VERFARM B0FDKWVX4W

VERFARM Floating Bed Frame Queen Size Instruction Manual

Model: B0FDKWVX4W

PRODUCT OVERVIEW

The VERFARM Floating Bed Frame is a Queen size platform bed designed for stability and convenience. It features a sturdy metal frame, a storage headboard, integrated LED lighting, and a built-in USB charging station. This bed frame is designed to be noise-free and does not require a box spring.

Key Features:

- **Sturdy Construction:** Equipped with 10 support legs and durable metal slats, supporting up to 1600 lbs. The floating design conceals support legs.
- **Storage Headboard:** Features shelves for essentials and decor, with an integrated power panel.
- **USB Charging Station:** Includes 1 USB port (5V/2A) and 1 Type-C port (5V/3A) for device charging.
- **Multi-functional LED Lighting:** Adjustable brightness, color, and mode settings. LED strips can be attached to three sides of the bed bottom.
- **Noise-Free Design:** Engineered to prevent squeaks for uninterrupted sleep.
- **Durable Materials:** Constructed from premium MDF board and a metal steel frame, offering waterproof and scratch-resistant surfaces.

ASSEMBLY INSTRUCTIONS

This bed frame requires assembly. Detailed, illustrated instructions, numbered parts, and all necessary tools are included in the packaging. It is recommended to have two people for assembly to ensure ease and safety.

Before You Begin:

- Verify all parts are present by comparing them with the included parts list.
- Clear a spacious area for assembly.

- Keep children and pets away from the assembly area.

Assembly Steps:

1. Follow the step-by-step instructions provided in the packaging.
2. Ensure all screws and fasteners are tightened securely at each step.
3. Do not overtighten screws to avoid damaging components.
4. Once the frame is assembled, carefully place your Queen size mattress onto the slats.

OPERATING INSTRUCTIONS

LED Lighting System:

The integrated LED lighting system offers customizable ambiance. Use the included remote control to adjust the brightness, select from multiple colors, and choose various dynamic modes. The LED light strips are designed to be attached to three sides of the bed bottom using the provided adjustment cable ties.

USB Charging Station:

The headboard features a built-in power panel with one 5V/2A USB port and one 5V/3A Type-C port. These ports allow for convenient charging of your electronic devices directly from the headboard.

MAINTENANCE

To ensure the longevity and appearance of your VERFARM Floating Bed Frame, follow these maintenance guidelines:

- **Cleaning:** The bed frame surfaces are waterproof and scratch-resistant. Wipe down the metal and MDF components with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Fastener Check:** Periodically check all screws and bolts to ensure they remain tight. Retighten if necessary to maintain stability and prevent noise.
- **Weight Capacity:** Do not exceed the maximum weight capacity of 1600 lbs to prevent structural damage.
- **LED Lights:** Ensure the LED light strips and their connections are secure. If any issues arise with the lighting, check the power connection and remote control battery.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Bed frame makes noise (squeaking)	Loose fasteners or improper assembly.	Check all bolts and screws and tighten them securely. Ensure all components are correctly aligned as per the assembly instructions.
LED lights not working	Power connection issue, remote control battery, or damaged LED strip.	Verify the LED power adapter is securely plugged into a working outlet. Check the remote control battery and replace if necessary. Inspect the LED strips for any visible damage.
USB/Type-C charging ports not functioning	Power supply issue or device compatibility.	Ensure the bed frame's power supply is connected. Test with a different device and charging cable to rule out device-specific issues.
Bed frame feels unstable	Incomplete assembly or exceeding weight capacity.	Re-check all assembly steps to ensure proper installation. Confirm the total weight on the bed does not exceed 1600 lbs.
