Gently pull the cut-out handles to open the drawers. The smooth metal slide rails ensure easy and quiet operation. To close, push the drawer firmly until it is fully seated. Avoid slamming drawers to prolong the life of the slides.

## Weight Capacity

Each drawer has a weight capacity of 25 lbs. The top surface can hold up to 150 lbs. Do not exceed these limits to prevent damage or injury.

## MAINTENANCE

### Cleaning

- Wipe surfaces with a soft, damp cloth.
- Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish.
- Promptly wipe up spills to prevent staining.

### General Care

- Periodically check all screws and fasteners to ensure they are tight. Retighten as necessary.
- Keep the dresser away from direct sunlight and extreme temperature changes to prevent warping or fading.
- Avoid placing hot items directly on the surface; use coasters or protective pads.

## TROUBLESHOOTING

---

### Drawers do not slide smoothly:

- Check if the drawer slides are correctly installed and aligned. Refer to the assembly video for guidance.
- Ensure no objects are obstructing the drawer's path or the slide mechanism.
- Verify that the dresser is placed on a level surface. Adjust if necessary.
