YITAHOME MAYIHZ8HE2

YITAHOME Corner Bookshelf with LED Light User Manual

Model: MAYIHZ8HE2

1. INTRODUCTION

Thank you for choosing the YITAHOME Corner Bookshelf with LED Light. This 6-tier L-shaped bookcase is designed to maximize space efficiency while providing ample storage and display options for your home office, living room, or bedroom. Its integrated LED lighting system offers customizable ambiance, making it a versatile addition to any decor.

2. SAFETY INFORMATION

Please read and understand all safety instructions before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- **Adult Assembly Required:** This product requires assembly by adults. Keep small parts away from children during assembly.
- **Anti-Tipping Device:** To prevent serious injury from tipping, this product must be securely attached to the wall using the provided anti-tipping device. Always install the anti-tipping device as instructed.
- **Weight Distribution:** Distribute weight evenly across all shelves. Do not overload shelves. Place heavier items on lower shelves.
- **Stable Surface:** Place the bookshelf on a flat, level, and stable surface.
- **Electrical Safety:** The LED light strip uses a UL-certified plug. Ensure the power outlet is easily accessible and

avoid placing the cord in high-traffic areas where it could be tripped over or damaged. Do not attempt to modify the electrical components.

- **Cleaning:** Use only a soft, dry cloth for cleaning. Avoid abrasive cleaners or harsh chemicals that may damage the finish or electrical components.

✗ POTENTIAL INJURY

✓ AVOID FALLING DANGER

4. PARTS LIST

Before beginning assembly, ensure all parts are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Bookshelf Panels (various sizes for L-shape and tiers)
- Shelves (flat and curved corner shelves)
- Hardware Kit (screws, dowels, connectors, L-brackets)
- Anti-Tipping Device (wall anchor, strap/bracket)
- Non-Slip Foot Pads
- LED Light Strip
- UL-Certified Power Adapter
- Remote Control for LED Lights
- Instruction Manual

Note: Specific quantities and types of fasteners will be detailed in the assembly instructions provided with the product packaging.

5. SETUP AND ASSEMBLY

Assembly is required for this bookshelf. It is highly recommended that two adults assemble this unit to ensure safety and ease of construction. Please follow the step-by-step instructions provided in the physical manual included with your product. Below is a general overview and helpful tips.

5.1 Preparation

- Clear a spacious, clean, and flat area for assembly.
- Unpack all components and verify against the parts list.
- Gather necessary tools (e.g., screwdriver, hammer).

5.2 Assembly Steps (General)

1. Begin by identifying the base panels and side panels.
2. Attach the first set of vertical panels to the base using the provided hardware.
3. Insert the horizontal shelves into the designated slots or attach with fasteners.
4. Continue building upwards, ensuring all connections are secure.
5. Assemble the L-shaped corner sections, aligning them carefully.
6. Once the main structure is complete, attach the non-slip foot pads to the bottom.
7. Install the LED light strip along the designated channels or edges of the shelves. Ensure the strip is firmly adhered.
8. Position the bookshelf in its desired location.
9. **Crucial:** Secure the bookshelf to the wall using the anti-tipping device. Mark the wall, drill pilot holes if necessary, and attach the bracket and strap according to the detailed instructions.

6. OPERATING THE LED LIGHT SYSTEM

The integrated LED light strip offers various customization options via remote control or a dedicated mobile application.

6.1 Remote Control Operation

Point the remote control directly at the LED receiver (usually a small sensor connected to the light strip). The remote allows you to:

- **Power On/Off:** Turn the lights on or off.
- **Color Selection:** Choose from a wide range of static colors.
- **Brightness Adjustment:** Dim or brighten the lights.
- **Mode Selection:** Cycle through various dynamic lighting modes (e.g., flash, fade, strobe).
- **Music Sync:** Activate a mode where lights react to sound/music.
- **Timer:** Set a timer for the lights to automatically turn off.

6.2 Mobile App Control

Download the recommended mobile application (refer to the QR code or app name in your physical manual) from your device's app store. Once installed and connected via Bluetooth or Wi-Fi (depending on the model), the app provides enhanced control, including:

- Precise color selection from a color wheel.
- Customizable dynamic modes.
- Advanced timer and scheduling functions.
- Group control if you have multiple compatible YITAHOME LED products.

Video 6.2: A demonstration of how the LED lights function within the bookshelf, showcasing various color changes and the overall effect, particularly in low-light conditions.

7. MAINTENANCE

Proper care will ensure the longevity and appearance of your YITAHOME bookshelf.

- **Cleaning:** Wipe surfaces with a soft, dry, or slightly damp cloth. Avoid using harsh chemicals, abrasive cleaners, or polishes that may damage the finish.
- **Dusting:** Regularly dust the shelves and panels to prevent buildup.
- **Spills:** Immediately wipe up any spills to prevent moisture damage to the engineered wood.
- **Fastener Check:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary.

- **LED Care:** The LED strip is designed for long-term use. If cleaning is needed, gently wipe with a dry cloth. Do not immerse in water or use liquid cleaners directly on the strip.

8. TROUBLESHOOTING

If you encounter issues with your bookshelf, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Bookshelf is wobbly/unstable.	Loose fasteners, uneven floor, anti-tipping device not installed.	Ensure all screws are tightened. Adjust non-slip foot pads if applicable. Install or re-secure the anti-tipping device to the wall.
LED lights are not turning on.	Power adapter unplugged, remote battery dead, LED strip connection loose.	Check if the power adapter is securely plugged into the wall outlet and the LED strip. Replace remote control batteries. Ensure all connections to the LED strip are firm.
Remote control not responding.	Obstruction between remote and receiver, dead battery, remote out of range.	Ensure direct line of sight to the LED receiver. Replace remote batteries. Move closer to the bookshelf.
App control not working.	Bluetooth/Wi-Fi disconnected, app not updated, incorrect pairing.	Check your device's Bluetooth/Wi-Fi settings. Restart the app. Repair the device with the LED system according to app instructions.

9. WARRANTY AND SUPPORT

YITAHOME products are manufactured with quality and durability in mind. This product comes with a standard manufacturer's warranty covering defects in materials and workmanship under normal use. Please refer to the warranty card included in your product packaging for specific terms and conditions, including the warranty period.

For technical support, missing parts, or warranty claims, please contact YITAHOME customer service. Have your model number (MAYIHZ8HE2) and purchase information ready when contacting support.

You can typically find contact information on the YITAHOME official website or through the retailer where you purchased the product.

Visit the [YITAHOME Store](#) for more information and products.
