

Fsbecl JXBEY220

Fsbecl Shoe Storage Cabinet with 2 Flip Drawers - Instruction Manual

Model: JXBEY220 | Brand: Fsbecl

1. IMPORTANT SAFETY INFORMATION

Please read and understand all safety instructions before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- **Anti-Tipping Device:** This shoe cabinet is equipped with an anti-tipping device. It is crucial to fix the cabinet to the wall using this device to prevent accidental tipping, especially in households with children or pets.
- **Stable Placement:** Ensure the cabinet is placed on a flat, stable surface. Adjustable feet are provided to enhance stability on uneven floors.
- **Weight Distribution:** Distribute items evenly within the drawers to maintain balance and prevent instability.
- **Children's Safety:** Do not allow children to climb on or play with the cabinet. Always secure the anti-tipping device.

APPLICABLE SCENARIOS

Here are the suitable scenarios for our product.

2. PRODUCT OVERVIEW

The Fsbecl Shoe Storage Cabinet is designed to offer a stylish and space-saving solution for organizing footwear in entryways, hallways, or foyers. Its narrow profile and modern design integrate seamlessly into various home decors.

Key Features:

- **Hidden Storage:** Features 2 flip drawers with a stylish walnut panel and black handles, concealing shoes from view.
- **Fluted Panel Design:** Adds an exquisite and unique modern aesthetic.
- **Compact Dimensions:** Measures 6.69"D x 31.5"W x 35.4"H, ideal for narrow spaces.
- **Ample Capacity:** Can hold approximately 6-8 pairs of shoes, depending on style and size.
- **Considerate Design:** Space-saving flap drawer mechanism, 4.72-inch ground clearance for easy cleaning, and hollow back design for air circulation.
- **Durable Construction:** Made from high-quality MDF with a solid structure, adjustable feet, and an anti-dumping device.

3. PACKAGE CONTENTS

Before beginning assembly, please ensure all parts are present and undamaged. Refer to the included user manual for a detailed list of numbered parts and hardware.

- Cabinet panels (top, bottom, sides, back)

- 2 Flip drawers with fluted panels
- Black handles and associated hardware
- Adjustable feet
- Anti-tipping device
- Assembly hardware (screws, dowels, etc.)
- User Manual (this document)

4. ASSEMBLY INSTRUCTIONS

Assembly is designed to be user-friendly. Follow the clear step-by-step instructions and use the numbered parts provided in the separate assembly guide. It is recommended to have a second person assist with certain steps for easier installation.

Step-by-Step Guide:

1. Unpack all components and verify against the parts list.
2. Assemble the main cabinet frame according to the diagrams.
3. Install the flip drawer mechanisms and attach the fluted drawer fronts.
4. Attach the adjustable feet to the base of the cabinet.
5. Install the anti-tipping device and secure the cabinet to a wall stud for safety.

5. OPERATING INSTRUCTIONS

The Fsbedl Shoe Storage Cabinet is designed for simple and efficient use.

Using the Flip Drawers:

- Gently pull the black handle on each drawer to open. The drawers will tilt forward, revealing the shoe compartments.
- Place shoes into the compartments. The internal dividers can be adjusted or removed to accommodate different shoe sizes and types (e.g., sneakers, flats, high heels, slippers).
- Push the drawer back into the cabinet until it clicks securely into place.
- The cabinet can store approximately 6-8 pairs of shoes, depending on their size and how they are arranged.

6. MAINTENANCE

Proper care will ensure the longevity and appearance of your Fsbecl Shoe Storage Cabinet.

- **Cleaning:** Wipe the cabinet surfaces with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, which can damage the walnut finish.
- **Moisture Protection:** Protect the cabinet from excessive moisture and direct sunlight to prevent warping or fading.
- **Regular Checks:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary to maintain structural integrity.
- **Air Circulation:** The hollow design on the back promotes air circulation. Ensure it is not blocked to help prevent odors and maintain shoe freshness.

7. TROUBLESHOOTING

If you encounter any issues with your shoe cabinet, refer to the following common solutions:

- **Cabinet is Wobbly:** Check that all adjustable feet are properly installed and adjusted to compensate for uneven flooring. Ensure all assembly screws are tightened. Confirm the anti-tipping device is securely fastened to the wall.
- **Drawers Not Opening/Closing Smoothly:** Verify that the flip drawer mechanisms are correctly installed and not obstructed. Ensure shoes are not overfilling the compartments, preventing smooth operation.
- **Missing Parts:** If any parts are missing upon delivery, please contact customer support immediately with your purchase details.
- **Shoes Don't Fit:** For larger shoes or boots, the internal divider within each flip drawer can be removed to create more vertical space. Note that this may reduce the total number of pairs the cabinet can hold.

8. PRODUCT SPECIFICATIONS

Feature	Detail
