SAFETY INFORMATION

- Always unplug the power outlet before cleaning or maintaining the cabinet.
- Do not overload the shelves or doors.
- Use appropriate safety gear when assembling the cabinet.
- Keep the cabinet away from heat sources and moisture to prevent warping or damage.
- Always follow the assembly instructions carefully to avoid injury or damage to the cabinet.

PACKAGE CONTENTS

Before assembly, ensure all parts are present and undamaged. Refer to the included parts list in your packaging. Typical components include:

- Wooden panels (top, bottom, side, back, shelves, doors)
- Hardware kit (screws, dowels, cam locks, hinges, handles, anti-tip kit)
- Metal glass holders and cup hooks
- Power outlet unit with cord
- Assembly instructions manual

ASSEMBLY INSTRUCTIONS

Assembly is designed to be straightforward with detailed instructions and numbered parts. It is recommended to assemble the unit on a soft, clean surface to prevent scratches. Two people are recommended for assembly.

Video: Official Sideboard Assembly Guide from Knowworld Official. This video provides a visual walkthrough of the assembly process, demonstrating each step for clear understanding.

General Assembly Steps

1. **Unpack and Identify Parts:** Lay out all components and hardware. Compare them with the parts list in your manual to ensure everything is present.
2. **Assemble Base Frame:** Connect the bottom and side panels using the provided hardware. Ensure all connections are secure.
3. **Install Shelves:** Insert the adjustable shelves into the designated slots.
4. **Attach Back Panel:** Secure the back panel to the main frame.
5. **Assemble Hutch Section:** Construct the upper hutch frame, including the top storage rack, glass holders, and cup hooks.
6. **Integrate Power Outlet:** Install the power outlet unit into its designated cutout on the countertop.
7. **Attach Doors:** Mount the four doors using the hinges and attach the handles. Adjust hinges as needed for proper alignment.
8. **Install Anti-Tip Kit:** Securely attach the anti-tip kit to the back of the cabinet and to a wall stud to prevent accidental tipping.

Metal Glass Holders

3 Rows wine glass holders can hold 9-12 glasses

Convenient Shaped Hooks

9 hooks on the coffee bar cabinet to easily organize mugs

Anti-Tip Kit

The anti-tip kit can be easily attached to the wall, creating a safer living space.

OPERATING INSTRUCTIONS

Using the Charging Station

The integrated charging station provides convenient power access for your devices and small appliances. It features 2 AC outlets (125V/12A 60Hz 1500W) and 2 USB ports (5V/2A Max).

- Plug the cabinet's power cord into a standard wall outlet.
- Connect your coffee maker, microwave oven, bread machine, mobile phone, or other small appliances to the AC outlets or USB ports.
- Ensure that the total power consumption of connected devices does not exceed 1500W.

BUILT-IN CHARGING STATION

 **2 AC Outlets**
125V/12A 60Hz 1500W

 **2 USB Ports**
5V12A MaX

 **Power Cord**
6.6 Feet

Storage and Organization

Utilize the various storage options to organize your items:

- **Top Storage Rack:** Ideal for displaying decorative items or frequently used kitchen essentials.
- **Glass Holders:** The 3-row glass holders can accommodate 9-12 glasses.
- **Cup Hooks:** Use the 9 hooks for hanging cups or mugs.
- **Open Storage Spaces:** Perfect for items requiring easy access or for showcasing.
- **Four-Door Cabinet:** Provides concealed storage for larger items or to keep your space tidy. The adjustable shelves allow for flexible storage configurations.

Unleash Your Storage Potential

MAINTENANCE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the wood finish.
- **Spills:** Clean up spills immediately to prevent staining or water damage.
- **Hardware:** Periodically check and tighten all screws and hardware to ensure stability.
- **Power Outlet:** Ensure the power outlet area remains dry and free of debris. Do not attempt to repair the electrical components yourself.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Cabinet is wobbly	Loose hardware; uneven floor	Tighten all screws. Adjust leg levelers if present, or place shims under legs on uneven surfaces.
Doors do not align properly	Hinges not adjusted correctly	Adjust the screws on the hinges to align the doors. Refer to the assembly video for hinge adjustment tips.
Power outlets not working	Cabinet not plugged in; circuit breaker tripped; faulty device	Ensure the cabinet's power cord is securely plugged into a working wall outlet. Check your home's circuit breaker. Test with a different device. If issues persist, contact customer support.
Missing parts or damaged components	Shipping error; manufacturing defect	Do not proceed with assembly. Contact knowworld customer support immediately for replacement parts.
