Assembly Steps:

1. **Unpack Components:** Carefully unbox all components and verify against the parts list provided in the separate installation manual. Ensure all parts are present and undamaged.
2. **Assemble Frame:** Follow the step-by-step diagrams in the installation manual to assemble the steel frame. Pay close attention to the orientation of the legs and crossbars.
3. **Attach Desktop Sections:** Securely attach the desktop sections to the assembled frame using the provided screws. Ensure the sections are aligned properly to form the L-shape.
4. **Install Control Box and Motor:** Connect the control box and motor according to the wiring diagrams. Ensure all cables are securely plugged in.
5. **Attach Control Panel:** Mount the control panel to the underside of the desk in an easily accessible location.
6. **Cable Management:** Utilize the included cable management accessories (hooks, tray) to organize and secure all power and data cables.
7. **Final Check:** Before plugging in, double-check all connections and ensure all screws are tightened.

For detailed visual guidance, refer to the video guides available on the FEZIBO official website or product page.

3. OPERATING INSTRUCTIONS

Your FEZIBO L-shaped standing desk features an electric height adjustment system with memory presets and a collision-avoiding feature for safe and convenient operation.

Memory Presets:

The desk features 3 preset buttons (1, 2, 3) to store and recall your preferred sitting and standing heights.

- **To Save a Preset:** Adjust the desk to your desired height. Press the 'M' button, then press one of the number buttons (1, 2, or 3) within 3 seconds. The LED display will show 'S-' followed by the number, indicating the height is saved.
- **To Recall a Preset:** Simply press the corresponding number button (1, 2, or 3). The desk will automatically move to the saved height.

Collision-Avoiding Feature:

The desk is equipped with a collision-avoiding sensor. If the desk encounters an obstacle while adjusting height, it will automatically stop and reverse slightly to prevent damage or injury.

Child Lock Safety:

To prevent accidental adjustments, especially by children, the control panel includes a child lock feature. Refer to the detailed installation manual for instructions on how to activate and deactivate the child lock.

4. KEY FEATURES

Ample Workspace:

With a generous 75"x63" L-shaped desktop, this desk provides extensive space for multiple monitors, laptops, and other office accessories, making it ideal for home office and gaming setups.

6. MAINTENANCE

Regular maintenance will help prolong the life and performance of your FEZIBO standing desk.

- **Cleaning:** Wipe the desktop and frame with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Cable Management:** Periodically check and reorganize cables to prevent tangles and ensure smooth operation of the desk's moving parts.
- **Screw Tightness:** Over time, screws may loosen. Periodically check and tighten all assembly screws to maintain stability.
- **Obstacle Clearance:** Ensure there are no obstructions above or below the desk when adjusting its height to prevent damage to the desk or surrounding objects.

7. TROUBLESHOOTING

If you encounter any issues with your FEZIBO standing desk, refer to the common troubleshooting steps below:

- **Desk Not Moving:**
 - Check if the power cord is securely plugged into both the desk and the wall outlet.
 - Ensure the control box cables are properly connected.
 - If the desk has a child lock, ensure it is deactivated.
- **Uneven Movement / Lopsided:**

- This may indicate a synchronization issue. Refer to the detailed manual for instructions on how to reset and re-synchronize the desk's motors.
- Ensure the desk is not overloaded beyond its maximum weight capacity.

- **Error Codes on Display:**

- If an error code appears on the LED display, consult the specific error code section in your detailed installation manual for solutions.
- Often, unplugging the desk for 10-15 minutes and then plugging it back in can resolve temporary errors.

- **Noise During Operation:**

- A slight motor hum is normal. If the noise is excessive or unusual, check for any obstructions or loose components.

If these steps do not resolve the issue, please contact FEZIBO customer service for further assistance.

8. WARRANTY AND SUPPORT

FEZIBO is committed to providing high-quality products and excellent customer service. Your FEZIBO 75x63 L Shaped Standing Desk comes with a manufacturer's warranty covering defects in materials and workmanship.
