Setup

1. Unboxing and Initial Charge

Upon opening the package, ensure all components are present: the Conyat J52 earbuds, the charging case, and a Type-C charging cable. Before first use, fully charge the earbuds and case. Connect the Type-C cable to the charging case and a power source. The LED display on the case will indicate charging status.

2. App Download and Installation

The Conyat J52 earbuds require the 'Ear Dance' application for full translation functionality. You can download the app using one of the following methods:

- **Scan QR Code:** Locate the QR code in the user manual included with your product. Use your smartphone's camera

to scan it and follow the link to download the app.

- **Search App Stores:** Search for 'Ear Dance' in the Apple App Store (for iOS devices) or Google Play Store (for Android devices) and install the application.

3. Bluetooth Pairing

1. Ensure the earbuds are charged and removed from the charging case.
2. Open your phone's Bluetooth settings.
3. Search for nearby devices and select 'J52' to pair.
4. Once paired, launch the 'Ear Dance' app. It will automatically connect to your J52 earbuds.

4. Entering the Authorization Code

To activate all features within the 'Ear Dance' app, you may need to enter an authorization code.

1. After connecting your earbuds, go to the 'Mine' section within the 'Ear Dance' app.
2. Tap 'Bind Device'.
3. Tap the 'Scan' button in the app and use your phone's camera to scan the QR code found in the instruction manual that came with your product. Alternatively, manually enter the code if provided.

- **Conversation Mode (Free Talk Mode):** This mode enables instant two-way translation for natural conversations. The J52 automatically detects and translates speech in real-time, facilitating smooth communication between two or more people.
- **Headphone + Phone Mode:** In this mode, one person wears the earbuds, and the translation is played through the phone's speaker, allowing for a shared listening experience during calls or face-to-face interactions.
- **Voice Memo Mode (Voice Notes):** Convert spoken words into text. This mode is useful for transcribing lectures, meetings, or personal notes, providing a written record of spoken content.
- **Camera Mode (Photo Translation):** Translate text from images. Simply use your phone's camera through the app to capture text from signs, menus, or documents, and the app will provide an instant translation.
- **Audio & Video Translation via Shared Links:** Enjoy real-time translation during online calls. By sharing a link, participants can join and receive translations without needing to download the app.
- **AI Chat Mode:** Powered by advanced AI, this mode acts as an intelligent assistant, providing fast and accurate

answers to your questions in various languages.

Maintenance

Cleaning

The Conyat J52 earbuds are IPX7 waterproof, meaning they are resistant to splashes and sweat. However, regular cleaning is recommended to maintain performance and hygiene:

- Wipe the earbuds and charging case with a soft, dry, lint-free cloth.
- Do not use abrasive cleaners, solvents, or aerosol sprays.
- Ensure charging contacts are clean and dry before placing earbuds back in the case.

Charging and Battery Care

The earbuds provide over 7 hours of playback on a single charge, with up to 42 hours total using the charging case. The case features a digital LED power display to monitor battery levels.

- Use the provided Type-C charging cable for optimal charging.

- Avoid exposing the device to extreme temperatures.
- Store the earbuds in their charging case when not in use to protect them and keep them charged.

Storage

Store the earbuds and charging case in a cool, dry place away from direct sunlight and extreme temperatures. Keep them away from children and pets.

Troubleshooting

- **Earbuds not pairing:** Ensure earbuds are charged, removed from the case, and Bluetooth is enabled on your device. Try restarting your phone and the earbuds.
- **Translation is slow or inaccurate:** Ensure a stable internet connection for optimal performance. Speak clearly and at a moderate pace. Check the selected source and target languages in the app.
- **No audio during translation:** Verify that the volume on your phone and earbuds is not muted or too low. Check the app settings for audio output preferences.
- **Earbuds not charging:** Ensure the charging cable is securely connected to both the case and the power source. Clean the charging contacts on both the earbuds and the case.
- **App issues:** Ensure the 'Ear Dance' app is updated to the latest version. Try closing and reopening the app, or reinstalling it if problems persist.
