- **Glass-Top Drawers:** Utilize the transparent glass-top drawers for displaying and organizing jewelry, watches, sunglasses, or other delicate accessories. The integrated trays help keep items neatly separated.
- **Soft-Close Drawers:** All eight drawers feature soft-close mechanisms for quiet and smooth operation. Avoid forcing drawers shut; allow the mechanism to engage naturally.
- **Open Shelving:** The open shelves are ideal for storing handbags, shoes, folded clothing, decorative boxes, or other frequently accessed items. Arrange items to maintain balance and prevent tipping.
- **Surface Use:** The glass-top surface can be used for folding laundry, styling outfits, or as a display area for decorative items. Avoid placing hot items directly on the glass without protection.
- **Dual-Opening Drawers:** Some drawers may be designed for access from both sides of the island, offering convenience in a walk-in closet setting.

- **Cleaning Wood Surfaces:** Wipe wood surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish. Dry immediately with a clean cloth.
- **Cleaning Glass Top:** Use a standard glass cleaner and a soft, lint-free cloth. Spray cleaner onto the cloth, not directly onto the glass, to prevent liquid from seeping into seams.
- **Spills:** Clean spills immediately to prevent staining or damage to the wood finish.
- **Sunlight:** Avoid prolonged exposure to direct sunlight, which can cause fading or discoloration.
- **Humidity:** Maintain a stable humidity level in the room to prevent warping or cracking of wood components.
- **Hardware:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary.
