ENJOYWOOD PB0102

ENJOYWOOD PB0102 Metal Pegboard Instruction Manual

2-Pack 24x16 inch Modular Wall Organizer

1. PRODUCT OVERVIEW

The ENJOYWOOD Metal Pegboard is a versatile wall-mounted organization system designed to maximize storage space in various environments such as garages, kitchens, offices, and craft rooms. This kit includes two durable metal pegboard panels and a comprehensive set of hooks and installation hardware.

Key Features:

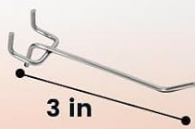

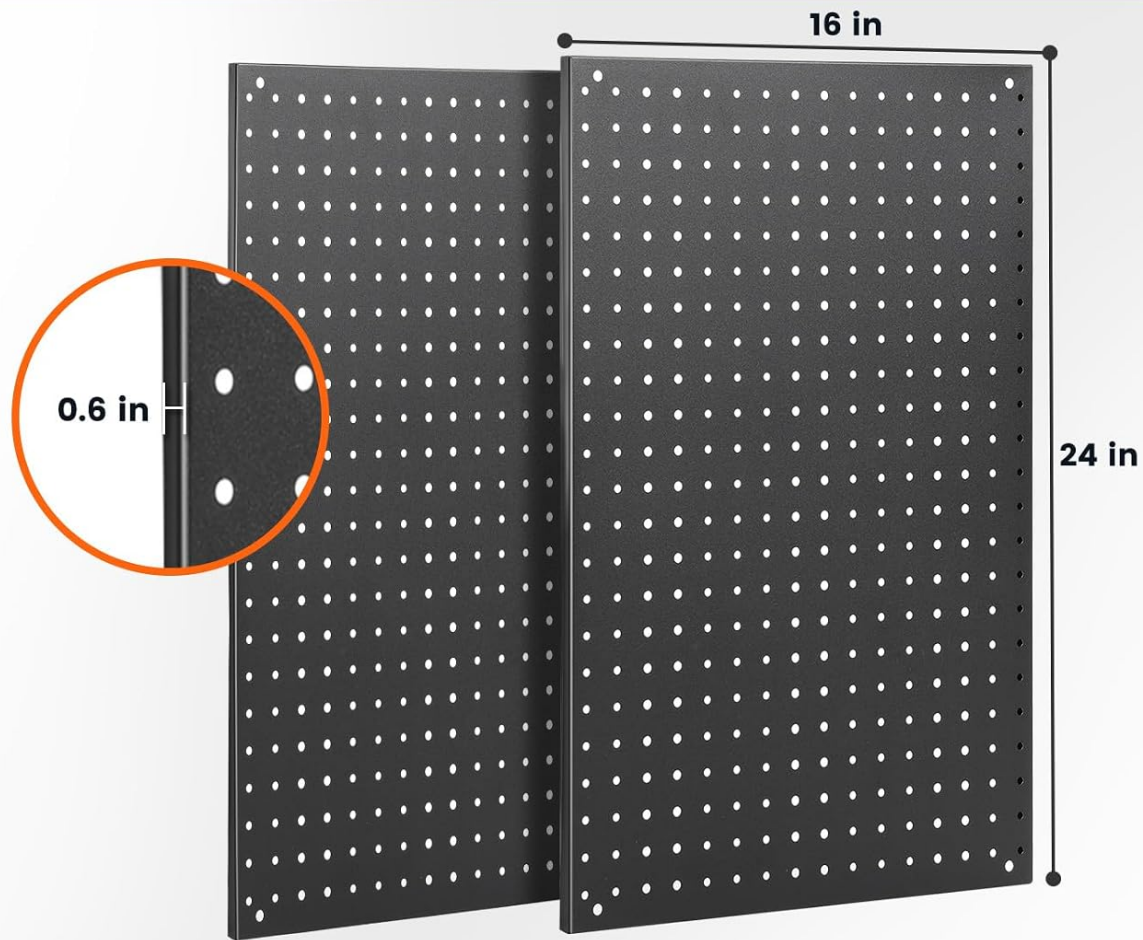

- **Premium Material:** Constructed from sturdy alloy steel with a powder-coated finish for moisture and rust resistance. Each panel supports up to 88 lbs.
- **Dual-Size Hole Design:** Compatible with both 1/4" and 1/8" hooks, offering flexibility for various accessories.
- **Modular Unit Design:** Two 24"x16" panels can be arranged horizontally or vertically to create custom storage layouts.
- **Complete Kit:** Includes 30 hooks (15 short, 15 long) and all necessary mounting hardware.

