Benzara BM333323

Benjara Dee Modular Freestanding Walk-in Closet

MODEL: **BM333323**

Brand: Benzara

Introduction

This manual provides detailed instructions for the assembly, setup, operation, and maintenance of your Benjara Dee Modular Freestanding Walk-in Closet. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

The Benjara Dee Modular Walk-in Closet is a versatile storage system designed to organize clothing, shoes, and accessories. It features a durable composite wood construction and a modular design, allowing for flexible arrangement to suit various spaces and storage needs.

Safety Information

- **Adult Assembly Required:** This product contains small parts and requires adult assembly. Keep children away during assembly.
- **Weight Capacity:** Do not overload shelves or hanging rods. Exceeding weight limits can cause damage or injury.
- **Stability:** Ensure the unit is placed on a flat, level surface. If the unit feels unstable, recheck assembly steps.
- **Tip-Over Prevention:** While designed as freestanding, consider securing the unit to a wall using appropriate hardware (not included) for added stability, especially in homes with children or pets.
- **Careful Handling:** Exercise caution when moving the assembled unit to prevent damage or injury.

Package Contents

Before beginning assembly, verify that all components are present and undamaged. If any parts are

missing or damaged, do not proceed with assembly. Contact customer support for assistance.

- Modular Closet Panels (various sizes for sides, tops, bottoms, and shelves)
- Six (6) Drawers (components for assembly)
- Four (4) Shelves
- Three (3) Hanging Rods
- Hardware Pack (screws, dowels, cam locks, drawer slides, etc.)
- Assembly Instructions Manual

Assembly Instructions

Assembly of the Benjara Dee Modular Freestanding Walk-in Closet requires two adults. Please follow these steps carefully.

Tools Required:

- Phillips Head Screwdriver
- Hammer (for dowels)
- Measuring Tape

Step 1: Unpack and Identify Components

Carefully unpack all components and lay them out on a clean, soft surface (e.g., a blanket or carpet) to prevent scratching. Identify each part using the provided parts list in your separate assembly guide.

Step 2: Assemble Drawer Units

Begin by assembling the six drawer units. Attach the drawer slides to the side panels of each drawer and the corresponding closet sections. Follow the specific instructions for drawer assembly provided in your separate guide.

Image: A close-up view of the six handleless drawers, illustrating their design and integration into the modular unit.

Step 3: Construct Vertical Frames

Assemble the main vertical frames of each modular section. This typically involves connecting side panels to top and bottom panels using cam locks and dowels. Ensure all connections are secure.

Step 4: Install Shelves and Rods

Insert the four shelves into their designated slots or attach them using shelf pins. Install the three hanging rods into the pre-drilled holes in the upper sections of the closet frames. Ensure rods are firmly seated.

Image: A detailed view of the upper sections of the closet, showing the sturdy black hanging rods installed for clothing.

Step 5: Combine Modular Units

Once individual sections are assembled, carefully position them together to form the complete walk-in closet system. While designed to be freestanding, ensure they are aligned and stable. The modular design allows for various configurations.

Step 6: Final Checks

Verify that all screws are tightened, and all connections are secure. Gently test the stability of the entire unit. Ensure drawers slide smoothly.

Setup

After assembly, position your Benjara Dee Modular Freestanding Walk-in Closet in its desired location. Ensure the floor is level to prevent wobbling. If necessary, use shims under the base to achieve stability. Keep the unit away from direct sunlight and excessive moisture to preserve the engineered wood finish.

Image: The Benjara Dee Modular Freestanding Walk-in Closet with its overall dimensions (83-inch height, 94.2-inch width, 15.7-inch depth) clearly indicated.

Operating Instructions

- **Using Drawers:** The six handleless drawers operate on smooth glides. To open, gently pull from the bottom edge of the drawer front. To close, push firmly until fully seated. Avoid slamming drawers.
- **Using Hanging Rods:** The three horizontal rods are designed for hanging garments on hangers. Distribute weight evenly across the rods to prevent bowing.
- **Using Shelves:** The four shelves provide space for folded clothing, shoes, bags, or other items. Place heavier items on lower shelves for better stability.

Maintenance

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals, which can damage the finish. Dry immediately with a clean cloth.
- **Dusting:** Regularly dust the unit with a dry, soft cloth to prevent dust buildup.
- **Hardware Check:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **Spills:** Clean up spills immediately to prevent moisture damage to the engineered wood.

Troubleshooting

- **Unit is Wobbly:**
 - Ensure the unit is on a level surface. Adjust with shims if needed.
 - Check all assembly hardware to ensure screws and cam locks are fully tightened.
- **Drawers Stick or Don't Close Smoothly:**
 - Verify that drawer slides are correctly installed and aligned.
 - Ensure no items are obstructing the drawer's path.
 - Check if the drawer is overloaded.
- **Missing Parts:**
 - If parts are missing upon unboxing, do not proceed with assembly. Contact customer support immediately with your product model number and a description of the missing parts.

Specifications

Brand	Benzara
Model Name	Dee Walk-in Closet
Model Number	BM333323
Color	Natural Oak Brown
Material	Engineered Wood
Mounting Type	Floor Mount (Freestanding)
