic devices.

- **AC Outlets:** Two standard 125V/12A AC outlets are provided for connecting appliances such as hair dryers, curling irons, or other small electronics.
- **USB Ports:** Two 5V/2A USB ports are available for charging mobile phones, tablets, and other USB-powered devices.
- **Hair Dryer Stand:** A dedicated stand is integrated for convenient storage and access to your hair dryer.

6. MAINTENANCE

- **Cleaning Surfaces:** Wipe all engineered wood surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Cleaning Mirror and Glass Top:** Use a glass cleaner and a lint-free cloth to clean the mirror and tempered glass top. Spray cleaner onto the cloth, not directly onto the mirror or glass, to prevent liquid from seeping into edges.
- **Drawer Maintenance:** Periodically check drawer slides for smooth operation. If drawers become stiff, a small amount of silicone lubricant can be applied to the slides.
- **Electrical Components:** Ensure the power cord and plugs are free from damage. Do not attempt to repair electrical components yourself.
- **Bulb Replacement:** If a light bulb needs replacement, ensure the vanity is unplugged. Use bulbs of the same type and wattage as the original.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Lights not turning on	Power cord not plugged in; loose connection; faulty bulb; touch sensor issue.	Ensure power cord is securely plugged into a working outlet. Check all connections. Replace faulty bulbs. If issue persists, contact customer support.
Power outlets/USB ports not working	Vanity not plugged in; circuit breaker tripped; device not compatible.	Verify the vanity is plugged in. Check your home's circuit breaker. Ensure devices are compatible and functioning correctly.
Drawers are stiff or misaligned	Incorrect assembly; debris in slides; uneven surface.	Review assembly instructions for correct drawer slide installation. Clear any debris. Ensure the vanity is on a level surface.
Vanity feels unstable	Loose fasteners; uneven floor.	Tighten all assembly fasteners. Use shims if necessary to level the vanity on uneven floors.

If you encounter problems not listed here or if the suggested solutions do not resolve the issue, please contact FUSOU customer support for assistance.
