

FNTCASE iPhone 17 Pro Case

FNTCASE iPhone 17 Pro Case and Screen Protector Instruction Manual

Model: iPhone 17 Pro Case (6.3 inch)

1. INTRODUCTION

Thank you for choosing the FNTCASE iPhone 17 Pro Case. This product is designed to provide comprehensive protection for your iPhone 17 Pro (6.3 inch) while maintaining its original aesthetic and functionality. It features strong magnetic attraction for MagSafe compatibility, military-grade drop protection, and an anti-yellowing clear design. This manual will guide you through the installation, usage, and maintenance of your new phone case and screen protector.

2. WHAT'S IN THE BOX

- 1 x FNTCASE iPhone 17 Pro Case
- 1 x Screen Protector

3. SETUP

3.1 Case Installation

1. Ensure your iPhone 17 Pro is clean and free of dust or debris.
2. Align the camera cutouts of the case with your phone's camera module.
3. Gently press your phone into the case, starting from one corner and working your way around until all edges are securely fitted.

4. Verify that all buttons and ports are accessible and aligned correctly.

Image 2: The FNTCASE case is designed specifically for the iPhone 17 Pro 6.3 inch model.

3.2 Screen Protector Installation

1. Clean your phone screen thoroughly using the provided wet wipe and microfiber cloth to remove any dust, smudges, or fingerprints.
2. Use the dust-absorber sticker to pick up any remaining dust particles.
3. Carefully peel off the protective film from the adhesive side of the screen protector.
4. Align the screen protector with your phone's screen, ensuring precise placement over the speaker and sensors.
5. Gently lay the screen protector onto the screen. It will adhere automatically.
6. Use a clean cloth or your finger to push out any air bubbles towards the edges of the screen.

4. OPERATING INSTRUCTIONS

4.1 MagSafe Compatibility

The FNTCASE iPhone 17 Pro Case features built-in N52 magnets, providing strong magnetic attraction (up to 2400 gf) for seamless compatibility with MagSafe chargers and other Qi wireless charging accessories. This ensures efficient and secure wireless charging without signal interference.

Image 3: The case supports magnetic wireless charging with 1:1 precise alignment.

