2. **Prepare Workspace:** Clear a spacious area for assembly. Lay down a blanket or cardboard to protect both the furniture pieces and your floor.
3. **Follow Instructions:** Refer to the detailed, step-by-step assembly instructions provided in your package. These instructions will guide you through attaching panels, installing the hanging rod, and assembling the drawers.
4. **Install Drawers:** Assemble the two smooth, spacious drawers according to the instructions. Ensure the drawer slides operate correctly.
5. **Attach Anti-Tipping Hardware:** Once the wardrobe is fully assembled and in its desired location, securely attach the anti-tipping hardware to the back of the unit and to a wall stud. This is a critical safety step.
