PETLIBRO PLWF116

PETLIBRO Dockstream 2 Cordless Pet Water Fountain User Manual

Model: PLWF116

INTRODUCTION

Thank you for choosing the PETLIBRO Dockstream 2 Cordless Pet Water Fountain. This manual provides essential information for the safe and efficient use of your new pet water fountain. Please read these instructions carefully before initial use and retain them for future reference.

PRODUCT OVERVIEW

The PETLIBRO Dockstream 2 is a 3-liter cordless pet water fountain designed to provide fresh, filtered water for your pets. Key features include app monitoring, a 4-layer filtration system, and a quiet operation.

Components

- App Monitoring Cat Water Fountain Unit
- AC Power Adapter
- Multi-layer Filter
- Pump Sponge
- User Manual

SETUP INSTRUCTIONS

- 1. Unpack Components:** Carefully remove all items from the packaging.
- 2. Calibrate:** Calibrate the base and water tank separately before initial use.
- 3. Assemble Filter:** Insert the multi-layer filter and pump sponge into their designated slots within the fountain unit.
- 4. Fill Water Tank:** Fill the detachable water tank with clean water, ensuring it does not exceed the maximum fill line. The fountain has a 3-liter capacity.
- 5. Place Fountain:** Set the device on a solid, level floor, such as marble, wood, or tile, where external vibrations are minimal. Leave an 8-inch space around the fountain for optimal performance and pet access.
- 6. Power Connection:** Securely attach the AC power adapter cable to its slot on the fountain base. For cordless operation, ensure the internal battery is charged. For continuous flow, keep the fountain plugged in.
- 7. App Setup:** Download the PETLIBRO app on your smartphone. The device supports 2.4GHz/5GHz Wi-Fi networks. Follow the in-app instructions to connect your fountain for monitoring and control.

Maintenance made easy

OPERATING INSTRUCTIONS

The PETLIBRO Dockstream 2 offers two operating modes and smart app integration for enhanced pet hydration management.

Operating Modes

- **Induction Mode:** Utilizes a radar sensor to detect your pet within 50cm (19.7in). Upon detection, the fountain dispenses a 42-second stream of water. This mode conserves battery power and encourages pets to drink.
- **Continuous Mode:** When the fountain is plugged into an AC power source, it operates continuously, providing a constant flow of water.

Smart App Monitoring

The PETLIBRO app allows you to monitor your pet's drinking habits and receive important alerts:

- **Hydration Tracking:** View trends and history of your pet's water intake.
- **Water Level Alerts:** Receive real-time notifications on your phone when the water level is low.

- **Maintenance Reminders:** Get timely reminders for filter changes and cleaning schedules.

MAINTENANCE

Regular maintenance ensures the longevity and hygiene of your PETLIBRO Dockstream 2 water fountain.

Cleaning

- Clean the water tank and stainless steel tray at least once a week.
- The stainless steel tray is dishwasher safe for convenient cleaning.
- The pump-free design simplifies cleaning as no wires are submerged in water.

Filter Replacement

- It is recommended to change the multi-layer filter every two weeks for optimal water quality.
- The 4-layer filtration system effectively removes fur, heavy metals, and odors, ensuring fresh water for your pet.

Whisper quiet

At just 23 dB, you'll barely notice it

TROUBLESHOOTING

If you encounter issues with your PETLIBRO Dockstream 2, please refer to the following common solutions:

- **Fountain Not Dispensing Water:**

- Check the water level in the tank; refill if low.
- Ensure all components are correctly assembled and seated.
- If in continuous mode, verify the AC power adapter is securely connected and receiving power.
- If in induction mode, ensure the battery is charged.

- **App Connectivity Issues:**

- Confirm the fountain is within range of your Wi-Fi router.
- Verify your Wi-Fi network is 2.4GHz or 5GHz compatible.
- Attempt to reset the Wi-Fi connection through the PETLIBRO app.

- **Inaccurate Water Intake Data:**

- Ensure the fountain is placed on a hard, level surface (e.g., marble, wood, tile) to allow for accurate weight measurements.

- **Unusual Noise:**

- Check for any debris or foreign objects in the water path or around the spout.
- Ensure all fountain components are securely fitted and not loose.

SPECIFICATIONS

Feature	Detail
Model Name	PLWF116
Brand	PETLIBRO
Capacity	3 Liters (101 oz)
Material	Acrylonitrile Butadiene Styrene (ABS), Stainless Steel
Color	Black
Item Weight	2 Kilograms (4.4 pounds)