2. PACKAGE CONTENTS

Verify that all items listed below are present in your package before beginning installation.

- 2 x ENJOYWOOD 24"x16" Metal Pegboard Panels
- 15 x 1.5 inch Short Hooks
- 15 x 3 inch Long Hooks
- 8 x Screws
- 8 x Washers
- 8 x Wall Anchors

3. SETUP AND INSTALLATION

Follow these steps to properly install your ENJOYWOOD Metal Pegboard panels. Ensure you have a drill, pencil, and level available.

- Plan Layout:** Determine the desired arrangement for your pegboard panels (horizontal or vertical) and mark the mounting hole positions on the wall using a pencil and a level. Use a stud finder to locate wall studs for optimal support if mounting into drywall.
- Drill Holes:** Drill pilot holes at the marked positions. For drywall, insert the provided wall anchors into the drilled holes.
- Mount Pegboard:** Align the pegboard panels with the drilled holes. Insert screws through the washers and then through the pegboard holes into the wall anchors or directly into wall studs. Tighten screws until the panels are securely affixed to the wall.

4. **Attach Hooks:** Once the panels are securely mounted, insert the desired hooks into the pegboard holes to customize your storage.

Installation Steps

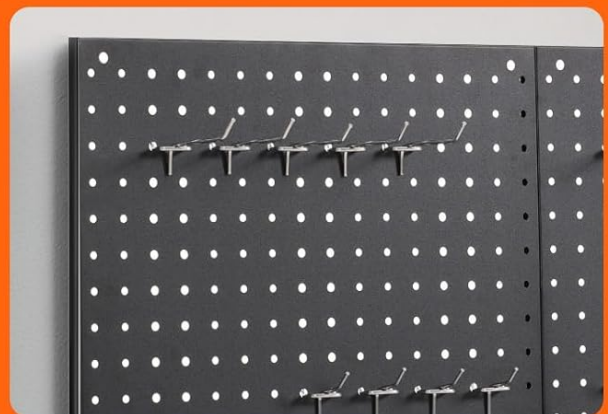

- 1** Mark the mounting hole positions on the wall with a pencil and level

- 2** Drill holes and then drive wall anchors into the wall

- 3** Use screws and washers to attach the pegboard to the wall

- 4** Add hooks or other accessories on the pegboard

4. OPERATING INSTRUCTIONS

The ENJOYWOOD Metal Pegboard is designed for flexible and customizable storage. Once installed, you can arrange the included hooks and other compatible accessories to suit your organizational needs.

- **Hook Placement:** Insert the provided 1.5-inch short hooks and 3-inch long hooks into any of the pegboard holes. The dual-size holes accommodate various hook types.
- **Weight Distribution:** While each panel can support up to 88 lbs, distribute weight evenly across the panel to ensure stability and longevity.
- **Customization:** Utilize the modular design to combine panels for larger storage areas or separate them for multiple smaller zones.

Figure 4.2: Modular Arrangement. This image illustrates a horizontal arrangement of two pegboard panels, ideal for workbench organization.

5. MAINTENANCE

To ensure the longevity and appearance of your ENJOYWOOD Metal Pegboard, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the pegboard panels with a soft, damp cloth to remove dust and dirt. Avoid abrasive cleaners or harsh chemicals that could damage the powder-coated finish.
- **Rust Prevention:** The powder-coated surface is designed to be moisture-proof and rust-proof. However, avoid prolonged exposure to excessive moisture or corrosive substances to maintain its integrity.
- **Hardware Check:** Periodically check the mounting screws and anchors to ensure they remain tight and secure. Retighten if necessary.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Pegboard feels loose on the wall.	Mounting screws are not fully tightened or wall anchors are not properly installed.	Ensure all screws are securely tightened. If using wall anchors, verify they are fully expanded and seated correctly. Consider relocating if the wall material is insufficient.
Hooks do not fit properly.	Incorrect hook size or improper insertion.	Ensure you are using hooks compatible with 1/4" or 1/8" holes. Insert hooks firmly and straight into the holes.
Panel appears warped or bent.	Excessive weight concentrated in one area or improper installation.	Distribute weight evenly across the pegboard. Ensure the panels are mounted on a flat surface. If damage occurred during shipping, contact customer support.

7. SPECIFICATIONS

Feature	Detail
Model Number	PB0102
Material	Alloy Steel
Color	Black
