3. PRODUCT OVERVIEW

3.1. Components and Features

- **Display:** 15.6" Full HD (1920x1080) IPS Anti-glare Panel with 178° wide viewing angles.
- **Processor:** Intel Core i5-12450H (8 Cores, up to 4.4GHz).
- **Memory:** 32GB DDR4 RAM (user-expandable).
- **Storage:** 1TB PCIe NVMe SSD (user-expandable).
- **Keyboard:** Full-size backlit keyboard with numeric keypad.
- **Security:** Integrated fingerprint reader, Webcam privacy shield.
- **Charging:** 100W Type-C Power Delivery (PD) fast charging.
- **Connectivity:** Wi-Fi 6.

Image: A detailed diagram illustrating the various ports on the NIMO N156 laptop, including Micro SD, USB 2.0, USB 3.0, Headphone Jack, Kensington lock, Type-C (multifunction), Type-C (PD Charger Only), HDMI, and Charge LED.

3.2. Port Layout

Familiarize yourself with the port locations for connecting peripherals:

- **Left Side:** USB 3.0 Port, USB 2.0 Port, Micro SD Card Slot, Headphone Jack, Kensington Lock.
- **Right Side:** HDMI Port, USB 3.0 Port, Type-C Port (multifunction), Type-C Port (for PD Charger only), Charge LED.

4. SETUP

4.1. Initial Power On

1. Unpack the laptop and charger from the box.
2. Connect the 100W Type-C PD Fast Charger to the designated Type-C charging port on the laptop and plug it into a power outlet.
3. Open the laptop lid. The power button is typically located on the top right of the keyboard or on the side. Press and hold the power button for a few seconds until the screen illuminates.

4. Allow the laptop to charge for at least 30 minutes before initial use, especially if the battery is completely depleted.

4.2. Windows 11 Setup

Follow the on-screen instructions to complete the Windows 11 setup process. This typically includes:

- Selecting your region and keyboard layout.
- Connecting to a Wi-Fi network.
- Signing in with or creating a Microsoft account.
- Setting up a PIN or password.
- Reviewing privacy settings.

5. OPERATING INSTRUCTIONS

5.1. Power Management

- **Power On:** Press the power button.

- **Sleep Mode:** Briefly press the power button or close the lid.
- **Shut Down:** Click the Windows Start button, then Power > Shut down.
- **Restart:** Click the Windows Start button, then Power > Restart.

5.2. Keyboard Features

Image: A close-up view of the NIMO N156 laptop's backlit keyboard, highlighting the numeric keypad and the integrated fingerprint sensor on the touchpad.

- **Backlit Keyboard:** Use the dedicated function key (often **Fn + Fx**, where Fx is an icon resembling a keyboard with light) to toggle the backlight on/off or adjust brightness levels.
- **Numeric Keypad:** The full-size numeric keypad on the right provides convenient data entry.

5.3. Fingerprint Reader

The integrated fingerprint reader allows for secure and quick login. To set it up:

1. Go to Windows Settings > Accounts > Sign-in options.
2. Under 'Windows Hello Fingerprint', click 'Set up' and follow the on-screen prompts to register your fingerprints.

Image: A split image showing a close-up of the fingerprint reader on the touchpad for seamless security integration, and the physical webcam shield for privacy control.

5.4. Webcam Privacy Shield

The laptop features a physical privacy shield for the webcam. Slide the cover to the left to open the webcam for use, and slide it to the right to cover it when not in use, ensuring your privacy.

5.5. Connecting Peripherals

Utilize the various ports to connect external devices:

- **USB Ports:** Connect USB drives, external keyboards, mice, or other USB accessories.
- **HDMI Port:** Connect to an external monitor or TV for extended display.
- **Type-C Ports:** One port supports multifunctionality (data transfer, display output via adapter), and the other is dedicated for the 100W PD charger.
- **Headphone Jack:** Connect headphones or external speakers.
- **Micro SD Card Slot:** Insert a Micro SD card for additional storage or data transfer.

6. MAINTENANCE

6.1. Cleaning

- Always power off the laptop and disconnect the charger before cleaning.
- Use a soft, lint-free cloth slightly dampened with water or a screen cleaner for the display.
- For the keyboard and chassis, use a soft, dry cloth. A can of compressed air can remove dust from crevices.
- Avoid harsh chemicals, abrasives, or excessive moisture.

6.2. Storage and RAM Upgrades

The NIMO N156 laptop features user-expandable DDR4 RAM and PCIe NVMe SSD storage. Refer to the official NIMO support resources or a qualified technician for detailed instructions on performing upgrades to avoid voiding your warranty or damaging the device.

Image: The NIMO N156 laptop displaying multiple open applications, emphasizing its high-speed 32GB RAM and 1TB PCIe SSD for faster performance and multitasking.

6.3. Battery Care

- Avoid completely discharging the battery frequently.
- Store the laptop in a cool, dry place if not used for extended periods, with the battery charged to around 50-70%.
- Use only the provided NIMO 100W Type-C PD Fast Charger.

7. TROUBLESHOOTING

If you encounter issues, try the following basic troubleshooting steps:

- **Laptop not powering on:** Ensure the charger is properly connected and plugged into a working outlet. Try a different outlet. If the battery is completely drained, allow it to charge for a while before attempting to power on.
- **Screen is blank:** Check if the laptop is powered on. Try connecting an external monitor via HDMI to see if there's a display output.
- **Wi-Fi connectivity issues:** Ensure Wi-Fi is enabled in Windows settings. Restart your router and the laptop. Check for updated network drivers.
- **Slow performance:** Close unnecessary applications. Check for sufficient free storage space. Ensure Windows and drivers are up to date.
- **Overheating:** Ensure ventilation vents are not blocked. Use the laptop on a hard, flat surface.

For more complex issues, refer to the NIMO support website or contact customer service.

8. SPECIFICATIONS
