KOSPET Magic P10 R10

KOSPET 22mm Braided Smartwatch Strap User Manual

Model Compatibility: KOSPET Magic P10, KOSPET R10 Smart Watches

Product Overview

This manual provides instructions for the KOSPET 22mm Braided Strap, designed for use with KOSPET Magic P10 and R10 Smart Watches. This strap offers a comfortable and secure fit, enhancing your smartwatch experience.

Figure 1: KOSPET 22mm Braided Smartwatch Strap. The strap is black with two prominent orange stripes running along its length. It features quick-release pins at both ends for easy attachment to a smartwatch.

Package Contents

Upon opening the package, verify that all components are present and undamaged.

- 1 x KOSPET 22mm Braided Strap (Smartwatch not included)

Setup and Installation

Follow these steps to properly attach the braided strap to your KOSPET Magic P10 or R10 Smart Watch.

1. **Prepare Your Smartwatch:** Ensure your smartwatch is powered off before beginning the installation process. If a previous

strap is attached, carefully remove it by sliding the quick-release pin.

2. **Identify Strap Ends:** Each end of the braided strap has a quick-release pin. These pins are designed to fit into the lug holes of your smartwatch.
3. **Attach First End:** Insert one end of the quick-release pin into one of the lug holes on your smartwatch.
4. **Compress and Secure:** While holding the first end in place, pull the quick-release lever on the pin to compress it. Carefully align the other end of the pin with the opposite lug hole on the smartwatch. Release the lever once the pin is properly seated in both holes. You should hear a slight click or feel the pin snap into place.
5. **Verify Connection:** Gently tug on the strap to ensure it is securely attached to the smartwatch. It should not come loose.
6. **Attach Second End:** Repeat steps 3-5 for the other end of the strap.

Figure 2: Detail of the quick-release pin. The small lever on the pin allows for easy compression and installation into the smartwatch lugs.

Operating and Adjustment

The KOSPET braided strap is designed for comfort and adjustability.

- **Wearing the Strap:** Place the smartwatch with the attached strap around your wrist.
- **Adjusting Fit:** The braided design allows for a snug yet comfortable fit. The strap typically uses a tang buckle (pin buckle) or a similar adjustable closure. Adjust the strap length by feeding it through the buckle until the desired tightness is achieved. Ensure the strap is not too tight to restrict circulation, nor too loose to allow the smartwatch to move excessively.
- **Optimal Placement:** For accurate heart rate monitoring and other sensor readings, position the smartwatch snugly on top of your wrist, about one finger's width above your wrist bone.

Maintenance and Care

Proper care will extend the life and appearance of your KOSPET braided strap.

- **Cleaning:** If the strap becomes dirty, gently wipe it with a soft, damp cloth. For stubborn stains, a mild soap solution can be used, followed by rinsing with clean water and air drying thoroughly. Avoid harsh chemicals or abrasive cleaners.
- **Drying:** Always ensure the strap is completely dry before reattaching it to your smartwatch or wearing it, especially after exposure to sweat or water.
- **Storage:** When not in use, store the strap in a clean, dry place away from direct sunlight and extreme temperatures.
- **Avoid Excessive Force:** Do not pull or stretch the braided material excessively, as this may cause damage or deformation.

Troubleshooting

Common issues and their solutions.

- **Strap is difficult to attach:**
  Ensure the quick-release pin is fully compressed and aligned with the lug holes. Do not force the pin. If the pin appears bent or damaged, contact customer support for a replacement.
- **Strap feels too loose or too tight:**
  Adjust the strap through the buckle mechanism until a comfortable and secure fit is achieved. The braided material may stretch slightly over time, requiring minor re-adjustment.
- **Strap appears dirty or discolored:**
  Refer to the "Maintenance and Care" section for cleaning instructions. Regular cleaning can prevent buildup and maintain the strap's appearance.

Specifications

Feature	Detail
Product Name	KOSPET 22mm Braided Strap
Compatibility	KOSPET Magic P10, KOSPET R10 Smart Watches
Wristband Width	22mm
Wristband Length	7.48 inches (approximately 190mm)
Material	Braided fabric