Stronger Magnetic Attraction

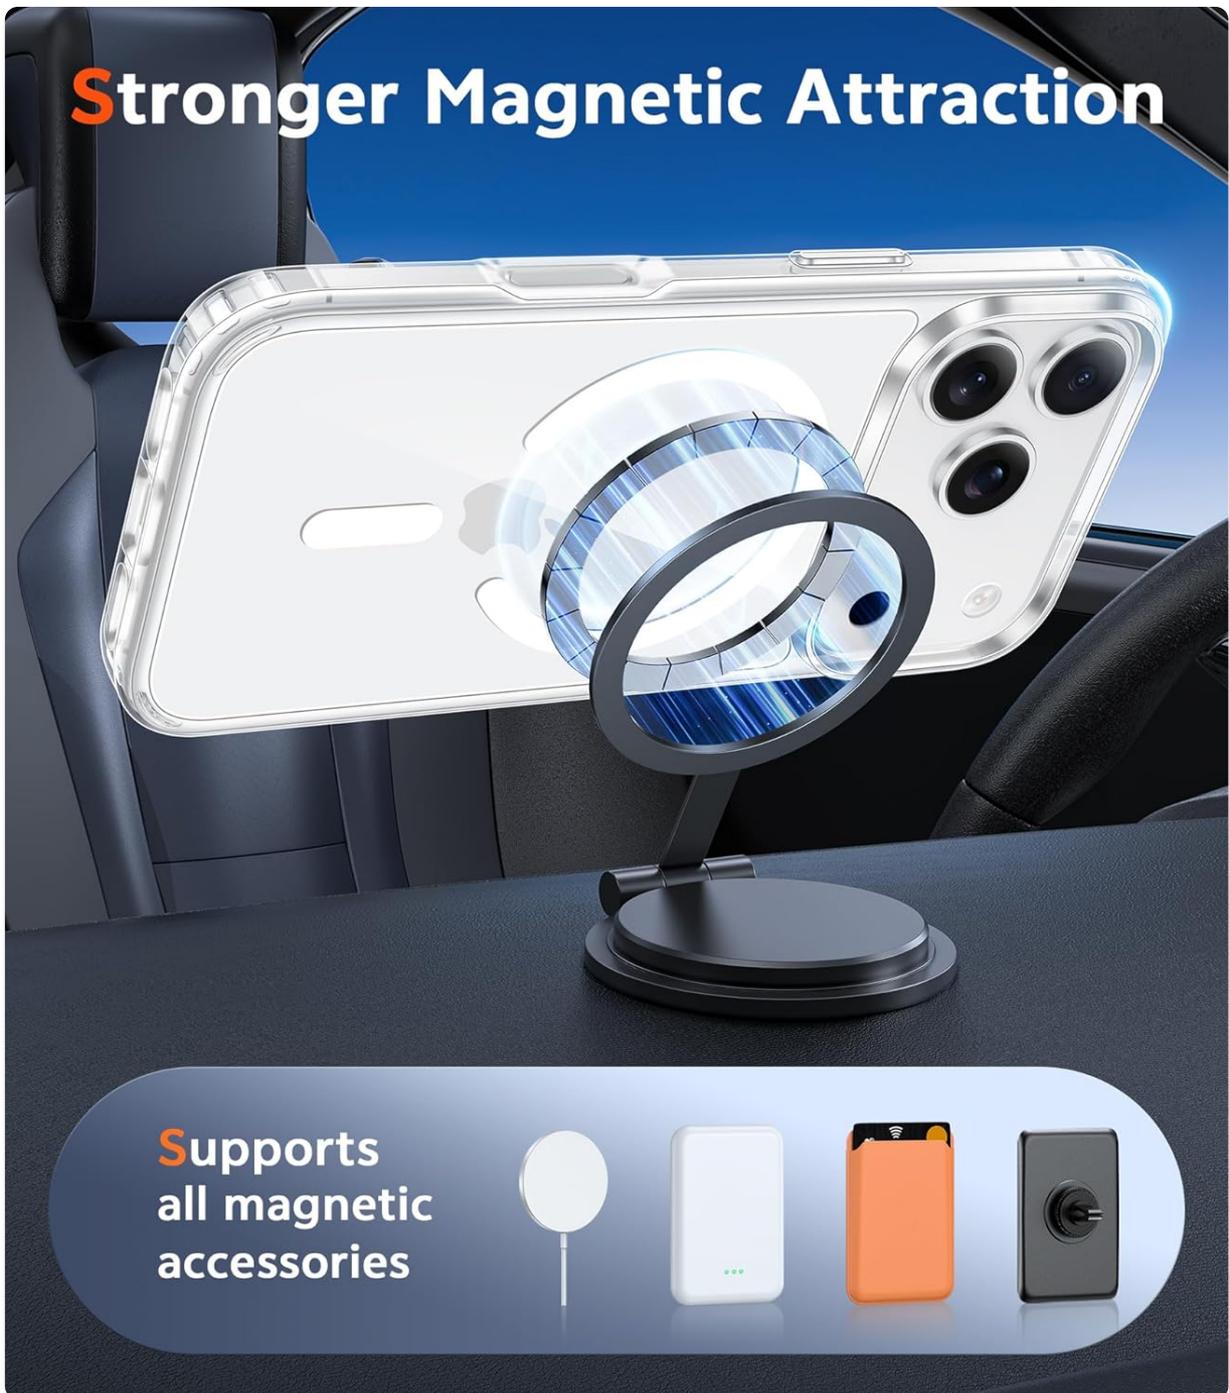

Image 4: The strong magnetic attraction supports various magnetic accessories like car mounts and wallets.

Video 3: Demonstration of the FNTCASE iPhone 17 Pro Case's shockproof capabilities.

Raised bezels (2.5 mm over the camera, 1.5 mm over the screen, and 0.5 mm raised corner lips) provide additional protection against scratches and direct impacts to vulnerable areas.

Anti-scratch PC Backing

Image 6: The anti-scratch PC backing and oil-repellent layer help maintain clarity and prevent fingerprints.

5. MAINTENANCE

To ensure the longevity and clarity of your FNTCASE iPhone 17 Pro Case, follow these maintenance guidelines:

- **Cleaning:** Regularly wipe the case with a soft, damp cloth to remove dust and smudges. For tougher stains, use a mild soap solution and rinse thoroughly. Avoid harsh chemicals or abrasive materials.
- **Anti-Yellowing:** The case is made with high-grade Bayer's ultra-clear TPU and PC material, incorporating a Nano antioxidant layer to effectively resist stains and sweat, preventing yellowing over time.
- **Storage:** When not in use, store the case in a cool, dry place away from direct sunlight to preserve its material integrity.

Classic Restore Mobile Color

Image 7: The clear design allows the original color of your iPhone to be visible.

6. TROUBLESHOOTING

If you encounter any issues with your FNTCASE iPhone 17 Pro Case, consider the following:

- **Case Fit:** Ensure you have the correct model (iPhone 17 Pro 6.3 inch). The case is precisely molded for this specific device.
- **Magnetic Attachment:** If MagSafe accessories do not attach securely, ensure there is no debris between the case and the accessory, and that the accessory itself is MagSafe compatible.
- **Screen Protector Bubbles:** Small bubbles can often be pushed out to the edges with a soft cloth. If large bubbles persist after installation, re-clean the screen and reapply the protector carefully.
