## ULANZI MA05

# Ulanzi MA05 Universal Phone Cage Instruction Manual

Model: MA05

## INTRODUCTION

The Ulanzi MA05 Universal Phone Cage is designed to enhance your smartphone videography and photography experience. This versatile rig provides a stable platform for your mobile device, allowing for both horizontal and vertical shooting orientations. It features multiple mounting points for accessories like microphones and LED lights, and includes a Bluetooth remote control for convenient operation. This manual provides essential information for the setup, operation, and maintenance of your MA05 phone cage.

## WHAT'S IN THE Box

Please check the package contents to ensure all items are present:

- 1 x Ulanzi MA05 Universal Phone Cage
- 1 x Bluetooth Remote Control

## PRODUCT FEATURES

- **Universal Compatibility:** Designed to fit smartphones with widths between 58mm and 89mm.
- **Dual Shooting Modes:** Easily switch between horizontal (landscape) and vertical (portrait) orientations.
- **Stable Design:** Provides enhanced stability for smoother video recording and sharper photos.
- **Bluetooth Remote Control:** Includes a wireless remote with a 10-meter range for hands-free operation.
- **Expandable Mounts:** Features multiple cold shoe mounts and 1/4"-20 threaded holes for attaching external lights, microphones, and other accessories.

## SETUP GUIDE

### 1. Mounting Your Smartphone

1. Locate the adjustable phone clamp in the center of the cage.
2. Gently pull the spring-loaded clamp open to its maximum width.

3. Carefully insert your smartphone into the clamp, ensuring it is securely held. The clamp accommodates phones from 58mm to 89mm wide.
4. Ensure the phone is centered for optimal balance.

## 2. Switching Between Horizontal and Vertical Shooting

The MA05 cage allows for quick transitions between horizontal and vertical orientations:

- To switch, simply rotate the entire cage with the phone mounted. The design allows for stable holding in both orientations.
- Ensure any attached accessories are positioned appropriately for the chosen orientation.

### 3. Connecting the Bluetooth Remote Control

1. Ensure the Bluetooth remote control has a working battery.
2. Turn on the remote control (usually by pressing and holding a button until an indicator light flashes).
3. On your smartphone, go to Bluetooth settings and search for available devices.
4. Select the remote control (it may appear as "Ulanzi Remote" or a similar name) to pair.
5. Once paired, you can use the remote to trigger your phone's camera shutter or start/stop video recording.

#### 4. Attaching Accessories

The MA05 cage features multiple cold shoe mounts and 1/4"-20 threaded holes for attaching accessories:

- **Cold Shoe Mounts:** Slide compatible accessories (e.g., LED lights, microphones) into the cold shoe slots located on the top and sides of the cage.
- **1/4"-20 Threaded Holes:** Use these standard threads to attach the cage to tripods, monopods, or other mounting arms. They can also be used for additional accessory mounts.

## OPERATING INSTRUCTIONS

- **Stable Grip:** When holding the cage, use both hands on the side handles for maximum stability, especially during movement.
- **Remote Control Usage:** The Bluetooth remote allows you to start/stop recording or take photos without touching your phone, minimizing camera shake. Ensure it is within the 10-meter operating range.
- **Accessory Management:** Before starting a shoot, ensure all attached accessories (lights, mics) are securely fastened and powered on if required.
- **Orientation Changes:** For dynamic shots, practice smooth transitions between horizontal and vertical orientations while maintaining a steady grip.

## MAINTENANCE

- **Cleaning:** Wipe the phone cage with a soft, dry cloth to remove dust and fingerprints. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the cage in a cool, dry place away from direct sunlight and extreme temperatures.
- **Inspection:** Periodically check all screws and moving parts for tightness. Do not overtighten.

## TROUBLESHOOTING

---

- **Phone not fitting:** Ensure your smartphone's width is within the 58mm-89mm range. Do not force the phone into the clamp.
- **Bluetooth remote not connecting:**
  - Check if the remote's battery is charged or needs replacement.
  - Ensure Bluetooth is enabled on your smartphone.
  - Try unpairing and re-pairing the remote in your phone's Bluetooth settings.
  - Ensure the remote is within the 10-meter range of your phone.
- **Accessories not attaching securely:** Ensure accessories have compatible cold shoe mounts or 1/4"-20 threads. Tighten mounting screws appropriately.

## SPECIFICATIONS

---

<b>Brand</b>	ULANZI
<b>Model Number</b>	MA05 (Item model number: ulanzi-m007gb1)
<b>Product Dimensions</b>	5 x 5 x 28 cm (50 x 50 x 280 Millimeters)
